The name says it all: EXPLORER. And it does just that – empowering adventure-seekers and active families to pack up their gear, load up the gang, and head out. When the 4-door Explorer and 2-door Explorer Sport debuted nearly 3 decades ago, these category-defining vehicles created a new way to travel. Since then, more Explorers have been sold over the last 29 years than any other SUV.¹

In that time, you’ve shared your experiences with us. And we’ve taken that input to heart. Your needs, wants and desires helped us craft this latest generation of the SUV that started it all. And as with those that came before it, we poured our passion, expertise and knowledge into building an Explorer that’s made for you — and your family. By everyone within ours.

Introducing the all-new 2020 Ford Explorer.
AMERICA’S ALL-TIME BEST-SELLING SUV:
ALL-NEW AND BETTER THAN EVER.

ALL-NEW RWD OR 4WD

Dynamic on- and off-road capability (with available intelligent 4WD, optional towing capacity, and the most spacious Explorer interior yet) are just some of the reasons we switched the 2020 Ford Explorer to a new RWD architecture.

DISTINCT MODELS

Make up the broadest Explorer lineup ever.

SPEED TRANSMISSION

Agile, intuitive shift that delivers responsiveness and confident performance on every drive.

DRIVE MODES

Let you match the mode to the road. Available 4WD with the Terrain Management System™ features Selectable Drive Modes (including a Deep Snow/Sand mode). RWD models have 6 modes.

POWERTRAIN CHOICES

Choose the one that best suits you. There’s no “one size fits all” with the all-new Explorer.

EXPLORER HYBRID (RWD) HAS AN EPA-ESTIMATED RANGE OF OVER 500 MILES PER TANK

ST | Available 21" Aluminum Wheels

ST PLATINUM | Available 21" Premium Aluminum Wheels

WHEELS

At current time, for a sportier look, choose the ST Street Pack (shown) or ST High-Performance Pack for available 21" wheels and painted brake calipers.

POWERTRAIN CHOICES

Choose the one that best suits you. There’s no “one size fits all” with the all-new Explorer.

THE MOST POWERFUL Explorer ever. Tuned by engineers at Ford Performance, ST delivers sinister looks, captivating performance and blistering acceleration (0–60 mph in 5.5 seconds).

LIMITED HYBRID | 20" Hard-Polished Aluminum Wheels

LIMITED HYBRID HAS AN EPA-ESTIMATED RANGE OF OVER 500 MILES PER TANK

ST | Available 21" Aluminum Wheels

ST PLATINUM | Available 21" Premium Aluminum Wheels

WHEELS

At current time, for a sportier look, choose the ST Street Pack (shown) or ST High-Performance Pack for available 21" wheels and painted brake calipers.

12.3" DIGITAL INSTRUMENT CLUSTER
Lets you configure the look and function of the gauges you use most frequently. The 7 Selectable Drive Modes of the Terrain Management System™ are confirmed here by beautiful 3D animation. Standard on ST and Platinum.

10.1" LCD CAPACITIVE PORTRAIT TOUCHSCREEN
Provides quick, responsive interaction to your voice or touch prompts. This stunning focal point makes it easy to view navigation map details. Maps (with pinch-to-zoom capability) can fill the entire screen, or the space can be split with audio or incoming call information.

HIGH-PERFORMANCE SPEAKERS
Can transform 800 watts of digitally processed sound from the available B&O Sound System into pure audio bliss.

SCHEDULE YOUR MASSAGE
Available multicontour front seats with Active Motion® provide comfort and stress relief with 5 different massage themes, each with 3 levels of intensity.

DIAL IN SIMPLICITY
A simple turn of the nicely calibrated rotary gear shift dial moves the 10-speed automatic transmission easily from Park to Reverse to Drive.

GO WIRELESS
An available wireless charging pad positioned conveniently in front of the center console armrest lets your phone charge cord-free, yet stay within reach.

