Thank you for your interest in the 2011 Ford F-150. Included in this brochure you’ll find information about:

**CAPABILITY:** Ford F-150 has enormous capability with best-in-class payload, towing and frame strength among full-size trucks under 8,500 lbs. GVWR. F-150 is Built Ford Tough to come through with the dependability you expect in this full-size pickup.

**POWER:** 2011 F-150 features a line of four new engines, including the available EcoBoost™ with its outstanding performance and economy. F-150 has overall leadership in payload and towing, power and economy among full-size pickups under 8,500 lbs. GVWR.

**INTERIOR:** Inside an F-150, seating comfort and acoustical quality are outstanding and the ride very smooth. And there’s the assurance that comes with being surrounded by a sturdy steel safety cage and protected by many standard safety features.

**PRODUCTIVITY:** Who says you have to work hard at being productive? Not someone who drives an F-150 with the driver-configurable LCD Productivity Screen. There’s also Ford SYNC® available, plus the suite of smart tools in the available Ford Work Solutions™.

WAY SMARTER THAN ALL THE REST. THIS IS THE TRUCK OF THE FUTURE.

INTRODUCING THE NEW 2011 F-150

With 4 high-tech new engines, including a revolutionary EcoBoost™ Ti-VCT, the toughest truck lineup in the class is now the most powerful and the most fuel-efficient too. It tows the most in the class – up to 11,300 LBS.¹ It hauls the most – up to 3,060 LBS.² It generates the most available power – up to 411 HP.³ It gets you the most bang for your buck at the pump – up to 23 MPG HWY.⁴ 10 distinctive models. 3 cab configurations. 3 box lengths. Whatever you need a truck to do best, the F-150 lineup delivers. This is the future. This is the new 2011 F-150.

¹Class is Full-Size Pickups under 8,500 lbs. GVWR non-hybrid. Best-in-class payload and towing when properly equipped. ²EPA-estimated 17 city/23 hwy/19 combined mpg on 3.7L V6 4x2.
EVERY POWERTRAIN BEATS THE COMPETITION.

Horsepower, Torque. Or even mpg. The numbers speak for themselves. Get **BEST-IN-CLASS 23 MPG HWY** with the standard 3.7L V6, **BEST-IN-CLASS 411 HP AND 434 LB.-FT. OF TORQUE** with the available 6.2L V8, or your pick of powerful combinations in between. Equipped with the **ONLY STANDARD 6-SPEED AUTOMATIC TRANSMISSION** in the class and the available new SelectShift Automatic, you can’t go wrong. Twin-independent variable cam timing (Ti-VCT) enables precise control of the camshafts on 3 of these high-tech new engines to help deliver better fuel efficiency along with more power. And every one is engineered to meet Built Ford Tough® standards for **LONG-LASTING DURABILITY**. Proven over millions of miles of harsh real-world and laboratory testing, they’ve got what it takes to power the new F-150.

NEW 3.7L TI-VCT 4-VALVE V6 FFV

It’s the most fuel-efficient engine in the class, and it delivers the most horsepower along with torque no other standard V6 can beat. Piston cooling jets inside this engine spray oil directly on the underside of the pistons to help keep them cool under extreme operating conditions. As a Flex Fuel Vehicle (FFV) engine, the 3.7L can run on E85, gasoline or any combination of the two.

17 city/23 hwy/19 combined mpg

NEW 5.0L TI-VCT 4-VALVE V8 FFV

It’s the most fuel-efficient of any comparable V8 engine and it delivers the most horsepower, torque and capability. The intake camshaft on this engine is specifically designed to help achieve its low-end torque. It also features cast exhaust manifolds and a unique engine oil cooler for heavy-duty use and durability.

15 city/21 hwy/17 combined mpg

NEW 6.2L 2-VALVE V8

This free-breathing Ford-built beast delivers the most horsepower and torque available on any engine in the class. Baja-tested by the Ford Special Vehicle Team (SVT) and already proven in the 2011 Super Duty, it boasts a cast-iron engine block with 4-bolt main bearing caps and 2 additional cross bolts for extreme durability. Using 2 spark plugs per cylinder helps improve efficiency and increase engine torque.

