BUILT ON PONY POWER.

Open roads. Closed tracks. Long straightaways. This legendary icon thrives on them all. A high-revving celebration of pure American muscle, Ford Mustang is meant to be driven. Hard. Over iconic courses like The Carousel and on any freshly laid strip of blacktop near you. 35 years of legendary Pony cars brings us to the heart-pounding choices below.

The most powerful 4-cylinder engine from any domestic automaker debuts in the 2020 Mustang EcoBoost® with the new 2.3L High Performance Package. And with 760 thunderous horsepower—the all-new Shelby® GT500® is the most powerful street-legal Mustang. EVER. The hard-charging Mustang GT, limited-edition BULLITT®, and GT350® and GT350R round out the lineup.

Ford was built on the belief that freedom of movement drives human progress. It’s a conviction that led Henry Ford and “Spider” Huff to achieve a world-speed record in 1904 with the “999.” And nothing signifies this belief any better than Mustang. So buckle up for the ride of your life. 2020 should be nothing less than breathtaking.

Horsepower rating based on premium fuel per SAE J1349® standard. Your results may vary.
Every Mustang generates its own set of thrills, starting with EcoBoost and ending with the exclamation point that is the all-new 2020 Shelby® GT500.®

From any angle, there’s no mistaking it. The long, seductive hood – and taut, distinctive tail with tri-bar, sequential turn signals – are it. The long, seductive hood – and taut, distinctive tail with tri-bar, sequential turn signals – are it. The low, siren-like, sustainable engine note is the all-new 2020 Shelby® GT500.®

This year, an available new 2.3L High Performance Package includes a unique 2.3L EcoBoost by Ford Performance that’s tuned to deliver 330 horsepower & 350 lb.-ft. of torque producing an astonishing 143 horsepower per liter, and with 90% of peak torque between 2,500 and 5,300 rpm, this pocket rocket enables more usable power and torque for exceptional entry-level performance. This available system provides lightning-quick responsiveness to changing road conditions.

Upgraded handling components from the GT Performance Package enhance the fun. Want more thrills? Add the available EcoBoost Handling Package with its MagnaRide® Damping System, TORSEN® limited-slip rear axle, Pirelli™ Corsa4 summer-only tires, and more.

From fun-to-pedal 6-speed manual, to the unmistakable V8 rumble of Mustang GT, to the 4-wheel, fully independent suspension that delivers precise handling, Ford Mustang is a visceral experience that lifts you out of your day. No wonder Mustang is the best-selling sports car in the U.S.2 As well as the best-selling sports coupe in the world – 4 years in a row. 55 years after taking the World's Fair in New York by storm, this Pony is running strong.

This cabin rocks. Starting with an available B&O Sound System that sends 1,000 watts of digitally processed sound through 12 high-performance speakers, plus a trunk-mounted subwoofer. Steering column: tilts and telescopes to better fit your needs. Even the placement of the short-throw 6-speed manual transmission gear shifter allows for open access to controls. Like toggle switches for the available Selectable Drive Modes. Steering wheel-mounted controls for the available digital instrument cluster. And so much more. Designed and engineered to heighten your connection to the road – Mustang also optimizes your enjoyment of it.

Closed track. Electronic line-lock is intended for track use only. Periodic inspection and maintenance are required. See owner’s manual for information on use.

This available customizable 12” color LCD instrument cluster lets you personalize Mustang as often as you like. Through the steering wheel Pony button, you decide what to display: any combination of 1 to 3 virtual gauges (choose from RPM, Exhaust mode, Track Apps™, a Performance Shift Indicator (3 types with configurable rpm) launch control, and more). Enhance it further with MyColor™. Set your primary, secondary and ambient lighting colors. Like everything else Mustang, the cluster is oh-so-responsive.

**MUSTANG TRACK APPS**

**LIGHT ‘EM UP.** At the track. In the cluster. With standard line-lock, you can ‘heat up’ the Mustang rear tires. While they smoke outside, you’ll see them smokin’ here as well.

**NO STOPWATCH NEEDED.** Record your time and average speed at 3 separate tracks in the Lap Timer. Store up to 100 sessions (a session is 25 laps) in Track Mode.

**1,320 FEET OF EXHILARATION.** The 1/4 mile. The Acceleration Timer shows you how quickly you get there. Start your launch with the iconic ‘Christmas tree’. 3-2-1. Gone!
READY WITH AN ASSIST.