Available multicontour front seats with Active Motion® provide comfort and stress relief with 5 different massage themes, each with 3 levels of intensity.

DEVICES
12.3" DIGITAL INSTRUMENT CLUSTER
- You-and-the-drive — connect on the road through standard FordPass Connect™ with 4G LTE Wi-Fi hotspot capability.

HIGH-PERFORMANCE SPEAKERS
Can transform 800 watts of digitally processed sound from the available B&O Sound System into pure audio bliss.

SCHEDULE YOUR MASSAGE
Available multicontour front seats with Active Motion® provide comfort and stress relief with 5 different massage themes, each with 3 levels of intensity.

DIAL IN SIMPLICITY
A simple turn of the nicely calibrated rotary gear shift dial moves the 10-speed automatic transmission easily from Park to Reverse to Drive.

GO WIRELESS
An available wireless charging pad positioned conveniently in front of the center console armrest lets your phone charge cord-free, yet stay within reach.
CLEAN IT EASILY
Place muddy or dirty items on the washable side of the available reversible load floor. Then simply remove it and wash it clean with ease.

STAY CHARGED
Up to 9 available powerpoints, including 2 new USB-C outlets, are located throughout the Explorer interior to help keep everyone’s devices charged and ready to go.

KICK BACK TO RELAX
Available 2nd-row captain’s chairs slide and recline and, on Limited and above, are heated. A “step-over” console between them keeps access to the 3rd-row clear.

AS SPACIOUS AS IT IS SOPHISTICATED.
The all-new 2020 Explorer offers a more spacious interior with increased cargo space compared to the previous generation. With seating for up to 7 passengers in all 3 rows will benefit. Explorer has best-in-class 1st- and 2nd-row hip room and 2nd-row head room. While 3rd-row passengers enjoy unsurpassed head room. Should someone unbuckle their safety belt, a new Belt Monitor System will alert the driver as to which belt is unbuckled through the instrument cluster productivity screen. And thanks to a new dual-wall dashboard between the engine and passenger compartments, as well as acoustic glass for the windshield and 1st-row windows, everyone will enjoy the quietest Explorer cabin ever.

MAX. INTERIOR DIMENSIONS [inches]
First / 2nd / 3rd row
Head room: 40.7 / 40.5 / 38.9
Leg room: 43.0 / 39.0 / 32.2
Hip room: 59.2 / 59.2 / 40.9
Shoulder room: 61.8 / 61.9 / 54.6

FOUR ENGAGING CHOICES.
ONE PUSH FOR ADVENTURE.

[ENHANCED 3.0L ECOBOOST® V6]

THE MOST POWERFUL EXPLORER EVER

Your focus: commanding the 3.0L EcoBoost V6 specially tuned by engineers at Ford Performance to deliver best-in-class V6 horsepower and torque. Your sweet spot behind the leather-wrapped sport steering wheel in Explorer ST. Your family: very lucky.

Standard on ST

[3.0L ECOBOOST® V6]

REFINED POWER

Merging onto the highway. Or passing on a two-lane. You have the capability you need, whenever you need it. Twin turbocharging and direct-injection technology help the 3.0L EcoBoost V6 generate virtually instantaneous power on demand.

Standard on Platinum

[3.3L V6 HYBRID]

HYBRID RANGE — NO HYBRID COMPROMISE

Going the distance? You’ve found your kindred spirit. Explorer Hybrid RWD has an EPA-estimated range of over 500 miles per tank. And with 322 lb.-ft. of total combined system torque, it can tow up to 5,000 lbs.1 Between the 3.3L V6 Ti-VCT engine and torque converter, a powerful electric motor within the 10-speed transmission provides electric drive. So there’s no need to compromise.

Standard on Limited Hybrid

[2.3L ECOBOOST I-4]

ALL-AROUND PERFORMER

The versatility of Explorer is matched by the 2.3L EcoBoost. Its 16-valve DOHC design features a twin-scroll turbocharger, cast-aluminum pistons, and an overboost function that lifts output on every gear change. Plus, more horsepower, 2,300 lbs. more towing capacity2, and a better EPA-estimated fuel economy rating than the previous generation.3

Standard on Explorer, XLT and Limited

MATCH YOUR MODE TO THE ROAD.

