

2021 FORD **BRONCO®** **WILDTRAK™** **4-DOOR**

BY: ARB® 4x4 Accessories

The Bronco First Responder concept build by ARB brings to life a rig to-the-rescue that confidently conquers any terrain to deliver aid.

Medical emergencies can happen anywhere, and this is a build to count on when every second counts. ARB revved up the Bronco's performance with Old Man® Emu BP-51 suspension, a rear Air Locker®, and an on-board air compressor. Nose-to-tail protection accessories including chassis-mounted rock sliders, and color-matched under vehicle protection ensure nothing gets in the way. New from ARB, Intensity IQ driving lights seamlessly accentuate vehicle aesthetics while delivering powerful, fully customizable light. Appearing for the first time on the Bronco, the ARB BASE rack has been fitted to deliver much needed storage, yet allow front vehicle roof panels to be removed.
