This is about way more than a pickup truck. It’s about you. Exercising your freedom. Getting out there. Finding more places to breathe. Deeply. And recharging yourself. With the kinds of challenging—and rewarding—activities you can fun. You’ve got the spirit and determination. Now, it’s time to get the gear: the 2020 Ford Ranger.

Backed by over 116 years of innovation, Ranger is built for the freedom-seekers of America. It continues the proud Ford tradition of building vehicles for those with adventure in their hearts. We’ve been doing it since long before the interstate even existed. And we intend to keep doing it for the long haul.
There’s no doubt the 2020 Ford Ranger meets the legendary standards of Built Ford Tough®.

For starters, the backbone of every Ranger is a fully boxed, high-strength-steel frame with 6 rugged crossmembers. It works together with the steel front bumper and a frame mounted rear tow bar to provide a solid foundation for your off- and on-road adventures. In the FX4 Off Road Package, you’ll find a steel bash plate and steel skid plates that are mounted directly to the frame – so they can take the hit. Not your radiator, transfer case or steering gear.

Ranger also gets a double-wishbone front suspension with rugged coil springs and front monotube shocks to help optimize ride and handling. Rear parabolic leaf springs help provide the right mix of ride quality, durability and capability.

Rest assured, we developed this Ranger specifically for North American truck buyers. So it’s got all the toughness it takes to get to your adventures.

We torture every component – from its high-strength-steel frame to its EcoBoost® engine to its cloth or available leather seating surfaces – to help ensure Ranger is ready for any season and nearly any terrain.

TOUGHNESS RUNS DEEP IN ITS DNA.
**TURBOCHARGED ADVENTURE MACHINE.**

As one of the most versatile and powerful gas powertrains in the Midsize Pickup class, the 2.3L EcoBoost® paired with its 10-speed partner is the only powertrain Ranger needs. The engine’s 19-valve design features chain-driven dual overhead cams, a twin-scroll turbocharger, and an ‘overboost’ function that lifts output on early gear change. The 10-speed SelectShift® automatic, featuring Ford patented technology, optimizes gear progressions and delivers quick, smooth gear shifts.

Class-best 310 lb.-ft. of gas torque gives Ranger serious get-up and go — bettering even the V6 engines in its class. It also features class-exclusive Auto Start-Stop Technology that helps it get impressive mpg ratings. And an EPA-estimated driving range of 414 miles per tank helps you explore the wilderness.

**CLASS-BEST**

- **1,860 LBS. MAX. AVAILABLE PAYLOAD**
- **270 HORSEPOWER**
- **310 LBS. FT. TORQUE**

**EPA-estimated ratings:**
- **21 city/26 hwy/23 combined mpg, 2.3L engine, 4x2**
- **20 city/24 hwy/22 combined mpg, 2.3L engine, 4x4**

Actual mileage will vary. EPA-estimated ratings: 21 city/26 hwy/23 combined mpg, 2.3L engine, 4x2; 20 city/24 hwy/22 combined mpg, 2.3L engine, 4x4. Actual range will vary. 18-gallon fuel tank.
Always consult the owner’s manual before off-road driving. Follow all laws and drive on designated off-road trails and recreation areas. Be prepared to hike to the top of the hill if not driven safely. Refer to the owner’s manual for additional information regarding driving through water. Recreational trail maps are not always available.

FX4 OFF-ROAD PACKAGE

Head to where the rubber leaves the road—and keep on going—with the FX4 Off-Road Package. Ranger FX4 makes its presence known with a prominent steel bash plate up front, and grip-enhancing off-road tires all around. For even more bite, fit yours with the available LT-rated tires. This package also features the Terrain Management System™ Trail Control™, an off-road tuned suspension, an electronic-locking rear differential, and an off-road display in the instrument cluster screen to help increase your off-road confidence. Ranger FX4 is built to help you prove that tough has more fun.

Available on XL, XLT, and LARIAT 4x4s

FX2 PACKAGE

Don’t need a full-on 4x4? Increase the off-road capability of your Ranger 4x2 with the new FX2 Package. Sporting exposed front tow hooks and “FX2” decals, Ranger FX2 also gets an off-road tuned suspension, off-road OWL tires, an electronic-locking rear differential, and an off-road display in the productivity screen so you can monitor the action from the driver’s seat.

