More driver-assist technologies¹ than any vehicle in its class² inspire confidence, helping you stay alert and in command. Our 360-degree camera³ helps you maneuver at low speeds with a complete view of your surroundings, while a 4G LTE Wi-Fi hotspot¹³ allows connection of up to 10 devices. You can even choose which type of get-in-and-go confidence you need using the Terrain Management System™¹. So take charge of the road, and so much more, in the all-new Ford Expedition. Always Unstoppable.

More horsepower.* More torque.⁴ EcoBoost® power delivers up to 400 horsepower⁵ and 480 lb.-ft. of torque.⁵ New 10-speed automatic transmission. Best-in-class towing capability of 9,300 lbs.⁶ Plus, advanced towing technologies¹ that help make towing and backing up your trailer easier than ever. A new FX4 Off-Road Package, fortified with the gear you need to get out there... and back. Introducing the most capable Expedition ever.

More ways to utilize space for passengers and cargo. Starting with a spacious cabin with room for up to 8 passengers and their gear. 2nd-row seats that tip-and-slide forward¹ for easy 3rd-row access. Power, fold-flat 2nd-¹ and 3rd-row seats that make it easy to shift between more passengers or more cargo.² And an advanced Cargo Management System¹ to help you stow items securely. Tackle it all in the most adaptable Expedition ever.

More cargo room with Expedition MAX. Nearly a foot longer than Expedition, with extra room in all the right places, Expedition MAX is for those who want to go bigger and carry more along the way. It can accommodate an additional 16.9 cu. ft. of cargo.² And with even more head room in the 3rd row, those who need more choose Expedition MAX.
MAKE LASTING MEMORIES
With seating for up to 8, the all-new Expedition can carry the whole family in sophisticated style and exceptional comfort.

ENJOY THE RIDE
The most adaptable Expedition ever helps maximize comfort for all. Like 1st-row leather-trimmed seats¹ with heating, ventilation¹ and massage¹. Your choice of 2nd-row, power-folding, 40/20/40 tip-and-slide seats¹ or bucket seats¹ in durable cloth or elegant leather trim¹. And in the rear, a 60/40 PowerFold® power-reclining 3rd-row seat. No matter your location, 15 beverage holders throughout the interior provide a perfect spot for every drink. And there’s power for all three rows: with four 12V powerpoints, 6 USB ports¹ and a 110V power outlet¹ to help keep everyone’s devices powered up and ready to go.
TAKE COMMAND
It’s easy in the all-new Expedition. 10-way power front seats1 (including power lumbar and recline), power-adjustable pedals, and power sideview mirrors all have a memory feature.1 Conveniently recall your stored settings (for up to 3 drivers) with just the touch of a button.

TAKE CONTROL
With your Intelligent Access key fob1 in a pocket or purse, just touch the door handle to unlock. Push-button start and a nicely weighted rotary gear shift dial make it easy to set out for your destination. Reach for the warming touch of a leather-wrapped, heated steering wheel1, or enjoy a gentle breeze from the power panoramic Vista Roof®1 that spans the first 2 rows.

TAKE IT IN
A B&O PLAY™ Premium Audio System by HARMAN1 – with specifically engineered 12-speaker placement, tuning and calibration – makes it easy to enjoy every drive. No matter where you’re comfortably seated, every seat is the best seat in the all-new Expedition.