13 city/18 hwy/14 combined mpg

NEW 3.5L ECOBOOST TI-VCT

This innovative new engine delivers the highest max. towing and payload capabilities in the class along with fuel efficiency no competitor can beat. Twin turbochargers combine with high-pressure direct injection for a remarkably balanced performance. Read on to see how EcoBoost is advancing the future of truck.

1EPA-estimated 17 city/23 hwy/19 combined mpg on 3.7L V6 4x2. 2EPA-estimated non-hybrid 4x2 engine fuel economy. 3Small V8 engines of 5.0L or less displacement.
The future is now. Introducing the innovative new 3.5L EcoBoost™ Ti-VCT direct-injection twin-turbo engine. The first engine of its kind available in any full-size pickup, EcoBoost is the ideal choice for towing and hauling. It utilizes advanced technology and engineering similar to that found in heavy-duty turbo-diesel truck engines to help F-150 deliver a BEST-IN-CLASS MIX OF TORQUE, CAPABILITY AND EFFICIENCY. It can tow more than any competitor (up to 11,300 lbs.); haul more (up to 3,060 lbs.); give you more torque (420 lb.-ft.) and do it all efficiently. Extensive durability testing pushed EcoBoost to extremes, ensuring that it is BUILT FORD TOUGH®. Lab tests ran it at full-boost for over 1,900 hours straight. And deep thermal shock cycles repeatedly tortured it with abrupt 250° temperature swings, replicating 10 years of use in the harshest environments. This is the most productive truck engine in the class.

- BEST-IN-CLASS TORQUE
- BEST-IN-CLASS TOWING
- BEST-IN-CLASS PAYLOAD
- UNBEATEN FUEL EFFICIENCY

*When properly equipped.

TORQUE BEATS ALL COMPETITORS with the new 3.5L EcoBoost Ti-VCT. It reaches over 90% of peak torque way down at 1,700 rpm and holds strong all the way up through 5,000 rpm.

TWIN TURBOCHARGERS create exceptional power by recycling exhaust gas through turbines – spinning up to 205,000 rpm – to pressurize or “boost” the air that mixes with atomized fuel in the combustion chamber. The turbo’s convection cooling system works even after the engine is turned off, to help eliminate the extreme-heat issue of coking. And performance is unaffected in high-altitude environments.

HIGH-PRESSURE DIRECT INJECTION employs a precise spray pattern to disperse fuel directly into the chamber during intake, contributing to clean, fuel-efficient operation. Fuel literally atomizes with pressurized air before the spark ignites the mixture during the compression stroke. Combining the proven diesel truck engine technologies of direct injection and turbocharging in this new gasoline engine results in smooth, immediate acceleration. In any gear. At any speed.
THE BEST.
WHATEVER
THE MEASURE:
HP. LB.-FT. MPG. LBS.

THE NEW
F-150

BEST PERFORMANCE
- Best-in-class 411 hp with available 6.2L 2-Valve V8
- Best-in-class torque: 434 lb.-ft. with available 6.2L 2-Valve V8 or 420 lb.-ft. with available 3.5L EcoBoost™ Ti-VCT

BEST MPG
- Best-in-class standard 17 city/23 hwy/19 combined mpg¹ on 3.7L V6
- Best of any comparable V8: 21 mpg¹ hwy on 5.0L V8

BEST TOWING
- Best-in-class max. towing capability: 11,300 lbs.³
- Standard trailer sway control
- Available trailer brake controller, rear view camera and telescoping trailer tow mirrors

BEST PAYLOAD
- Best-in-class max. payload capability: 3,060 lbs.³
- Best-in-class cargo box volume: 81.3 cu. ft.
- Class-exclusive available box side steps
- Class-exclusive available tailgate step

BEST OVERALL – ECOBOOST
- No competitor can beat 16 city/22 hwy/18 combined mpg⁴
- 420 lb.-ft. of torque
- 11,300-lb. max. towing capability
- 3,060-lb. max. payload capability

¹EPA-estimated non-hybrid 4x2 engine fuel economy. ²Small V8 engines of 5.0L or less displacement. ³Maximum capability when properly equipped. See your Ford Dealer for specific equipment and other limitations.
TOWS THE MOST
WITH UNMATCHED CONFIDENCE.

