

2021 FORD **BRONCO®** **WILDTRAK** **4-DOOR**

BY: SBN

On its 10th anniversary, the SEMA Businesswomen's Network is excited to bring together SBN, Ford and over 125 females to collaborate, connect and wrench on the 2021 Ford Wildtrak Bronco to create an off-roading adventure.

From the vision of the Bronco, to the rendering, to securing all assets needed to create, build and promote this Bronco, it has been female led, female driven and female built! In the 10-year span from the first SBN All Female Build to now, the curiosity and learning to be a part of SBN's build had grown larger than imagined. Over 300 women in this industry wanted to be included in this unique inspirational project. Women from all walks of life have given up their spare time, traveled to Diamond Bar/Detroit/Las Vegas, and often taken themselves into an uncomfortable territory to tackle a new skill. Some of the objectives of this project were to increase awareness of females in the industry, create educational opportunities for volunteers, instill confidence in females and create a larger network for those involved. These goals were reached and surpassed due to all of our volunteers, generous companies that supplied parts and our male allies that supported SBN.

BASE VEHICLE

- 2021 Ford Bronco Wildtrak 4-Door
- 2.7L V6 EcoBoost engine
- 10-speed automatic transmission

POWERTRAIN

- Ford Performance EcoBoost power pack performance calibration

EXTERIOR