Available on XL, XLT, and LARIAT 4x2s
TAP INTO ITS FULL CAPABILITIES.
Ranger has an available Terrain Management System™ that works in both 4H and 4L, for seamless shift-on-the-fly confidence over all sorts of surfaces. Just tap the “TM” button to switch modes. The system calibrates engine responsiveness, transmission gearing, and vehicle control systems to provide the optimum traction, driveability and performance.\(^1\)

**Normal** mode is ideal for everyday driving on wet or dry paved roads.

**Grass/Gravel/Snow** mode lets the transmission deliver earlier upshifts and less aggressive engine torque distribution, limiting wheelslip to help improve traction on tricky terrain.

**Mud/Ruts** mode allows powertrain torque to be a bit more aggressive, limiting transmission upshifts and letting the wheels spin to get you through the thick stuff.

**Sand** mode uses more aggressive throttle progression and holds gears longer to help transfer optimized torque to the wheels. They can spin aggressively to maintain momentum and keep the fun going. All-season, all-terrain adventure awaits.

ADD AN E-LOCKER.
In low traction situations, engaging the available electronic-locking rear differential splits torque evenly between the rear wheels. It’s designed for use at speeds below 20 mph in most Terrain Management System modes. When in Sand mode, it can operate at speeds below 45 mph.

TACKLE TRAILS WITH CONFIDENCE.
Designed for low-traction, off-road conditions, available Trail Control™ acts as a low-speed cruise control, maintaining your selected speed from 1 to 20 mph. It sends power and braking to each individual wheel as needed, so you can focus on steering. Trail Control can be engaged while Ranger is in 2H, 4H or 4L, and in combination with any of the 4 Terrain Management System modes, to help provide maximum traction when you venture beyond the pavement.

GEARED TOWARD FUN.

Ranger offers the features and controls needed to help you arrive at your next memory-making destination ready for action. After adjusting the standard tilt and telescoping steering column to your liking, you can tuck your phone and other essentials inside the covered storage area beneath the padded center armrest or the lockable glove box. Then, engage the available push-button start, and be on your way.

As you travel, the innovative 10-speed automatic helps ensure Ranger uses the right gear at the right time. Rather shift for yourself? SelectShift® capability lets you toggle up or down on the side of the shifter. The available B&O Sound System helps you get amped for the day’s adventures by pumping 675 watts of digitally processed sound through 10 high-performance speakers. Crank it up. And get gone.

LARIAT SuperCrew® 4x4 with Medium Stone front leather seating surfaces and rear outboard leather-trimmed seats, and available equipment.

YOUR KIND OF CABIN. Roomy. Comfortable. With just the right amenities. Ranger SuperCrew® seats up to 5, offering you a 3-passenger rear bench seat with a fold-down center armrest and 2 cupholders, plus under-seat storage. SuperCab features 2-passenger rear seating with covered under-seat storage, giving it the ability to seat up to 4 people total. For more cargo space, you can opt to delete the SuperCab rear seats, or remove them on your own as needed. For easy starts in cold climates, Ranger offers available features like an engine block heater, a windshield wiper de-icer, and a rear-window defroster. So you can keep the fun going – no matter the weather.

FORD CO-PILOT360™ TECHNOLOGY
READY WITH AN ASSIST.

From the boat launch to the highway, our standard and available driver-assist features are designed to help you feel confidently in command at the wheel of your Ranger.

FORD CO-PILOT360
PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING
We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don’t take action, brakes can apply automatically. It’s designed to only activate when needed.

BLIS® WITH TRAILER COVERAGE AND CROSS TRAFFIC ALERT
Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by not only alerting you to vehicles detected in your blind spots, but also alerting you when vehicles are detected alongside your trailer. Cross Traffic Alert helps by detecting and alerting you to traffic behind your truck as you’re slowly backing up.

AUTO HIGH-BEAM HEADLAMPS
Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

ADVANCED TECHNOLOGY
TRAILER SWAY CONTROL
This helpful technology monitors the motions of Ranger when towing to detect trailer sway. If it’s detected, the system selectively applies brakes as needed to help you maintain control of the truck as well as the trailer.

ADAPTIVE CRUISE CONTROL
Get help keeping pace on your journey. Adaptive Cruise Control can maintain your selected speed and preset gap from the vehicle in front of you. If it detects traffic ahead slowing, your vehicle slows. When things clear, it can resume your set speed.

FORWARD AND REVERSE SENSING SYSTEMS
Stress less when maneuvering at low speeds. First, always check the Rear View Camera display if you’re in Reverse. And as you slowly pull forward or back up, you can listen for audible alerts to objects detected in front or behind the vehicle.

RAIN-SENSING WINDSHIELD WIPERS
Sometimes weather changes so quickly, it’s hard to keep up. Now you can set the Rain-Sensing Windshield Wipers to automatically activate, and let them help keep your view ahead clear.

