THERE’S A WHOLE NEW BREED OF PONY JOINING THE STABLE. INTRODUCING THE ALL-ELECTRIC MUSTANG MACH-E.
The iconic Ford Mustang® DNA is undeniable in this 100% SOUL-STIRRING SUV. The sloping fastback and sequential tri-bar turn signals. That arresting stare. Those seductive haunches. Ford Mustang Mach-E® is easy to recognize. Yet, it's like no other. SPACE FOR 5 and SUV versatility are just a few of the unique traits of this ALL-ELECTRIC PONY.
Beautifully streamlined. **SEAMLESSLY CONNECTED.** Ford Mustang Mach-E comes with an intelligent Access key fob, and the FordPass™ App unlocks Phone As A Key access. Either way, your Mustang Mach-E recognizes you as soon as you get close. Just press the illuminated E-Latch button to release your door. Step into your cabin personalized by up to 3 driver profiles, and experience **THE FUTURE OF EXHILARATION.**

1. FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply. 2. Requires feature activation.
GT
480 HORSEPOWER¹ | 600 LB.-FT. OF TORQUE¹

TARGETED 0-60 IN 3.8 SEC.²³
Paired with an upgraded secondary electric motor, and riding lower than any other Mustang Mach-E model, GT is designed for even more fun through the turns with eAWD. An illuminated Pony badge – unique to GT – stands out above the splitter and air curtains on the lower front fascia. 20” cast-aluminum rims, red-painted Brembo™ brake calipers, and the balanced 50/50 distribution of power all add up to a HEAD-TURNING, HEART-POUNDING EXPERIENCE. The performance-oriented design continues inside, where Miko® sued cloth inserts grace the front seats, which feature Black Onyx ActiveX™ Seating Material with Smoked Copper metallic stitching and piping. GT lettering sets off the front door-sill scuff plates, while the B&O™ Sound System amplifies your audio inspiration on every ride.

GT PERFORMANCE EDITION
480 HORSEPOWER¹ | 634 LB.-FT. OF TORQUE¹

TARGETED 0-60 IN 3.5 SEC.²⁴
Amp things up with the available GT Performance Edition for a truly jaw-dropping ride. We’re talking wider 20” wheels, 245/45R20 Pirelli™ summer-only tires,¹⁹ front brakes and, for ULTRA-QUICK RESPONSIVENESS, the MagneRide® Damping System, which can adjust each damper independently – 1,000 times per second. Inside, the eye-catching Ford Performance front seats are sculpted to embrace you during exhilarating rides, and uniquely trimmed in Performance Gray ActiveX Seating Material with Metal Gray metallic stitching and reflective, perforated Miko inserts. Plus, there’s a unique aluminum appliqué across the instrument panel. This top-of-the-lineup Mustang Mach-E aims to evoke your REBELLIOUS STREAK.

¹. Horsepower and torque are independent attributes and may not be achieved simultaneously. Based on manufacturer calculation using computer engineering simulations. Your results may vary.
². Ford test data based on typical industry methodology using 1-ft rollout. 3. GT equipped with extended-range battery and eAWD. Your results may vary. 4. GT equipped with Performance Edition package including extended-range battery and eAWD. Your results may vary. More info will be available in late 2020 CY. Ford does not recommend using summer tires when temperatures drop to approximately 45°F (7°C) or below (depending on tire wear and environmental conditions), or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires.
Ford Mustang Mach-E® delivers a driving experience like no other Mustang® before it. We’re talking unbridled exhilaration on every drive — courtesy of the all-electric drivetrain with its breathtaking power and torque. It takes less than half a second¹ for the motors that put Mustang Mach-E in motion to reach maximum torque. Electric power-assisted steering and a fully independent suspension designed for lightweight strength work together to channel this thrilling output to the road.

¹. Horsepower and torque are independent attributes and may not be achieved simultaneously. Based on manufacturer calculation using computer engineering simulations. Your results may vary.

EXHILARATION. ELECTRIFIED.

