TRANSIT CONNECT
PASSENGER WAGON+CARGO VAN
With a choice of short- or long-wheelbase configurations, standard dual sliding side doors, and a low step-in height for easy entry and exit, the 2017 Ford Transit Connect Passenger Wagon keeps up to 7 passengers comfortably on the move. Stylish cloth or leather-trimmed seats join cupholders in each row, and up to three 12-volt powerpoints help meet a variety of passenger needs. Plus, with a 5-star overall vehicle score, it received the government’s highest safety rating. Six standard airbags include a Safety Canopy® System with rollover sensor, and side-curtain airbags for all outboard passengers.

In the 2017 Transit Connect Passenger Wagon, you’re surrounded in comfort, safety and style.
FULLY FOCUSED ON FLEXIBILITY.

Able to adapt at a moment’s notice, Transit Connect Passenger Wagon is prepared for anything. A front overhead storage shelf keeps frequently needed items close at hand. If your day starts with passengers, a low step-in height makes entry and exit easy. Along the way, they can enjoy a panoramic fixed-glass Vista Roof with power sunshade, plus power 2nd-row windows with one-touch-up/down. An observation mirror helps you keep an eye on those in back, while the MyKey programmable ignition key allows you to restrict maximum vehicle speed, audio volume, and more so drivers can stay focused. To transport personal items (like a mountain bike) along with passengers, fold one side of the seating flat. For rear passengers, an aircraft-style mid-vehicle overhead console features closeable bins – perfect for out-of-view storage of personal items.

Stopping by the home improvement store? Just fold the seats down and fill it with what you need. The rear liftgate allows easy access for loading and unloading. With the most available seating configurations in its class, the 2017 Transit Connect Passenger Wagon offers exceptional versatility. Carry passengers. Carry cargo. Or carry it all together. Your options are wide open.
When company isn’t along for the ride, Transit Connect Passenger Wagon has all the cargo space you need for the day’s activities. In short-wheelbase models, 77.1 cu. ft. of cargo space is available with the 2nd-row seats folded forward. Or, remove the seats altogether for even more room. In long-wheelbase models, 2nd- and 3rd-row seats fold down to create a flat load floor that offers 104.2 cu. ft. of cargo space. And with dual sliding side doors, plus your choice of a rear liftgate or 180° swing-out rear cargo doors, loading and unloading cargo is easy.

For those pre-dawn family adventures, like farmer’s markets and flower days, cornering fog lamps\(^1\) throw additional light alongside the vehicle for help in parking and other tight maneuvers. If the weather turns chilly, the Quickclear\(^{TM}\) electric windshield defroster\(^1\) and heated sideview mirrors\(^1\) quickly clear fog, snow, sleet and ice to improve visibility. In the 2017 Transit Connect Passenger Wagon, you’ll find the perfect match for your active lifestyle.
SEATING FOR UP TO 7.

With amenities for all, Titanium models feature a 6-way power driver’s seat, plus a leather-wrapped steering wheel and shifter knob. The driver and front passenger can relax in stylish leather-trimmed, heated seats while charging their mobile phones with a 12 volt powerpoint in the center console. 2nd-row fold-flat bucket seats allow for passengers or cargo, depending on your needs. Cupholders in each row (including 2 in the 2nd-row bench armrest*), 2 powerpoints in back, and reclining 2nd- and 3rd-row seats help keep passengers comfortable on any journey.

Delivering 169 hp and 171 lb.-ft. of torque (much of it at the low end), the 2.5L i-VCT I-4 engine provides a maximum towing capacity of 2,000 lbs. It's paired with a 6-speed SelectShift® automatic transmission to give Transit Connect Passenger Wagon an EPA-estimated rating of 27 hwy mpg. With SelectShift capability, you can shift for yourself, or leave it to Transit Connect.

BLIS® (Blind Spot Information System) with cross-traffic alert³ can alert you to vehicles in your blind spots with a light in either sideview mirror if its radar sensors detect a vehicle there. Cross-traffic alert can help warn you with a beep and a warning light in your sideview mirror if it detects a vehicle approaching either side as you slowly back Transit Connect out of a parking space.

Enhancing vehicle stability in a range of conditions, AdvanceTrac® with RSC® (Roll Stability Control™) selectively applies individual brakes and modifies engine power to help keep all 4 wheels firmly planted. Torque Vectoring Control, Curve Control and trailer sway control add an additional level of driver and trailer-towing confidence, making Transit Connect Passenger Wagon the perfect match for your high-energy lifestyle.