FORD CO-PILOT360™ TECHNOLOGY
From the driveway to the highway, our available driver-assist features are designed to help you feel confidently in command behind the wheel. Equip your Mustang with the available Ford Safe and Smart™ Package, and it can encourage your alertness, help direct you to return to your lane, and even help you keep a preset distance from the vehicle in front of you.

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING
If hazards demand your full attention, BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots. Cross-Traffic Alert helps by alerting and alerting you to traffic behind your vehicle as you’re slowly backing up. Available on EcoBoost® Premium and GT Premium

BLIS® WITH CROSS-TRAFFIC ALERT
Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots. Cross-Traffic Alert helps by alerting and alerting you to traffic behind your vehicle as you’re slowly backing up. Available on EcoBoost® Premium and GT Premium

LANE-KEEPING SYSTEM
It happens. Listening to your favorite podcast, you wander too close to your lane edge. Our Lane Keeping System™ can help during a moment of distraction. If you drift out of your lane, it directs you with steering wheel torque to return, and also alert you through vibration pulses. Today is a busy time and a traffic jam can start. It’s time for a break.

ADAPTIVE CRUISE CONTROL
There are few things as tedious as bumper-to-bumper traffic. Adaptive Cruise Control can help you keep pace on your journey by maintaining your choice of speed and preset gap from the vehicle in front of you. If a potential collision is detected, Forward Collision Warning with Brake Support can flash a warning on the windshield, sound an alarm, and pre-charge the brake system to provide full responsiveness when you do brake.

Included in Ford Safe and Smart Package

RAIN-SENSING WINDSHIELD WIPERS
Sometimes weather changes so quickly. It’s hard to keep up. Now you can set the Rain-Sensing Windshield Wipers to automatically activate and help keep your view ahead clear.

Included in Ford Safe and Smart Package

AUTO HIGH-BEAM HEADLAMPS
Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

Included in Ford Safe and Smart Package

REAR VIEW CAMERA
Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what’s behind your vehicle as you navigate Reverse with more confidence.

Included on every 2020 Mustang

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING
BLIS® WITH CROSS-TRAFFIC ALERT
LANE-KEEPING SYSTEM
ADAPTIVE CRUISE CONTROL
RAIN-SENSING WINDSHIELD WIPERS
AUTO HIGH-BEAM HEADLAMPS
REAR VIEW CAMERA

GT Premium Convertible. Iconic Silver. California Special Package. Available equipment. Other visual features are supplemental and do not replace the driver’s attention, judgment, and need to control the vehicle. Pre-Collision Assist with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace safe driving. See owner’s manual for system limitations. 2022 includes standard integrated blind spot mirrors. Lane Departure System does not control steering.
With seating for up to 4 and Wi-Fi hotspot capability, Ford Mustang welcomes a vast array of smartphones, tablets, gaming systems and computers along for the ride. Plus, you can tap into the best in music, sports, comedy, news and talk with SiriusXM® inside your vehicle and on the go, with a 6-month All Access trial subscription! With our available Voice-Activated Touchscreen Navigation System along, you’ll also enjoy a 5-year subscription to SiriusXM Traffic and Travel Link® services.

**COMMAND IT**
With your voice and choice of display. Available SYNC® voice-activated technology connects your tech with your Mustang. Available SYNC 3 AppLink™ gives you voice control of compatible mobile apps like Waze® and Ford+Alexa. To your phone’s familiar interface on the big screen, take advantage of compatibility with Apple CarPlay® for your iPhone® or Android Auto™ for your Android™ smartphone.

**CONTROL IT**
Monitor and control your vehicle in incredibly powerful ways using the FordPass™ App alone or with FordPass Alexa Skill™ or FordPass Action through Google Assistant™ when equipped with FordPass Connect™. Start, lock and unlock your vehicle from just about anywhere, including right from your wrist with your Apple Watch®. Use your app to find your vehicle, schedule starts, find parking, and check fuel and fluid levels. What you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass App puts it at your fingertips. And, when it’s time to bring your vehicle in for service, the app makes scheduling easy.

**CONNECT IT**
With in-vehicle Wi-Fi. Before the tires cool down, you and your track companions can be posting lap time videos through FordPass Connect™ with 4G LTE Wi-Fi hotspot capability. Its powerful antenna provides the ability to connect up to 10 devices at once inside of Mustang and up to 50' away.