MORE POWER to the pavement. The available electric All-Wheel-Drive (eAWD) System can use the full power of both the front and rear axles to provide impressive acceleration and handling.
All-season adventures. The available eAWD System’s front and rear electric motors can distribute power as needed to help you take on challenging road conditions. To help keep the joy in every ride, you’ll find both traction control and AdvanceTrac® electronic stability control® standard on every Ford Mustang Mach-E®.

1. Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

**DRIVE EXPERIENCES**

Match your drive to your mood. The **UNBRIDLED** mode fuses exciting acceleration and sporty handling with energizing sounds. Dynamic lines in the cluster pulse to the rhythm of your throttle input, while the ambient lighting glows Orange. It’s an exhilarating ride.

**ENGAGE** mode enhances a fun and productive drive with subtle propulsion sounds inside the cabin. The ambient lighting and informative ECO Coach graphics on the digital cluster are both encouraging hues of Blue.

Enjoy the feeling of gliding and coasting with **WHISPER** mode. Teal waves in the cluster ebb and flow with the vehicle’s movement, and there are no driving-related sounds added. It’s a calm, quiet cruise.
Ford Mustang® drivers have been answering the call of the open road for generations – and we want that freedom to continue with Mustang Mach-E®. That’s why California Route 1 models have an EPA-estimated RANGE OF 305 MILES.¹ The Regenerative Braking System can capture more than 90% of the braking energy normally lost during braking and reuse it to recharge the battery.²

Using the One-Pedal Driving mode, you can even ease the vehicle to a STOP WITHOUT TOUCHING THE BRAKE in certain situations.³ Of course, the brake pedal is still the best way to hold the vehicle in place at a complete stop. But THERE’S NO END TO THE FUN you’ll have in your Ford Mustang Mach-E.

Know before you go with the Power My Trip feature on the 15.5” touchscreen in your vehicle, or on the FordPass™ App. It recommends a route based on your battery level and available places to recharge, so your all-electric road trips can be fun and easy.

Peace of mind is yours with complimentary Roadside Assistance⁴ from Ford. If you happen to run out of charge, use the FordPass App to request assistance. Get a tow home, to a public charger, or to an EV Certified Ford dealership.

1. Based on full charge. Range applies to an available configuration. Actual range varies with conditions such as external elements, driving behaviors, vehicle maintenance and lithium-ion battery age and state of health. 2. Results may vary based on driving habits. 3. One-Pedal Driving mode is an extra driving aid. It does not replace the driver’s attention and judgment, or the need to apply the brakes. See owner’s manual for details and limitations. 4. FordPass Connect, the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply. 5. Roadside Assistance is included for certain owners and available to everyone for a per-service fee. Ford reserves the right to change program details without obligations.
1. Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones.

2. Navigation services require SYNC 4 and FordPass Connect, complimentary Connected Service and the FordPass App (see FordPass Terms for details). Eligible vehicles include a 3-year trial of navigation services that begins on the new vehicle warranty start date. Customers must unlock the navigation service trial by activating the eligible vehicle with a FordPass member account. If not subscribed by the end of the complimentary period, the connected navigation service will terminate, and the system will revert to embedded offline navigation. Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply.

3. FordPass Connect and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply. 3. FordPass Connect and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply. 3. FordPass Connect and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply.

4. Requires phone with active data service and compatible software. SYNC 4 does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. 5. Qi wireless charging may not be compatible with all mobile phones.

As it learns your habits, VOICE-ACTIVATED SYNC 4A personalizes the content on the vibrant 15.5” touchscreen. It might show you the quickest route to work on Mondays, or to your favorite hiking spot on Saturday afternoons. With advanced Over-the-Air Update capability, you’ll enjoy QUICK, EASY, WIRELESS UPGRADES to SYNC 4A and much more.
Share the exhilaration of Ford Mustang Mach-E® with YOUR PARTY OF 5. This spacious, well-appointed SUV interior features **PLENTY OF HEAD AND LEG ROOM** and storage spots for your road-trip essentials. Split-fold-flat rear seats make way for cargo inside while the water-resistant front trunk offers washable, drainable **FRONT-LOAD FREEDOM**.