BLIS® WITH TRAILER COVERAGE AND CROSS-TRAFFIC ALERT
Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by not only alerting you to vehicles detected in your blind spots, but also alerting you when vehicles are detected alongside your trailer. Cross Traffic Alert helps by detecting and alerting you to traffic behind your truck as you’re slowly backing up.

LANE-KEEPING SYSTEM
It happens. Listening to your favorite podcast, you wander too close to your lane’s edge. Our Lane-Keeping System can help during a moment of distraction. If you drift out of your lane, it directs you with steering wheel torque to return, and can also alert you through vibration pulses. Stay a few times and a coffe cup icon lets you know it’s time for a break.

PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING
We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don’t take action, brakes can apply automatically. It’s designed to only activate when needed.

Standard on every 2020 Ranger

REAR VIEW CAMERA
Backing up requires a little multitasking. Our Rear View Camera helps by providing a great view of what’s behind your truck, helping you navigate Reverse with more confidence. It also helps when you’re towing a trailer.

Standard on every 2020 Ranger

BLIS® WITH TRAILER COVERAGE AND CROSS-TRAFFIC ALERT
Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by not only alerting you to vehicles detected in your blind spots, but also alerting you when vehicles are detected alongside your trailer. Cross Traffic Alert helps by detecting and alerting you to traffic behind your truck as you’re slowly backing up.

Standard on KIT and LARIAT; Available on XL

AUTO HIGH-BEAM HEADLAMPS
Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

Standard on KIT and LARIAT; Available on XL

VOICE-ACTIVATED NAVIGATION
Taking the wrong exit can put a serious dent in your day. Stay confidently on course with our Voice-Activated Touchscreen Navigation System, which features SiriusXM® Traffic and Travel Link® services to help you avoid traffic, find fuel (gas or java), and so much more.

Available on KIT and LARIAT

TRAILER SWAY CONTROL
This helpful technology monitors the motions of Ranger when towing to detect trailer sway. If it’s detected, the system selectively applies brakes as needed to help you maintain control of the truck as well as the trailer.

AVAILABLE EQUIPMENT SHOWN.
(Other available features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. The Collision Avoidance with Automatic Emergency Braking can detect pedestrians, but not in all conditions and does not replace driver vigilance. See owner’s manual for limitations. The Lane Keeping System does not control steering. Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. Certain restrictions, 3rd-party terms and data rates may apply. See footnote 1 on the “Your Tech, Your Way” pages, and your Ford Dealer for details.)
YOUR TECH, YOUR WAY.

With available seating for up to 5 and Wi-Fi hotspot capability, Ford Ranger welcomes a vast array of smartphones, tablets, gaming systems and computers along for the ride. Plus, you can tap into the best in music, sports, comedy, news and talk with available SiriusXM® inside your vehicle and on the go, with a 6-month All Access trial subscription. With our available Voice-Activated Touchscreen Navigation System, you’ll also enjoy a 5-year subscription to SiriusXM Traffic and Travel Link® services.

CONTROL IT

Monitor and control your vehicle in incredibly powerful ways using the FordPass™ App alone or with FordPass Alexa SKill or FordPass Action through Google Assistant™ when equipped with FordPass Connect™. Complimentary remote features let you start, lock and unlock your vehicle from just about anywhere, including from your wrist with your Apple Watch®. Use your app to find your vehicle, schedule starts, find parking, and check fuel and fluid levels. When you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass App puts it at your fingertips. And, when it’s time to bring your vehicle in for service, the app makes scheduling easy. Enjoy access to convenient services like Key by Amazon In-Car Delivery and peace of mind knowing roadside assistance is just a call or e-request away.

CONTROL IT

With your voice and your choice of display. Available SYNC® 3 voice-activated technology® connects your tech with your Ranger. Available SYNC® 3 AppLink® (shown) gives you voice control of compatible mobile apps like Waze™ and Ford+Alexa. To see your phone’s familiar interface on the big screen, take advantage of compatibility with Apple CarPlay™ for your iPhone® or Android Auto™ for your Android™ smartphone.

CONNECT IT

With in-vehicle Wi-Fi. Before the mud dries on your boots, you and your road-trip companions can be posting adventure videos through FordPass Connect™ with 4G LTE Wi-Fi hotspot capability. Its powerful antenna provides the ability to connect up to 10 devices at once—and up to 50’ away.
IT'S ALL ABOUT FREEDOM.

