BUILT FOR MEMORABLE MOMENTS.

Spontaneity: It’s what makes life more... extraordinary. Adventure beckons at a moment’s notice. To help you respond, we reimagined what it means to ESCAPE. Then we built it. Giving it a spacious, adaptable interior. Advanced connectivity. Proven capability. Plus, new hybrid and plug-in hybrid models that offer you even more freedom to roam. Like you, we don’t just dream about improving the future. We make it happen. We’ve been doing it for over 116 years, long before highways even existed. So we know how to rise to a challenge. Then, as now, our name anchors everything we build. Introducing the all-new 2020 Ford Escape.

TRAVELS WELL
Sport contour bucket seats and acoustic-laminate side-window glass create a comfortable front-row environment in Titanium.

INFORMS SMARTLY
The available head-up display on Titanium projects vehicle speed and other vital information onto a 6" wide screen that pops up below the windshield in the driver’s line of sight.

DIALS IN SPACE
A nicely calibrated rotary gear shift dial on the streamlined center console frees up space to create a roomier front-row experience.

HIGH-PERFORMANCE SPEAKERS
Can transform 575 watts of digitally processed sound from the available B&O Sound System into pure audio bliss, filling your cabin with the music you love.

10 TRAVELS WELL

1 LCD TOUCHSCREEN
Allows smartphone users to view the Waze™ app here, thanks to SYNC® 3 AppLink®. Available.

12.3" DIGITAL INSTRUMENT CLUSTER
Features customizable display with 3D animation. Available.
Create the ride experience you desire, or the one that conditions demand, with new Selectable Drive Modes. Choose your mode and the system adjusts traction control, steering and pedal response, and available Intelligent AWD to help provide a remarkable driving experience. 3D animations (shown left) on the available 12.3” digital instrument cluster change based on the drive mode selected.

**DELIVERS A MODE FOR EACH ROAD.**

Plug-In Hybrid1 features 4 EV modes, allowing you to decide how you want to use its electric power. In Auto EV, the vehicle decides whether to run on gas or electric power. EV Now mode is for all-electric operation. EV Later preserves plug-in energy for later use. In EV Charge mode, drivers can continue to charge the battery while driving, and generate electric-only miles to use later.
From the driveway to the highway, our driver-assist features are designed to help you feel confident in command at the wheel of your Escape.

**FORD CO-PILOT360™ TECHNOLOGY READY WITH AN ASSIST.**

**PRE-COLLISION ASSIST WITH AUTOMATIC EMERGENCY BRAKING**

We should all drive defensively. By scanning the road ahead, this feature can alert you to potential collisions with vehicles or pedestrians detected in your path. If an impact is imminent and you don’t take action, brakes can apply automatically. It is designed to only activate when needed.

**BLIS® WITH CROSS-TRAFFIC ALERT**

Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots. Cross-Traffic Alert helps by detecting and alerting you to traffic behind your vehicle as you’re slowly backing up.

**LANE-KEEPING SYSTEM**

If you drift out of your lane, it directs you with steering wheel torque to return, and can also alert you through vibration pulses. Stay a few times and a coffee cup sits where you know it’s time to take a break.

**AUTO HIGH-BEAM HEADLAMPS**

Sound familiar? You turn on high beams entering a dark stretch of road – then forget to turn them off as traffic approaches. Auto High-Beam Headlamps can detect poor lighting and switch them on for you. They can also sense oncoming headlamps and dim automatically for other drivers.

**ACTIVE PARK ASSIST 2.0**

Never pass up a potential parking space again. Active Park Assist 2.0 makes it easy to park time after time – even in tight parallel or perpendicular spots. After the system locates a potential spot, all you have to do is brake to a complete stop, then into Neutral and hold down the Active Park Assist button – you have to do is brake to a complete stop, shift into Neutral and hold down the Active Park Assist button – the vehicle parks automatically.

**ADAPTIVE CRUISE CONTROL (ACC) WITH STOP-AND-GO**

We all experience it. Traffic is rolling along smoothly when suddenly, a vehicle in your path is stopped. To help avoid a potential collision, Adaptive Cruise Control can provide extra assist to help you quickly steer around the vehicle. Standard on Titanium.

**EVIASIVE STEERING ASSIST®**

Evasive Steering Assist can provide extra assist when suddenly, a vehicle in your path is stopped. To help avoid a potential collision, Evasive Steering Assist can provide extra assist to help you quickly steer around the vehicle. Standard on Titanium.

**VOICE-ACTIVATED NAVIGATION**

Taking the wrong exit can put a serious dent in your day. Stay confidently on course with our Voice-Activated Touchscreen Navigation System, which features SiriusXM® Traffic and Travel Link® services to help you avoid traffic, find fuel (gas or java), and so much more. Standard on Titanium.

**BLIS® WITH CROSS-TRAFFIC ALERT**

Changing lanes demands your full attention. BLIS (Blind Spot Information System) can help by alerting you to vehicles detected in your blind spots. Cross-Traffic Alert helps by detecting and alerting you to traffic behind your vehicle as you’re slowly backing up.

**LANE-KEEPING SYSTEM**

It happens. Listening to your favorite podcast, you wander too close to your lane’s edge. Our Lane-Keeping System can help during a moment of distraction. If you drift out of your lane, it directs you with steering wheel torque to return, and can also alert you through vibration pulses. Stay a few times and a coffee cup sits where you know it’s time to take a break.