1. Cargo and load capacity limited by weight and weight distribution.
From the driveway to the highway, we can all use more confidence at the wheel. That’s why Ford Mustang Mach-E® offers an extensive, well-rounded collection of standard and available DRIVER-ASSIST TECHNOLOGIES. These advanced features are about supplementing your driving skills. Helping you feel confidently in command.

**FORD CO-PILOT360 2.0**

Changing lanes, backing up and more. These smart standards are designed to help make driving enjoyable.

- Pre-collision assist with automatic emergency braking
- BLIS® (Blind Spot Information System) with cross-traffic alert
- Lane-keeping system
- Reverse sensing system
- Reverse brake assist
- Post-collision braking
- Auto high-beam headlamps
- Rear view camera

**FORD CO-PILOT360 ASSIST 2.0**

Stop-and-go traffic, unexpected challenges, and finding your way with ease. Get help from these standard features:

- Intelligent adaptive cruise control
- Intersection assist
- Evasive steering assist
- Connected built-in navigation system

**AVAILABLE TECHNOLOGY**

Parallel and perpendicular parking, crowded lots and more. Drive confidently with help from these available features:

- 360-degree camera with split view and front washer
- Ford Co-Pilot360 Active 2.0 Prep package
- Active Park Assist®
- Active Drive Assist™ Prep Kit

**PREMIUM.** Rapid Red Metallic Tinted Clearcoat. Available equipment.

1. Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. It does not replace safe driving. See owner’s manual for details and limitations.
2. Navigation services require SYNC® and FordPass Connect. Complementary Connected Service and the FordPass App (see FordPass Terms for details). Eligible vehicles receive a complimentary 3-year trial of navigation services that begins on the new vehicle warranty start date. Customers must unlock the navigation service trial by activating the eligible vehicle with a FordPass member account. If not subscribed by the end of the complimentary period, the connected navigation service will terminate, and the system will revert to embedded offline navigation. Services, features and availability depend on compatible AT&T network availability. Suite of evolving features and services subject to change, so keep up with system updates. For more complete details and limitations, see owner’s manual.
3. Separate payment for feature software required to activate full functionality at that time. 4. Additional charge.
Easy at-home charging options.

You can charge your vehicle’s battery by plugging the included Ford Mobile Charger into a 120V or 240V power outlet. To maximize your home-charging speed, the available Ford Connected Charge Station can provide a full charge overnight. Manage, control and get insight into your charge sessions from the FordPass™ App.

Convenient charging across North America.

Ford Mustang Mach-E owners can enjoy 2 years of complimentary access to pay-as-you-go charging in the FordPass Charging Network® – the largest public charging network in the U.S. offered by automotive manufacturers – with over 13,500 charging stations, including DC Fast Chargers. Use the FordPass App or SYNC® 4A to easily find charging from virtually anywhere.

Fictional charger location. Visit electrifyamerica.com for a full list of Electrify America charging stations.

1. Range and charge time based on manufacturer computer engineering calculations. The charging rate decreases as battery reaches full capacity. Your results may vary based on peak charging times and battery state of charge. Actual range varies with conditions such as external elements, driving behaviors, vehicle maintenance and lithium-ion battery age and state of health.

2. FordPass Connect, the FordPass App, and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. FordPass App, compatible with select smartphone platforms, is available via download. Message and data rates may apply. 3. Complimentary 2-year trial begins with EV New Vehicle Limited Warranty start date. Customer will be billed for all fees including but not limited to fees for use of charging stations and any related parking fees. 4. Based on original equipment manufacturers (OEM)/automotive manufacturers that sell all-electric vehicles and have publicly announced charging networks. Department of Energy data used.

FAREWELL
TO GAS STATIONS AND VEHICLE EMISSIONS.

Confident control on the go.

Plan your road trips with ease using FordPass Power My Trip! You can see where to charge along your route, check charge station power levels and pricing, and even activate charging — all from the touchscreen or the FordPass App. Activate Plug & Charge for seamless charging payments. Pull up, plug in and we’ll take care of the rest.