Available equipment shown. All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees, taxes and features are subject to change. SiriusXM satellite service for 2020 model-year Ford vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase. Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Commands may vary by phone and AppLink software. SYNC is available only on vehicles with compatible SYNC 3 and AppLink software. Commands may vary by phone and AppLink software.SYNC and FordPass are available with a subscription. 3rd parties are solely responsible for their respective functionality. Some features may be locked out while the vehicle is in gear. Some features require a 4G LTE data plan. 4G LTE and Wi-Fi services cannot be accessed in areas where cellular service or Wi-Fi service is not available. 4G LTE availability depends on your AT&T network. When equipped with FordPass Connect™, 4G LTE access is provided to the vehicle. Toepass Connect requires a Wi-Fi hotspot subscription and a Wi-Fi connection with select smartphone platforms, is available via a download. FordPass Connect service is required (see FordPass Terms for more information). Message and data rates may apply. Check your availability at https://www.myfordpass.com. FordPass connect is available in certain vehicles and available to everyone for a per-service fee.
TURBOCHARGED TENACITY. Mustang EcoBoost® is designed to custom-fit the way you drive, down to the very last detail. With the addition of the available new 2.3L High Performance Package and available EcoBoost Handling Package, it can also deliver some serious swagger. Choose sleek fastback or drop-top convertible. Try and pick a favorite among 9 different wheel choices, from standard 17” Sparkle Silver-painted aluminum to the available 19” machined-face aluminum rims with low-gloss Ebony Black-painted pockets included with the 2.3L High Performance Package. Also included in that package is the Active Valve Performance Exhaust System, which even lets you customize your EcoBoost exhaust note. From outside to inside to under the hood, there are so many ways you can make Mustang EcoBoost your own.

Ford does not recommend using summer tires when temperatures drop to approximately 45°F or below (depending on tire wear and environmental conditions), or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires.
HEAR IT ROAR. You know when it's coming. And when it leaves you in its dust. That wicked 5.0L V8 acceleration rumble that defines Mustang GT. There's nothing that sounds quite like it. You can even program when you want to keep that signature rumble to a minimum with industry-first Quiet Start – when heading out at 5 a.m., for instance – to keep you in good graces with neighbors. This high-revving V8 features a dual-injection system and plasma transferred wire arc (PTWA) spray-bore cylinder-lining technology to deliver 420 lb.-ft. of torque along with its 460 horsepower. That's just the beginning of its charm. Expect passionate performance from this iconic fastback. Hit the 0–60 mark in under 4 seconds.

GT / GT PREMIUM

With the available GT Performance Package, you’ll get Brembo™ 6-piston front calipers with larger brake rotors, a TORSEN® limited-slip differential, heavy-duty front springs and so much more. Available GT Performance Package Level 2 adds the MagneRide® Damping System and Michelin® Pilot® Sport Cup 2 summer-only tires, as well as track-inspired calibrations for the chassis, springs, sway bar and stability control system. Inside, Premium models add an Angled Brush aluminum instrument panel finish, illuminated door-sill scuff plates and much more. Premium Plus Package interior upgrades include a heated steering wheel, accent-color stitching on the seats, instrument panel, center console lid, wrapped knee bolsters and shifter boot, and more.

Available equipment shown. Ford does not recommend using summer tires when temperatures drop to approximately 45°F or below (depending on tire wear and environmental conditions), or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires.

THIS STABLE BREEDS LEGENDS. Like this limited-edition 2020 BULLITT that will keep you in hot pursuit of all that is Mustang.

480 horsepower from a re-imagined 5.0L V8 with a larger 87-mm throttle body. A 6-speed manual. Only. Content from the GT Premium with the Performance Package.

For demonstration purposes (Remember that famous movie?). Vehicle modified for safety (Never jump your Mustang). Professional stunt driver on a closed course (Again ... NEVER jump your Mustang). Do not attempt (We are not kidding – DO NOT ATTEMPT).

BULLITT and all related characters and elements © & ™ Warner Bros Entertainment Inc. (s19)

Available equipment shown. Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary. Shadow Black available as retail order only.