Freedom to go where you want. When you want. And bring the gear you want. Take your pick of available bed racks by Yakima.® Then, add available accessories designed to help securely transport your bikes, kayaks, SUPs and such above the cargo bed, while you stow smaller items like helmets, paddles, flashlights and baby sacks in the bed. You can even add an available 2- or 3-person tent and other accessories by Yakima to turn your Ranger into a fully equipped launch pad for adventure.

More available gear by Yakima:® • Awning • Small Basket • Medium Basket with Net • Large Basket with available Net • Hitch Mounted Rack Extension • Cargo Box with Lock • Bike Carriers • Ski Carriers • Kayak, Paddleboard and Canoe Carriers • Tailgate Pads • Bed Mounted Cleats

**STANDARD FEATURES**

**MECHANICAL**
- 2.3L EcoBoost® engine with Auto Start-Stop Technology
- 10-speed SelectShift® automatic transmission
- 2-stage live-rate leaf spring rear suspension
- 3.73 rear axle ratio
- 4-wheel disc brakes with Anti-Lock Brake System (ABS)
- 18-gallon fuel tank
- Coil-over shock double-wishbone independent front suspension
- Easy Fuel® capless fuel filler
- Electric power-assisted steering
- Fully boxed, high-strength-steel frame
- Gas-pressurized front and rear shocks
- Jack
- Spare wheel and tire with lock and rear underframe carrier

**FORD CO-PILOT360™ TECHNOLOGY**
- Autolamp Automatic On/Off Headlamps
- Curve Control
- Hill Start Assist
- SOS Post-Crash Alert System™
- Trailer Sway Control

**CONNECTIVITY & ENTERTAINMENT**
- FordPass Connect™
- 4G LTE Wi-Fi hotspot capability (enables FordPass™ App features when activated)

**INTERIOR**
- 12V powerpoints, 2 in front and 1 in rear
- Air conditioning
- Driver and front-passenger sun visors
- Gauges for fuel, engine coolant temperature, tachometer, speedometer, and odometer
- Lockable glove box
- MyKey® technology to help encourage responsible driving
- Power front windows with driver one-touch up/-down feature
- Power rear windows (SuperCrew)

**EXTERIOR**
- Center high-mounted stop lamp (CHMSL) with cargo lamp
- Daytime running lamps
- Pickup box rail and tailgate moldings
- Pickup box tie-down hooks
- Removable tailgate with key lock
- Steel front and rear bumpers
- Variable-intermittent windshield wipers with washers

**SAFETY & SECURITY**
- Personal Safety System™ for driver and front passenger includes dual-stage front airbags, safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, crash severity sensor, restraint control module and Front-Passenger Sensing System
- Front-seat side airbags
- Safety Canopy® System with side curtain airbags and rollover sensor
- 3-point safety belts for all existing positions

New Vehicle Limited Warranty. We want your Ford Ranger ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion perforation (aluminum panels do not require perforation) coverage - all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 3 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need to be towed to a paved road, suffer a battery jump start or towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or buy, Ford Credit has the options that right for you. Ask your Ford Dealer for details or visit us online at Ford.com/Finance.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Insure. If you are a new insurance product designed just for Ford owners, Ford Insure can help you save money on auto insurance for your connected Ford vehicle. Drive smarter, become an even better driver and earn bigger discounts — it’s a win-win-win. Visit the FordPass mobile app or call 1-833-Ford-183.

Lariat SuperCrew® 4x4 in Sable with F3M Off-Road and Sport Packages accessorized with Accessories® Hood Protector, chrome front tow hooks, side window deflectors, black rectangular running boards, fender flares; 18" black machined-face aluminum wheels, Emblems & tonneau/bed cover; low-profile bed side steps (including daily-duty crossbars); and extra-large basket with net.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty.

Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

American Road Services Company LLC is the licensed insurance agency supporting Ford and Lincoln insurance programs. Ford Insure is underwritten by Nationwide Mutual Insurance Company and Arizona Farmers Insurance. Subject to underwriting guidelines, review, and approval. Products not available to all persons in all states. Coverage may vary by state. Availability varies, program criteria differs in California.

From day one, we had the future in mind. And for over 116 years, we’ve focused on improving your freedom of movement, by making it possible for hardworking, everyday people to own a vehicle. One that’s well built. That you’re proud to drive.

Born in Detroit, made in America¹ and famous worldwide:

We are the Ford Motor Company.

Your mobility is at the center of everything we do. And we’re excited to be designing and building smart vehicles that work for you. It’s why we put our family name on every one. From our founding members, to our Ford family of employees around the globe, we work with pride. We build with care.

For you – and your family. By everyone in ours.

¹Made in the USA with domestic and foreign parts.
