ADVENTUROUS
Go with EcoBoost®1 power and efficiency. Intelligent 4WD! And up to 3,500 lbs. of towing capability.² Pursue your passions in the Ford Escape.

SPONTANEOUS
With versatile seating configurations that can easily adapt, Escape has the space you need when you find what you’re looking for.

CONNECTED
To your friends and your world with a 4G LTE Wi-Fi hotspot¹ that allows connection of up to 10 devices. And to the road, with a suite of smart driver-assist technologies.¹

CONFIDENT
A new SEL model, plus the stylish available SE Sport Appearance Package, expand on your choice of Escape.
1.5L
179 horsepower, 177 lb.-ft. of torque. This turbocharged, direct-injection engine has robust low-end torque. A 6-speed SelectShift® automatic transmission is standard on all engines.

Standard: SE/SEL

2.0L TWIN-SCROLL
245 horsepower, 275 lb.-ft. of torque. Expect quick torque delivery and immediate responsiveness. Twin-scroll design maximizes pulse energy to the turbine wheel when needed most – during passing or highway merging.

Standard: Titanium

AUTO START-STOP TECHNOLOGY
Helps optimize fuel usage during city driving by shutting off the engine at complete stops. When you release the brake pedal, the engine seamlessly restarts. You might not even notice. But you will benefit.

Standard: EcoBoost engines
TOW A TON
And then some. Escape SE and SEL can tow up to 2,000 lbs. Escape Titanium up to 3,500 lbs. With power and capability, you can tow ATVs, dirt bikes, personal watercraft or whatever your passions are. And with trailer sway control monitoring vehicle motions, do it with confidence.

FIND YOUR FOOTING
With standard FWD or the enhanced grip of Intelligent 4WD, Escape instills confidence in changing road and weather conditions. The Intelligent 4WD system assesses those conditions about 20 times faster than the blink of an eye, readjusting as needed to deliver the optimal balance of handling and traction.
ELEVATE YOUR EXPERIENCE
With refined materials and finishes. Calming noise isolation. Plus easy entry and start-up, courtesy of Intelligent Access with push-button start. Find your favorite color among the 7 hues of ambient lighting. Or discover the perfect anthem for the acoustically exceptional 10-speaker Audio System from Sony. You’ll be glad you did.
ADAPT TO ADVENTURE
Whatever your needs, Escape is the perfect partner for spur-of-the-moment adventuring. Behind its solar-tinted glass, a spacious, well-appointed interior awaits. Keep cloth or leather-trimmed seats up for people. Or fold the rear seat down for gear. The choice is yours.

CARRY LOADS OF GEAR
Fold the 60/40 split-fold rear seat down for up to 68.0 cu. ft. of cargo space. Or, fold one side down to carry longer items and leave the other side up for a passenger or two.

KEEP IT UNDER COVER
To store phones, as well as other items you want to keep hidden, utilize the large storage bin underneath the padded center console armrest. In the rear, an interior cargo cover helps keep items out of sight.

POWER UP PERSONAL ITEMS
Front-seat occupants can recharge mobile phones and tablets with up to 2 smart-charging USB ports. Larger items such as laptops, portable coolers and other small electronics can be powered by a covered 110-volt power outlet on the rear of the center console. It conveniently accepts a household-style plug.
Imagine controlling calls, music and more with just a touch and your voice. SYNC® 3 lets you keep your hands on the wheel while it quickly responds to your spoken requests. Or use the responsive touchscreen in the center of your instrument panel to access its many helpful features. Bring the power of Siri® into Escape with Siri Eyes Free and your paired iPhone®. The system also features 2 smart-charging USB ports to help keep your devices powered up and ready to go.

ESCAPE WITH EASE
Thanks to its hands-free foot-activated liftgate, accessing up to 68.0 cu. ft. of cargo space is easy. With your Intelligent Access key fob located in a pocket or purse, just kick your foot under the bumper and the liftgate automatically opens or closes. Plus, the fully opened height can be programmed to a position that works best for you.

MAINTAIN YOUR BALANCE
Standard AdvanceTrac® with RSC® (Roll Stability Control™) enhances vehicle stability in a wide range of conditions. By selectively applying individual brakes and modifying engine power, the system helps keep all 4 wheels firmly planted. In addition, Curve Control® helps slow you down if you're heading into a curve too quickly. A suite of 7 standard airbags also helps maintain your peace of mind.

1 Available feature. 2 Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
IN TRAFFIC
Adaptive cruise control & forward collision warning with brake support helps maintain your choice of speed and preset gaps from the vehicle in front of you. It can also alert you to a potential collision. If one is detected, the system flashes a warning, sounds an alarm, and can pre-charge the brakes to provide full responsiveness when you do brake.

BETWEEN THE LINES
Drifting out of your lane? The Lane-Keeping System can help. By applying steering wheel torque, and even alerting you with steering wheel vibration, it helps direct you to return to your lane.

WHEN CHANGING LANES
BLIS® (Blind Spot Information System) with cross-traffic alert helps warn you if it detects a vehicle in either of your blind spots while driving forward, or approaching from the sides while backing up slowly.

WHEN PARKING
Backing in. Parallel parking. Enhanced active park assist is a beauty to behold. It not only assists you in finding an appropriate parking spot, it steers you into it while you control the accelerator, brake pedal and gear shift knob as needed. When pulling out of a parallel spot, it provides assistance as well.

STAY ALERT.
TAKE IT UP A NOTCH.

PLAN YOUR ESCAPE
Choose from four unique models, including the new SEL. Then add options and packages that enhance functionality and express your personal sense of style.

SE SPORT APPEARANCE PACKAGE
Dress to impress with this available package, exclusive to SE. Outside, gloss black-painted accents complement 19" Ebony Black-painted aluminum wheels and front LED signature lighting for a look that will get noticed. Underneath, front and rear skid plates help protect underbody components. Inside, partial leather-trimmed sport seats are paired with a leather-wrapped shift knob and steering wheel. Any way you look at it, this Escape delivers standout style.
THE NEW SEL
LED signature lighting enhances the look of the headlamps on the new Escape SEL. Inside, sit down in leather-trimmed seats. Take control of SYNC® 3, with Apple CarPlay™ compatibility and Android Auto™ compatibility. Utilize SYNC Connect, and the additional functionality it provides through the FordPass™ smartphone app. Even load items easily with a power liftgate.
TITANIUM

After using FordPass™ to remotely start Titanium and precondition the cabin, this well-appointed Escape reveals its uniqueness upon approach. With your Intelligent Access key fob near, just grab the handle and you’re in. Recline in 10-way power, heated, leather-trimmed driver and front-passenger seats. Adjust the ambient lighting. Then let the voice-activated Navigation System guide you to your destination. When you arrive, enhanced active park assist² will help identify a parking spot, and even guide you in. It’s hard to improve on Escape Titanium.