- 19." x 9." front
- 19." x 9.5." rear
- 5-SPOKE HERITAGE
BUILT FOR PURE EXHILARATION. It’s easy to heel-and-toe the 6-speed manual transmission in the head-turning, heart-pounding GT350® and GT350R.

Keeping your heart rate under control behind the wheel? Much, much harder. Its flat-plane crank 5.2L V8 – producing 526 horsepower – is just one example of its audacious engineering. “Power from the 5.2L V-8 is delivered in a mighty and manageable wave, and there are few things in this world as wonderfully twisted as winding out a Ford Mustang – a Mustang! – to 8,250 rpm. And the noise. My God, the noise,” says AUTOMOBILE Magazine. Inside, GT350 exclusive features include aluminum trim and a flat-bottom steering wheel wrapped in Alcantara® and leather. RECARO® sport front seats trimmed in a mix of Carbon Weave cloth and Miko® inserts help hold you firmly in place – turn after turn.

GT500

IGNITE YOUR SOUL.

There's a lot of fire in the belly of this beast. Introducing the most powerful street-legal Ford Mustang. Ever. 760 horses. 625 lb.-ft. of torque. The 2020 Shelby® GT500® is capable of accelerating from 0–100 mph and back to 0 in 10.6 seconds, quicker than any domestic, production high-powered sports car. It achieves an astounding 350 lbs. of rear downforce at 180 mph when equipped with the Carbon Fiber Track Pack and adjustable rear wing set to Track. Aerodynamically advanced, track-ready, and spitting venom, Mustang Shelby GT500 is engineered to dominate whatever crosses its path. Look for it way out in front.

1 Horsepower and torque ratings based on premium fuel per SAE J1349® standard. Your results may vary.

2 Based on manufacturer testing using Track Mode and using premium fuel per SAE J1349® standard. Your results may vary.

LARGEST COBRA® SNAKE BADGE EVER

OVER 6 SQ. FT. OF FUNCTIONAL HOOD VENT

2.65L EATON SUPERCHARGER

AVAILABLE FRONT SPLITTER WICKERS

AVAILABLE ADJUSTABLE CARBON FIBER REAR WING

VENOMOUS. Even the satin-finish Cobra® badges on the front, sides and rear of the all-new 2020 Shelby GT500® are more outrageous than ever. Ready to strike? Everything about this Mustang speaks to an inner fury that is only satisfied with 0–100–0 and lateral Gs. Starting with the hand-built 5.2L supercharged cross-plane crank V8. It generates so much torque that it required a new computer-controlled TREMEC® 7-speed dual-clutch automatic transmission, which delivers high power and torque transfer, plus smart powertrain controls. Capable of shifts under 100 milliseconds – markedly faster than any manual transmission – the 7-speed dual-clutch automatic is the fastest-shifting production Mustang ever. A muscular hood with a massive louvered vent extracts air quickly for greater downforce and improved cooling. Functional pins help keep the composite hood locked down tight. Whether at the strip, track or on the street, the 2020 Shelby GT500 is engineered to attack – on all fronts.

OPTIONS
Carbon Fiber Track Pack: 20" x 11.0" front and 20" x 11.5" rear exposed carbon fiber wheels; 305/30R20 front and 315/30R20 rear Michelin® Pilot® Sport Cup 2 summer-only tires; 2-way manually adjustable driver and 2-way manually adjustable front passenger seats; exposed carbon fiber GT4 track wing; splitter wickers; and wheel locks

New Vehicle Limited Warranty. We want your Ford Mustang ownership experience to be the best it can be. Under the warranty, your new vehicle comes with 3 years/36,000-mile bumper-to-bumper coverage, 5 years/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage—all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing help may be only a phone call away should you run out of gas, lock yourself out of the vehicle or need a winch back to a paved road, a battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or buy, Ford Credit has the option that’s right for you. Ask your Ford Dealer for details or visit us online at ford.com/finance.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace of mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure. A new insurance product designed just for Ford owners. Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts—it’s a win/win/win. Visit the FordPass mobile app or call 1-833-Ford-183.

American Road Services Company LLC is the licensed insurance agency supporting Ford and Lincoln insurance programs. Ford Protect insurance is underwritten by NatWest Mutual Insurance Company (New Jersey) and is available only to U.S. residents. Ford Insure is underwritten by Nationwide Mutual Insurance Company. Products not available to all persons in all states. Coverage vary by state. Availability varies; program offerings differ in California.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
