

# 2022 FORD **BRONCO® SPORT BADLANDS™**

BY: Hypertech®

We were excited to be able to create the ultimate off-road experience with a modern version of this heritage off-roading vehicle brand.

Over a half century ago, the Ford Bronco® made its appearance as a trailblazer in off-road adventures. Ford recently re-introduced the Bronco Sport SUV with a modern twist on the rugged style and uncompromising off-road agility long associated with this brand. With this project we sought to capture that spirit and expand it to the Ultimate Base Camp vehicle, taking Bronco off-roading adventures to a whole new level. At the same time, we wanted to achieve this experience while keeping it obtainable and realistic for the average Bronco owner. This custom Bronco Sport Badlands edition combines the best features of this vehicle with affordable creature comforts to create a safe, pleasant experience in the wild!