LEAD THE WAY
IN A WHOLE NEW DIRECTION.
Max out your adventures in the all-new Expedition MAX. Nearly a foot longer than Expedition, Expedition MAX can accommodate an additional 16.9 cu. ft. of gear. With even more head room in the 3rd row, and larger rear door openings for easier entry and exit. And just like Expedition, the inviting and spacious cabin offers generous room for up to 8 passengers. With 2nd-row, power-folding, tip-and-slide seats it makes it possible to keep a child safety seat secured in any section of the seat while you simply slide it forward as passengers get into the 3rd row. In the power-reclining PowerFold® 3rd-row seat, they’ll be as comfortable as in any seat in the cabin. To quickly switch from passengers to cargo hauler – and back again – power, fold-flat, 2nd- and 3rd-row seats operate with push-button simplicity. Accessing the cargo area is as simple as manually opening the liftgate glass or the liftgate itself, or by waving your foot under the rear bumper to take advantage of the ultra-convenient hands-free foot-activated liftgate. With both rows folded flat, Expedition MAX can even carry up to 4’ x 8’ sheets of plywood with the liftgate closed.
With a 4G LTE Wi-Fi hotspot\(^1,2\) and the Dual-Headrest Rear Seat Entertainment System,\(^1\) passengers can view content from their compatible Apple\(^\text{®}\) or Android\(^\text{™}\) devices on the screen mounted securely to the back of each front seat. Content can also be accessed via SD card, HDMI cable, USB device, or by using SYNC\(^\text{®}\) AppLink,\(^4\) which lets an adult monitor and control viewing. Plus, Slingbox\(^\text{®}\) owners can even watch their favorite TV channels on the go. A charging pad\(^1,3\) in the front center console allows convenient wireless charging of compatible mobile devices.

In fact, Expedition provides charging power in every row for smartphones and other devices – with four 12V powerpoints, 6 USB ports,\(^1\) and one 110V outlet.\(^1\) Plus, PowerFold 2nd-\(^1\) and 3rd-row seats, and a power panoramic Vista Roof\(^\text{®}\) with power sunshade add convenience and character on the go.

\(^1\)Subscription is subject to compatible 4G network availability. Evolving technology/cellular networks may affect future functionality. Certain restrictions, 3rd-party terms, or message and data rates may apply. FordPass\™ is on the App Store\® and Google Play.\™ Wi-Fi hotspot includes complimentary wireless data trial that begins upon AT&T activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first, but cannot extend beyond the complimentary 5-year subscription period for remote features. To activate, go to www.att.com/ford.\(^4\)Not all phones are compatible with wireless charging. Available wireless phone charger supports Qi and PMA standards.
ENJOY SPACIOUS COMFORT.
IN ALL 3 ROWS.
AS WELL AS SPACE FOR ALL YOUR GEAR.
SYNC 3

STAY CONNECTED ON THE MOVE.

Imagine controlling calls, music and more with just a touch and your voice. SYNC® 3 lets you keep your hands on the wheel while it quickly responds to your spoken requests. Or use the responsive touchscreen in the center of your instrument panel to access its many helpful features. Bring the power of Siri® into Expedition with Siri Eyes Free and your paired iPhone®. The system also features 2 smart-charging USB ports to help keep your devices powered up and ready to go.

1. Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. 2. Available feature. 3. Available via download and compatible with select smartphone platforms. Learn more at fordpass.com. Message and data rates may apply. 4. Certain restrictions, 3rd-party terms, or message and data rates may apply. See footnote 4 in “Build Your Expedition” section of Specifications and your Ford Dealer for details. 5. Requires phone with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. 6. Commands may vary by phone and AppLink software. 7. Certain restrictions, 3rd-party terms, or message and data rates may apply. See footnote 3 in “Build Your Expedition” section of Specifications and your Ford Dealer for details.
Hit the ground towing with best-in-class max. 9,300-lb. towing capability\(^1\) in the all-new 2018 Ford Expedition. It all begins with a firm foundation, including a redesigned high-strength steel frame, and an all-new, high-strength, aluminum-alloy body.\(^2\)

**ACCELERATE YOUR ADVENTURES**
With 375 hp\(^3\) and 470 lb.-ft. of torque,\(^4\) the twin-turbocharged, port-and direct-fuel-injected 3.5L EcoBoost\(^\text{®}\) engine delivers responsive acceleration, and is teamed with a new 10-speed SelectShift\(^\text{®}\) automatic transmission. Its wide 7.4:1 gear ratio span helps smooth out the steps between gears – delivering the engine’s power consistently for an enjoyable driving experience.