Create the ride experience you desire, or the one that conditions demand, with Selectable Drive Modes. Rear-wheel-drive Explorer models offer 6 modes. Available Intelligent 4WD with the Terrain Management System offers 7 modes you can switch between with the turn of a dial. Visual confirmation on ST and Platinum models comes in the standard 12.3” digital instrument cluster. 3D animations (shown) change based on which drive mode is selected.

Normal
You’ll probably spend the most time here. Ideal for everyday driving on wet or dry paved roads. A balance of excitement and convenience.

Sport
Increases throttle response, provides quicker shifts for a more aggressive feel, and allows the transmission to hold shifts longer for a performance-oriented feel when driving. For more “sporty” on-road driving.

Tow/Haul
Moves upshifts to higher engine speeds to reduce the transmission shift frequency when towing. It also provides engine braking in all forward gears to slow the vehicle and assist in control when descending a grade.

Eco
Exactly as it sounds. Helps maximize efficiency and increase driving range.

Slippery
For better handling on surfaces covered with ice, water, grass or gravel. This mode adjusts the pedal response and traction control.

Sandsnow/Sand
Adjusts the transmission shift schedule, pedal response, traction control and driveline configuration for better handling in deep snow and sand. Included with available Intelligent 4WD only.

Trail
Adjusts the transmission shift schedule, pedal progression, traction control and driveline configuration for better handling on muddy, rutted, soft or uneven terrain.

Available equipment.
FORD CO-PILOT360™ TECHNOLOGY
READY WITH AN ASSIST.

From the driveway to the highway, our standard and available driver-assist features are designed to help you feel confidently in command. Even more inspiring: the all-new 2020 Ford Explorer has more available driver-assist features than any other vehicle in its class.

FORD CO-PILOT360
Standard on every 2020 Explorer

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING
We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don’t take action, brakes can apply automatically. It’s designed to only activate when needed.

BLIS® WITH CROSS-TRAFFIC ALERT
Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots. Cross-Traffic Alert helps by detecting and alerting you to traffic behind your vehicle as you’re slowly backing up.

LANE-KEEPING SYSTEM
If happens. Listening to your favorite podcast, you wander too close to your lane’s edge. Our Lane-Keeping System can help by keeping a moment of distraction. If you drift out of your lane, it directs you with gentle steering corrections to help you stay in the lane.

AUTO HIGH-BEAM HEADLAMPS
Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

ACTIVE PARK ASSIST 2.0
Never pass up a potential parking space again. Active Park Assist 2.0 makes it easy to park time after time – even in tight parallel or reverse perpendicular spots. After the system locates a potential spot, all you have to do is brake to a complete stop, shift into Neutral and hold down the Active Park Assist button – Explorer takes care of the rest. Park Out Assist with side-sensing capability can help you confidently navigate out of a spot when someone’s parked too close.

INTELLIGENT ADAPTIVE CRUISE CONTROL
This next-level cruise control system helps you keep pace on your journey and can slow down or stop your vehicle if the traffic ahead has slowed or stopped. When things clear, it can resume your set speed. Lane Centering helps keep Explorer between the lines, while new Speed Sign Recognition can “read” posted speed limit signs and adjust the set speed to those limits.

EVASIVE STEERING ASSIST
You’ve all experienced it. Traffic is rolling along smoothly when suddenly, a vehicle in your path is stopped. To help avoid a potential collision, EvasiveSteering Assist can provide extra assist to help you quickly clear the area.

VOICE-ACTIVATED NAVIGATION
Taking the wrong exit can put a serious dent in your day. Stay confidently on course with our Voice-Activated Touchscreen Navigation System, which features SiriusXM Traffic and Travel Link® services to help you avoid traffic, find fuel (gas or java), and so much more.