1. Additional charge.
Ford Connectivity Charge Station provides fast charging at home for your Mustang Mach-E. It can be installed near where you park, inside or out. You can remotely lock and unlock it, get insights on your charge sessions, and track your energy usage, all from the FordPass™ App, or even with Amazon Alexa and Google Assistant™.

New Vehicle Limited Warranty. We want your Ford Mustang Mach-E ownership experience to be the best it can be. Under this warranty, your new vehicle comes with:
- 5-year/60,000-mile Powertrain Warranty coverage
- 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage - all with no deductible.
- Ford Protect is a unique electric components warranty offered during Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 100,000 miles, whichever occurs first. Please ask your Ford Dealer for a copy of these limited warranties.
- 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/ unlimited-mile bumper coverage.
- Powertrain Warranty coverage
- 60,000-mile safety restraint coverage
- 5-year/unlimited-mile corrosion perforation
- 5-year/36,000-mile New Vehicle Limited Warranty

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away. Should you run out of charge, you can choose where you would like to have your vehicle towed. For a charge:
- For a public charging station or an EV Certified Ford Dealership.
- For a dealer to repair.

Ford Protect™ Extended Service Plans. When you purchase your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you piece of mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford Dealerships in the U.S. Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

Ford Credit.® For Ford Credit.® Get the ride you want. Ford Credit has the option that’s right for you. Ask your Ford Dealer for details or visit us online at ford.com/finance.

POTENTIAL TAX INCENTIVES

1. Ford Licensed Accessory 2. Based on full charge. Actual range varies with conditions such as external elements, driving behaviors, vehicle maintenance and lithium-ion battery age and state of health. 3. Ford EPA-stated estimates available in the 2021-2022 Ford. The Federal Tax Credit is a potential future tax savings. The amount of your tax savings will depend on your individual tax circumstances. Please consult with your own tax or legal professional to determine eligibility and specific amount of incentives or rebates available. Incentives and additional rebates are not within the control of Ford. This information does not constitute tax or legal advice.

The 2021 Ford Mustang Mach-E qualifies for the $7,500 Federal Tax Credit. Depending on where you live and your personal tax situation, you may qualify for federal, state and city tax incentives for driving an all-electric vehicle. You can learn more at www.afdc.energy.gov/laws/409.
From day one, we had the future in mind. And over 117 years later, we continue that tradition of innovation with Ford Co-Pilot360™ helping push us closer to autonomous driving, the latest generation of SYNC® to communicate untethered and our first fully electric vehicle – Ford Mustang Mach-E.

We’ve always had our mind on the future. Now we’re building it.

The FordPass™ App

Meet FordPass, the app that puts your ownership experience in the palm of your hand. Connect your Ford Mustang Mach-E® to the app to unlock powerful features.

REMOTE VEHICLE SETUP
Personalize your Mustang Mach-E before it’s even in your driveway. Customize driving preferences, favorite destinations and charge stations. Hit send and they’ll be ready to go before you get behind the wheel.

CONNECT & CONTROL
With the FordPass App and FordPass Connect1 you have access to complimentary remote features including start/stop, lock/unlock, and window controls. Activate Phone As A Key2 and your smartphone replaces your traditional key fob.

CHARGING
FordPass makes charging easy. Plan your trips and access thousands of chargers across the country with the FordPass Charging Network. Manage charging and get insight into your charge sessions right from the FordPass App.

REWARDS
Mustang Mach-E owners will receive 250 kWh of complimentary charging with Electrify America through FordPass Rewards for use at Electrify America fast charging stations. Plus, you earn 22,000 Points to use toward maintenance or accessories.3

Download the FordPass App today.

NOTE: Preproduction computer-generated image shown. Available late 2020. 1. FordPass Connect, the FordPass App and complimentary Connected Service are required for remote features (see FordPass Terms for details). Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. 2. Requires feature activation. 3. Modem must be activated within 60 days of purchase through the FordPass App and remain active for at least 6 months after activation. FordPass Charging Network access must be activated. Complimentary charging expires 2 years from Warranty Start Date. Offer excludes idle fees associated with charging. See dealer for important details.