**ENHANCE TOWING CONFIDENCE**
Three features of the new 10-speed automatic are particularly useful when towing. SelectShift capability allows you to manually upshift or downshift without using a clutch. Progressive range select mode allows you to lock out the upper gears while towing to help maintain a consistent speed on steep grades. And tow/haul mode features smart shift logic that helps to eliminate unwanted frequent gear shifting on steep uphill grades, while allowing engine braking to help maintain vehicle speed when descending a steep grade with a load in tow.

**BACK UP YOUR TRAILER WITH EASE**
Pro Trailer Backup Assist™\(^4,5\) makes backing up your trailer as easy as turning a knob. While your sideview mirrors are your primary visual aid, Pro Trailer Backup Assist features a rear view camera image to help view trailer direction and determine trailer placement. Simply rotate the knob in the direction you want the trailer to go. The system automatically steers Expedition to turn the trailer the desired amount.

**GET A 360° VIEW**
A 360-degree camera with Split-View Display\(^4,5\) features 4 cameras that let you see all sides of the vehicle on the 8” color LCD touchscreen.\(^5\) It works at low speeds in Forward and Reverse.
Command Confidently
With All-Around Assistance.

Expedition driver-assist features can help prevent a collision with a vehicle or pedestrian, help keep you centered in your lane, and warn you of vehicles detected in your blind spots. Expedition can even take the hassle out of parking with enhanced active park assist. It not only assists you in finding a spot, it steers the vehicle into it while you control the brake, accelerator and rotary gear shift dial. As you pull out of a parallel spot, it provides assistance as well.

IN TRAFFIC
Adaptive cruise control with stop-and-go actively controls acceleration and braking based on the speed you set, automatically adjusting that speed to maintain 1 of 4 preset gaps from the vehicle directly in front of you. The system can be used in both high and low speeds, and can even follow that vehicle to a complete stop.

WHEN CHANGING LANES
BLIS® (Blind Spot Information System) with trailer coverage warns you if it detects a vehicle in either of your blind spots while driving forward. Optimized for Expedition, the range of BLIS can be programmed and extended to include a conventional trailer. When not towing, cross-traffic alert notifies you of vehicles approaching from the sides while in Reverse.

WHEN NECESSARY
Pre-Collision Assist with Pedestrian Detection can alert you with visible and audible warnings if a potential collision with a vehicle or pedestrian is detected. If the system determines a collision is imminent, active braking may automatically apply the brakes.

BETWEEN THE LINES
Drifting out of your lane? The Lane-Keeping System can help. By applying steering wheel torque, and even alerting you with gentle steering wheel vibrations, it helps direct you to return to your lane. If it detects you’ve come too close to – or crossed – the lane markers multiple times, a Driver Alert System displays a coffee cup icon to suggest taking a break from driving.

---

1 Available feature. 2 Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. 3 BLIS replaces standard integrated blind spot mirrors. 4 Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner’s manual for system limitations. 5 Lane-Keeping System does not control steering.
ASCEND THE SUMMIT WITH PLATINUM

You’ve reached the pinnacle. Up here, 22" polished aluminum wheels command attention. Power-deployable running boards with polished stainless accents extend to give you a lift. An enhanced 3.5L EcoBoost® engine delivers 400 horsepower¹ and 480 lb.-ft. of torque. While a continuously controlled damping (CCD) suspension makes adjustments in milliseconds to help improve vehicle control. Inside, enjoy the most luxurious Expedition. Real wood accents. Perforated inserts and quilted bolsters that define the luxury leather-trimmed, heated and ventilated multicontour front seats with Active Motion. And every driver-assist technology that Expedition offers is at your service. This is Platinum. Enjoy the view.

¹Horsepower and torque ratings achieved with 93-octane fuel.
MAINTAIN YOUR BALANCE
AdvanceTrac® with RSC® (Roll Stability Control™) enhances vehicle stability in a wide range of conditions. By selectively applying individual brakes and modifying engine power, the system helps keep all 4 wheels firmly planted. In addition, Curve Control helps slow you down if you’re heading into a curve too quickly.

