C-MAX
STYLE. SPIRIT. SPACE TO SPARE.

Enjoy them all in C-MAX Hybrid and C-MAX Energi Plug-In Hybrid. With a versatile interior, ready for people or cargo, you've found a perfect place to enjoy SYNC® 3 voice-activated technology, now compatible with Apple CarPlay™ and Android Auto™. Fuel-efficient. Fun to drive. It's easy to go further in the 2017 Ford C-MAX.
“The... C-MAX’s responsive handling, smooth ride, sleek interior and long list of features continue to make it a standout...,” said editors at Edmunds.com. Truly engaging to drive, both C-MAX Hybrid and C-MAX Energi Plug-In Hybrid offer 188 combined horsepower. Transfer this power and 129 lb.-ft. of torque to the road with an eCVT (electronically controlled continuously variable transmission).

Switching seamlessly between its 88-kW electric traction motor and 2.0L Atkinson-cycle I-4 gasoline engine, the C-MAX power-split hybrid architecture is powered by a lithium-ion battery. All-electric mode works at speeds of up to 85 mph, since C-MAX engages its engine only as needed to power the battery and to enhance performance. An invigorating drive. Excellent efficiency. The 2017 C-MAX Hybrids bring it all together.
Think of C-MAX Energi Plug-In Hybrid as a “hybrid plus” that gives you the choice to plug in or not. Plugging in helps you plus up to an EPA-estimated 104 city MPGe, an all-electric driving range of up to 20 miles, and a gas-plus-electric driving range of 570 miles. Three selectable Electric Vehicle (EV) modes let you choose which mode to drive in – electric only (EV Now), gasoline only (EV Later), or a combination of battery power and gasoline engine (EV Auto).

Recharge at home in about 7 hours using its LED-illuminated charge port and the standard 120V convenience charge cord. Shorten that time to about 2.5 hours using a Ford-recommended AeroVironment™ 240V home charging station or 240V TurboCord™. The UL-listed, weather-resistant, portable charging station is easy to take with you if you decide to relocate. A hard-wired station is also available.

Easily monitor and schedule charging with the MyFord® Mobile app* and myfordmobile.com website. You can also access battery charge status, lock and unlock your doors, initiate preconditioning of your vehicle cabin, and even locate your vehicle in a crowded parking lot. Download the app on the App Store® and Google Play™.

A REWARDING DRIVING ENVIRONMENT. C-MAX accentuates its comfortable seating for 5 and impressive 99.7 cu. ft. of passenger volume with appealing amenities like leather-trimmed seating, a 10-way power-adjustable driver's seat (class-exclusive on C-MAX Energi) and smart standards like a driver's knee airbag. So you can breathe easy, a cabin air filter helps prevent pollen from entering the vehicle through the class-exclusive dual-zone electronic automatic temperature control.

SiriusXM Radio

Listen to everything you love with SiriusXM®. Get over 150 channels including all genres of commercial-free music, plus every major sport and the best talk, news, comedy and entertainment. And you'll hear it all with a 6-month trial subscription to the All Access package, included with your new C-MAX. So you can rock your ride, plus listen anywhere online and on the SiriusXM app.
MAXIMIZE THE POSSIBILITIES.

It's easy with the best-in-class versatility of the C-MAX family. Loading cargo is convenient with the class-exclusive, hands-free foot-activated liftgate. You can even program its fully opened height to the position that works best for you. Just kick your foot under the rear bumper with your Intelligent Access key fob tucked in a pocket or purse. Sensors detect the motion of your leg and the proximity of the fob, triggering the liftgate to open or close.

The standard 60/40 split rear seat folds down, providing a flat load floor on C-MAX Hybrid. And cargo space is abundant – up to 52.6 cu. ft. inside C-MAX Hybrid and 42.8 cu. ft. inside C-MAX Energi. In-floor compartments behind the front seats discreetly hold small items like your tablet, computer or the standard 120V convenience charge cord. C-MAX is thoughtfully designed for your on-the-go lifestyle.
Smart technology on C-MAX can help with curbside parking, backing up, detecting vehicles in your blind spots, maximizing your efficiency and more. Make parallel parking easier with active park assist. This system not only helps you find a spot, it actually steers the vehicle into place while you control the gear shifter, and brake and accelerator pedals. Help gauge how close something is to the back of your vehicle using the rear view camera, which can display a full-color image on the SYNC® 3 screen. BLIS® (Blind Spot Information System) with cross-traffic alert helps alert you to traffic detected in your blind spots, or when traffic nears either side of the vehicle as you slowly back up.

Inside, empower yourself with real-time feedback from the vibrant green leaves on the standard SmartGauge® with EcoGuide instrument cluster. The more efficiently you drive, the more lush your vine will be — giving you coaching, guidance and confirmation with each drive. The system also includes a Brake Coach to help you optimize your driving range (and grow more leaves) with regenerative braking. Together with EcoSelect, which allows C-MAX Hybrid to operate more efficiently by reducing the amount of power drawn from the vehicle, you can help maximize fuel efficiency. EcoCruise is also included. Steering wheel-mounted controls and a built-in tutorial make it easy to use.