REVERSE BRAKE ASSIST
Helps give you more confidence backing up. If you don’t notice a hazard on the Rear View Camera view, Reverse Brake Assist can automatically apply the brakes to prevent a potential collision.

INTELLIGENT ADAPTIVE CRUISE CONTROL
This next-level cruise control system helps you keep pace on your journey and can slow down or stop your vehicle if the traffic ahead has slowed or stopped. When things clear, it can resume your set speed. Lane Centering helps keep Explorer between the lines, while new Speed Sign Recognition can “read” posted speed limit signs and adjust the set speed to those limits.

With seating for up to 7 and Wi-Fi hotspot capability, Ford Explorer welcomes a vast array of smartphones, tablets, gaming systems and computers along for the ride. Plus, you can tap into the best in music, sports, comedy, news and talk with SiriusXM® inside your vehicle and on the go, with a 6-month All Access trial subscription. With our available Voice-Activated Touchscreen Navigation System, you’ll also enjoy a 5-year subscription to SiriusXM Traffic and Travel Link® services.

1
With our available Voice-Activated Touchscreen Navigation System, you’ll also enjoy a 5-year subscription to SiriusXM Traffic and Travel Link® services.

COMMAND IT
With your voice and your choice of display, SYNC® 3 voice-activated technology connects your tech with your Explorer. SYNC 3 AppLink® (shown) gives you voice control of compatible mobile apps like Waze and Ford+Alexa. Voice-activated navigation on the touchscreen, take advantage of compatibility with Apple CarPlay® for your iPhone® or Android Auto™ for your Android™ smartphone.

CONTROL IT
Monitor and control your vehicle in incredibly powerful ways using the FordPass™ App alone or with FordPass Alexa Skill® or FordPass Action through Google Assistant™ when equipped with FordPass Connect™. Complementary remote features let you start, lock and Unlock your vehicle from just about anywhere, including right from your wrist with your Apple Watch®. Use your app to find your vehicle, schedule starts, find parking, and check fuel and fluid levels. When you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass App puts it at your fingertips. And, when it’s time to bring your vehicle in for service, the app makes scheduling easy. Enjoy access to convenient services like Key by Amazon In-Car Delivery™ and peace of mind knowing roadside assistance is just a call or e-request away.

CONNECT IT
With in-vehicle Wi-Fi. Before the mud dries on your boots, you and your road-trip companions can be posting adventure videos through FordPass Connect™ with 4G LTE Wi-Fi hotspot capability. This powerful antenna provides the ability to connect up to 10 devices at once—inside of Explorer and up to 50’ away.

Available equipment shown. All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. If you, your content and features are subject to change. Traffic, information and other services are provided by AT&T and available in the 48 contiguous United States. FordPass Service is available for 2020 model year Ford vehicles not available in Puerto Rico. SiriusXM satellite service for 2020 model year Ford vehicles is not available in Puerto Rico; SiriusXM streaming service is available for purchase.

2
Don’t drive while distracted. Use only operated systems when possible. Don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear or if vehicle is stationary. Reduce risk of accidents by completely focusing on the task at hand and your surroundings. FordPass Connect service includes a Wi-Fi hotspot, however not all vehicles, locations, or data services are supported. Service availability may be limited in areas with low vehicle density, in-cabin Wi-Fi service is available up to 500 MB of data per month and includes 7 GB per month of Wi-Fi service. Wi-Fi service is available for 12 months or up to 10,000 MB of data per month, whichever comes first.

3
Commands may vary by phone and AppLink software.

4
Waze is available via iPhone with SYNC 3 and on Android Auto™. Commands may vary by phone and AppLink software. Alexa requires available SYNC 3 AppLink. Certain Alexa functionality is dependent on smart phone and home technology. Don’t drive while distracted or while using handheld devices. Use voice controls. Some features may be locked out while the vehicle is in gear.

