

Ford Credit Offers Customers Financial Relief After Natural Disasters

DEARBORN, Michigan – Ford Motor Credit Company has a message for customers recovering from natural disasters: We're here to help.

The company's disaster relief program allows qualified customers to delay one or two monthly payments, resuming their regular payment schedules when their situations improve.

"We care about our customers and we want to help," said Dale Jones, executive vice president, The Americas.

To request disaster relief, customers may call this toll-free number: 1-800-723-4016.

Disaster extensions are available to qualified customers who are buying or leasing vehicles with financing from Ford Credit or Lincoln Automotive Financial Services. Interest may continue to accrue on the deferred payment(s).