**AUTO HIGH-BEAM HEADLAMPS**

ENCOURAGES YOU TO ESCAPE.

The original Escape debuted in the 2001 model year. In its first full year on sale, it became America’s best-selling small SUV. In reinventing the Escape for 2020, this rich history gave us plenty to build on. While the world — and technology — have experienced rapid change over 19 years, the purpose of Escape remains the same: to help you embrace life’s adventures with modern design and remarkable versatility. These are just some of the new features that will help.

*Class is Small Utilities based on Ford segmentation. Based on the 2nd-row seat in the most rearward position. Non-hybrid models only. FordPass Connect operation requires subscription, a 4G LTE data plan, and compatible device. Some devices may require FordPass Terms for details. Connected service and features depend on compatible AT&T network availability. Evolving technology/cellular networks/vehicle capability may limit functionality and prevent operation of connected features. Connected service excludes Wi-Fi hotspot. Don’t drive distracted or while using handheld devices. Use voice controls. *1Can accommodate dog crate of 35" L x 23" W x 25" H. Don’t drive distracted. See owner's manual for details and system limitations.
YOUR TECH, YOUR WAY.

With seating for up to 5 and Wi-Fi hotspot capability, Ford Escape welcomes a vast array of smartphones, tablets, gaming systems and computers along for the ride. Plus, you can take full into the best in music, sports, comedy, news and talk with SiriusXM® inside your vehicle and on the go, with a 6-month All Access trial subscription. With our available Voice-Activated Touchscreen Navigation System, you’ll also enjoy a 5-year subscription to SiriusXM Traffic and TravelLink® services.

COMMAND IT

With your voice and your choice of display. Available SYNC® voice-activated technology connects your tech with your Escape. Available SYNC 3 AppLink® (shown) gives you voice control of compatible mobile apps like Waze™ and other apps. To see your phone’s familiar interface on the big screen, take advantage of compatibility with Apple CarPlay® for your iPhone® or Android Auto™ for your Android™ smartphone.

CONTROL IT

Monitor and control your vehicle in incredibly powerful ways using the FordPass™ App alone or with FordPass Alexa Skill or FordPass Action through Google Assistant™ when equipped with FordPass Connect. Complimentary remote features let you start, lock and unlock your vehicle from just about anywhere, including right from your wrist with your Apple Watch®. Use your app to find nearby vehicles, schedule starts, find fuel and check oil levels. When you need important vehicle information, like Vehicle Health Alerts, service history and Warranty info, the FordPass App puts it at your fingertips. And, when it’s time to bring your vehicle in for service, the app makes scheduling easy. Enjoy access to convenient services like Key by Amazon In-Car Delivery® in select cities.

CONNECT IT

With in-vehicle Wi-Fi. Before the sand dries on your flip-flops, you and your friends can be posting beach photos through FordPass Connect with 4G LTE Wi-Fi hotspot capability. Its powerful antenna provides the ability to connect up to 10 devices at once — inside of Escape and up to 50’ away.

Available equipment shown. All SiriusXM services require a subscription, sold separately by SiriusXM after the trial period. Fees and taxes apply. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Commands may vary by phone and AppLink software. Alexa requires available SYNC 3 AppLink. Certain Alexa functionality is dependent on smart phone and home technology. Don’t drive while distracted or while using handheld devices. Use voice controls. Some features may be locked out while the vehicle is in gear. SYNC 3 or available SYNC 3 features depend on vehicle configuration, and are activated by voice, touch, or both.

MAINTAINS STABILITY
To help provide additional articulation (travel) for ride smoothness, the upgraded suspension design of Escape features an isolated rear subframe. Electric power-assisted steering offers greater assist at low speeds to help in parking and other maneuvers.

SHIFTS SMOOTHLY
On hybrid and plug-in hybrid models, our eCVT Transmission delivers electric launch for an engaging driving experience. On gas-only models, a smooth and responsive 8-speed automatic transmission deftly balances efficiency with performance.

PERFORMS SMARTLY
To help conserve fuel, the 1.5L EcoBoost® debuts cylinder deactivation, which can sense when a cylinder isn't needed and shut it down automatically. Designed to save fuel, All-Wheel-Drive (AWD) disconnect allows for rear driveline disconnection when the system detects available Intelligent AWD isn’t needed.

HANDLES CHALLENGES IN STRIDE.
With extensive use of lightweight, high-strength steel and high-strength boron steel, the all-new 2020 Ford Escape weighs in over 200 lbs. less than its predecessor. Along with new engines and an all-new suspension system with a new isolated rear subframe, these improvements allow you to blaze new trails in calm and comfort.

From day one, we had the future in mind. And for over 116 years, we’ve focused on improving your freedom of movement, by making it possible for hardworking, everyday people to own a vehicle. One that’s well built. That you’re proud to drive.

Born in Detroit, made in America¹ and famous worldwide:

We are the Ford Motor Company.

Your mobility is at the center of everything we do. And we’re excited to be designing and building smart vehicles that work for you. It’s why we put our family name on every one.

From our founding members, to our Ford family of employees around the globe, we work with pride. We build with care.

For you – and your family. By everyone in ours.

¹Made in the USA with domestic and foreign parts.