5
Requires device with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality.

6
Don’t drive while distracted or while using handheld devices. Use voice controls. Certain Alexa functionality is dependent on smart phone and home technology.

7
FordPass Connect (optional on select vehicles), the FordPass App, and Complimentary Connected Services are required for remote features (see FordPass Terms for details). Connected Service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of remote features. Directions may be routed to the closest available dealer. Directions may also be routed to a FordPass Connect capable vehicle. Certain remote features require compatible smartphone platform, Wi-Fi service and data plan (data plan by AT&T is available via a download. FordPass Connect service required to use FordPass Terms for more information. Message and data rates may apply. Check your availability at https://amzn.to/2JnYMtz. Alexa requires an Amazon Echo device and home network. Alexa and compatible Alexa enabled products sold separately.

8
FordPass App, compatible with select smartphones, is available via a download. FordPass Connect service required (see FordPass Terms for more information). Message and data rates may apply. Check your availability at https://amzn.to/2JnYMtz. Alexa and compatible Alexa enabled products sold separately.

9
Roadside assistance is included for certain owners and available to everyone for a per-service fee.

10
Don’t drive while distracted or while using handheld devices.

*Don’t drive while distracted. Use a hands-free device to operate your mobile phone. The availability of specific features and applications varies by phone and wireless provider. Use voice controls when possible. FordPass Connect service includes a Wi-Fi hotspot, however not all vehicles, locations or data services are supported. Service availability may be limited in areas with low vehicle density, in-cabin Wi-Fi service is available up to 500 MB of data per month and includes 7 GB per month of Wi-Fi service. Wi-Fi service is available for 12 months or up to 10,000 MB of data per month, whichever comes first.
Each day starts a new adventure. Often, multiple adventures. We designed Explorer to quickly adapt. Home improvement project to start the morning? Achieve maximum cargo room by folding the 2nd- and 3rd-row seats flat. Afternoon foursome? Explorer can accommodate 4 sets of golf clubs behind the folded 3rd-row seats. With the available PowerFold feature, folding them down is as simple as pressing a button. Whatever the day brings, Explorer adapts right along with you.

OUTFIT YOUR ADVENTURES
To turn your Explorer into a launch pad for adventure, a unique collection of Yakima® accessories is available and can be installed before vehicle delivery. Shop the complete collection at www.accessories.ford.com.

LOAD IT CONVENIENTLY
A simple kick of your foot beneath the Explorer rear bumper opens or closes the available hands-free, foot-activated liftgate. Incredibly helpful when your hands are full.

STEP UP EASILY
Convenient step pads near the base of the 2nd-row outboard seats make it easier to load additional cargo securely to the available raised rails and crossbars on the roof.

ENHANCEMENTS INSPIRED BY YOU.

In meticulously recrafting Explorer, we took notes and gathered suggestions from our toughest critics: you. Poring over chat rooms and social media posts, Ford engineers also hosted field clinics and forums to find out what you loved – and what you didn’t – about previous Explorer models. By focusing on your needs, we devised solutions like these to elevate your 2020 Explorer experience to a whole new level of satisfaction.

Versatile seating and distinctive options define the adaptable XLT, our most popular Explorer. New E-Z Entry 2nd-row captain’s chairs feature a handy step-over center console between them, as well as access to dual smart-charging USB ports. These join functional standards like a leather-wrapped steering wheel, and step pads in the 2nd row that allow you easier access to the roof to add cargo there if necessary. Make XLT your own with an available twin-panel moonroof, available 20” polished aluminum wheels, or available high-and-synthetic ActiveX® seating material. To add even more Ford Co-Pilot360™ Technology to your drive, choose available Ford Co-Pilot360 Assist+.