ENHANCE YOUR PEACE OF MIND
A suite of 6 standard airbags includes the patented Safety Canopy® System with rollover sensor. If needed, the system can deploy side-curtain airbags along all 3 vehicle rows. The Individual Tire Pressure Monitoring System allows you to check pressure in each tire. You’ll be notified if any tire’s pressure is low. A numerical value will even tell you how low.

VENTURE OUT WITH CONFIDENCE.
GET OUT THERE
And back, thanks to the exceptional off-road capability provided by the Expedition FX4 Off-Road Package.

TAKE YOUR CROWD AWAY FROM THE CROWDS
With the easy-to-use 4WD with Terrain Management System™ you can select from 7 drive modes that help Expedition FX4 adapt to different road conditions. Skid plates help protect the underbody. A patented electronic limited-slip rear differential can vary power output from side-to-side in low-traction off-road situations, depending on which wheels need extra traction. Off-road-tuned front and rear shocks help keep you in contact with solid ground. While all-terrain tires with thick sidewalls deliver the traction needed over rough terrain. Chrome-plated running boards and 18” Magnetic-painted cast-aluminum wheels set you apart on the trails. Hit the ground running in the most off-road capable Expedition ever – FX4.
### Mechanical
- 4-wheel independent suspension
- Class IV trailer hitch receiver with 7- and 4-pin connectors
- Electric power-assisted steering
- Power 4-wheel disc brakes with Anti-Lock Brake System (ABS)
- Trailer sway control
- Driver-Assist Technology
- Autolamp automatic on/off headlamps
- Hill Descent Control™ (4x4 only)
- Hill start assist
- Reverse Sensing System

### Seating
- 1st-row bucket seats
- 60/40 split PowerFold® 3rd-row seat with power recline

### Interior
- 1st-row center console with armrest and storage bin with lid
- 1st-row map, 2nd- and 3rd-row dome, and rear cargo area lights
- 12V powerpoints (4)
- Auto-dimming rearview mirror
- Cargo Management System
- Cargo net
- Cargo protector
- Coat hooks in 2nd row (2) and 3rd row (2)
- Cupholders (15)
- Driver and front-passenger sliding sun visors with illuminated visor vanity mirrors
- Illuminated Entry System with theater-dimming feature
- Message center with trip computer
- Outside temperature display
- Overhead console with sunglasses holder and conversation mirror
- Particulate air filter
- Push-button start
- Power windows with one-touch-up/-down feature for 1st row
- Rotary gear shift dial
- SiriusXM® Radio with 6-month trial subscription
- Smart-charging USB ports for 1st row (1) and 2nd row (2)
- Steering wheel-mounted cruise and audio controls
- Universal garage door opener

### Exterior
- Configurable daytime running lamps (DRL)
- Easy Fuel® capless fuel filler
- Front tow hooks (4x4 only)
- Intermittent front and rear wipers
- Privacy glass (2nd- and 3rd-row windows, and liftgate window)
- Windshield wiper de-icer
- Safety & Security
- Personal Safety System™ for driver and front passenger includes dual-stage front airbags, safety belt pretensioners, safety belt energy management retractors, safety belt usage sensors, driver’s seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System
- Front-seat side airbags
- Safety Canopy® System with side-curtain airbags and rollover sensor
- 3-point safety belts for all seating positions
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Belt-Minder® front safety belt reminder
- Child-safety rear door locks
- Height-adjustable shoulder safety belts for 1st row
- Individual Tire Pressure Monitoring System (excludes spare)
- LATCH – Lower Anchors and Tether Anchors for Children (all 2nd-row seating positions and 3rd-row outboard seating positions)
- MyKey® technology to help parents encourage responsible driving
- Perimeter alarm
- Rear view camera with backup assist grid lines and washer
- SecuriCode® invisible keypad
- SecuriLock® Passive Anti-Theft System
- SOS Post-Crash Alert System™

Colors are representative only. See your dealer for actual paint/trim options. Additional charge. **Metallic.**
New Vehicle Limited Warranty. We want your Ford Expedition ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Protect Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
