

Vehicle inspection is conducted near the end of your Red Carpet Lease. For added convenience, you can choose an inspection location ideal for you, such as your home or office.

Why is Vehicle Inspection Important?

Vehicle inspection provides detailed information about the condition of your vehicle including an assessment of any Excess Wear and Use. Understanding this assessment before lease-end allows time to arrange for any desired repairs **before** returning your vehicle.

Regardless of whether you plan to have repairs made prior to returning your vehicle, you will be aware of your vehicle's assessed Excess Wear and Use.

How is a Vehicle Inspection Scheduled?

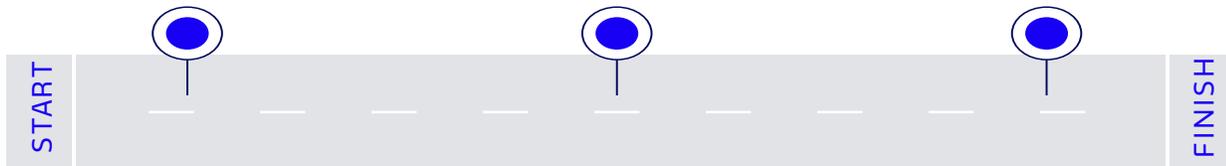

Approximately 60 days before your lease is scheduled to end, you should be contacted by a Vehicle Inspection Company* to arrange both a date and location for your vehicle's inspection. When called, set up your appointment at your earliest opportunity to ensure time, if you choose, to address identified Excess Wear & Use.

What Occurs During a Vehicle Inspection?

- 1** | In preparation for your inspection, clean your vehicle and remove any loose items, particularly in the trunk area. The inspector cannot remove items and needs to move freely during the inspection process.
- 2** | Upon arrival, inspectors will identify themselves with their company* ID and request the vehicle's keys in order to conduct the inspection. We encourage you to take part in the inspection process, if possible.
- 3** | Inspections typically take 30 minutes. During the inspection, your vehicle's interior, exterior, components and electronic components will be checked.
- 4** | When complete, you will receive a Vehicle Condition Report detailing any identified Excess Wear and Use.

What Happens After a Vehicle Inspection?

Review your Vehicle Condition Report. If you choose to make repairs, your Ford Dealer is always available to ensure proper repairs with genuine Original Equipment Manufacturer (OEM) parts. Please retain copies of all repair receipts to verify repairs have been completed.