XLT INCLUDES SELECT EXPLORER FEATURES, PLUS:

18" 5-SPOKE SPARKLE SILVER-PAINTED ALUMINUM STANDARD

20" POLISHED ALUMINUM+ AVAILABLE
If convenience matters most to you, Explorer Limited is engineered to help. E-Z Entry 2nd-row captain’s chairs with power-assist fold feature help make access to the 3rd row effortless. To easily load packages in its spacious cargo area, just wave your foot under the hands-free, foot-activated liftgate. Navigate tight spots easily by looking to the 360-Degree Camera with Split-View Display. Charge your mobile phone, cord-free, with the convenient wireless charging pad. 2nd-row sunblinds help keep children in the shade, while heated outboard seats help keep them comfortable. A B&O Sound System features 12 high-performance speakers. Crank it up. Move out.
LIMITED HYBRID

Are long road trips how you recharge? Then Limited Hybrid is the Explorer for you. The 2020 Ford Explorer Hybrid RWD has an EPA-estimated range of over 500 miles per tank. So there’s plenty of country to see from your leather-trimmed, heated and ventilated front seats. Active noise control helps keep your environment serene by using strategically placed microphones throughout the cabin to detect unwanted frequencies, then pumping opposing sound waves through the audio system to cancel them out. Towing capacity of 5,000 lbs gives you the power to bring your toys along for the ride. Enjoy Explorer Limited amenities. Hybrid benefits. Available off-road capability. With no compromise. Get out there – and don’t look back – in the 2020 Limited Hybrid.
You need SUV functionality. You crave all-out performance. There’s only one choice. The tightly wound, 400-hp Explorer ST, tuned by engineers at Ford Performance. It has all the goods: a specially tuned 3.0L EcoBoost® V6 engine with 415 lb.-ft. of torque; a sport-tuned suspension; as well as a Sport Mode in the Intelligent 4WD with Terrain Management System™ that delivers an even more engaging driving experience. Plus, all the functionality to get everyone and their gear comfortably to the next family adventure. Just punch the accelerator and head out. It’s ST time.
When it’s all about luxury, you’re ready for Platinum. Satin-aluminum accents brighten the exterior. Inside, door-trim inserts, door and front-console armrests, plus the instrument panel top are all leather-trimmed. Luxury leather-trimmed seats with Tri-Diamond perforated inserts feature accent stitching and Platinum logo embroidery on the seat backs. Add the Premium Technology Package for a stunning 10.1” portrait touchscreen, multicontour front seats with Active Motion® and a 980-watt, 14-speaker B&O Sound System. Your most enchanting Explorer road trip starts in Platinum.
Limited in Iconic Silver accessorized with hood deflector, side window deflectors, and roof-mounted cargo basket.

Ford Original Accessories. They are warranted for whatever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper warranty, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile Powertrain Warranty coverage, and 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage—all with no deductible. Ford certified electric vehicles are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 100,000 miles, whichever occurs first. Please ask your Ford Dealer for a copy of these limited warranties.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need a winch back to a paved road, or battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit.Gets the job you want. Whether you plan to lease or buy, Ford Credit has the options that fit your needs. Ask your Ford Dealer for details or visit us online at ford.com/finance.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada, and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure. A new insurance product designed just for Ford owners. Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts—15% a day with Drive™. Visit the FordPass mobile app or call 1-833-Ford-183.

Ford Extended Service Plans (ESP) are a Ford authorized service company. ESP is authorized to carry out Ford Motor Company engineering requirements. Colors are representative only. See your dealer for complete details on roof-rack load limits.
From day one, we had the future in mind. And for over 116 years, we’ve focused on improving your freedom of movement, by making it possible for hardworking, everyday people to own a vehicle. One that’s well built. That you’re proud to drive. Born in Detroit, made in America¹ and famous worldwide:

We are the Ford Motor Company.

Your mobility is at the center of everything we do.

And we’re excited to be designing and building smart vehicles that work for you. It’s why we put our family name on every one. From our founding members, to our Ford family of employees around the globe, we work with pride. We build with care.

For you – and your family. By everyone in ours.

¹Made in the USA with domestic and foreign parts.