F-150 is the first and only truck to combine best-in-class max. towing capability of up to 11,300 lbs. in every cab type, the stabilization technology of standard trailer sway control, and an optional integrated trailer brake controller, offering you a level of TOWING CONFIDENCE NO OTHER TRUCK CAN TOUCH. New for 2011, the standard 6-speed transmission with available SelectShift Automatic™ (included in all Trailer Tow Packages) features a progressive Range Select mode you can use to LOCK OUT UPPER GEARS FOR BETTER PERFORMANCE when the truck is heavily loaded or when towing on grades. Rest assured, your trailer’s reign of terror is over.

BEST-IN-CLASS TOWING
11,300 LBS.
ACROSS ALL 3 CABS

TRAILER BRAKE CONTROLLER is a factory-integrated option that uses braking input, vehicle speed and information from the vehicle’s Anti-Lock Brake System (ABS) to balance the performance of the truck brakes and electric trailer brakes.

REAR VIEW CAMERA option displays a full-color image in your auto-dimming rearview mirror or on the available Navigation System’s 8-in. screen (shown). Just shift into Reverse for a wide-angle view behind the truck, complete with a distance guide. The rearview mirror display is 37.5% larger this year.

TRAILER SWAY CONTROL uses a yaw motion sensor in the ADVANCETRAC® WITH RSC® (ROLL STABILITY CONTROL™) system to detect trailer sway through the motions of the truck. AdvanceTrac can then automatically take countermeasures, such as selective wheel braking and reducing engine torque, to help you maintain control of both the truck and the trailer.

*Maximum capability when properly equipped. See your Ford Dealer for specific equipment and other limitations. †Trailer brake controller verified to be compatible with electrically actuated drum brakes and certain electric-over-hydraulic brake systems. See your Ford Dealer for details. ‡Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
HAULS THE MOST
AND MAKES IT EASIER TO ACCESS.

This truck knows how to HANDLE ANY SITUATION. From lumber to pavers to your latest challenge, transporting even the heaviest cargo is fast and easy with F-150. You get:

- **BEST-IN-CLASS MAX. PAYLOAD**$^1$ CAPABILITY (3,060 lbs.)
- **BEST-IN-CLASS CARGO BOX VOLUME** (up to 81.3 cu. ft.)
- **BEST AVAILABLE PICKUP BOX ACCESS** (optional steps on all 3 sides)

Year after year, Ford puts practical new features on the road before anybody else to help you GET THE MOST OUT OF EVERY DAY. Features like the available class-exclusive tailgate step and box side steps, and the STOWABLE BED EXTENDER option. All ready whenever you need them. F-150 is the hardest working, most productive truck out there.

**BEST-IN-CLASS PAYLOAD**$^1$
3,060 LBS.

$^1$Maximum capability when properly equipped. See your Ford Dealer for specific equipment and other limitations.

TAILGATE STEP is a class-exclusive option that makes accessing the cargo box easy. Just raise the grab bar and flip down the skid-resistant step. Stows in the tailgate.

BOX SIDE STEPS are another class-exclusive F-150 option. There’s one on each side of the box and each can handle up to 500 lbs. No hands required – you can deploy or stow them with your foot.
CUTTING-EDGE TECHNOLOGY
EASES YOUR DRIVE.

In so many ways. Take the standard electric power-assisted rack-and-pinion steering that makes PARKING AND OTHER LOW-SPEED MANEUVERS MUCH EASIER on you while helping F-150 achieve better fuel efficiency compared to hydraulic systems. This new steering system even counteracts the pull of a crowned road or steady crosswind and damps out steering wheel vibration from small road irregularities. Smart, voice-activated options like the ultra-capable Navigation System and our exclusive Ford SYNC® help KEEP YOU CONNECTED, ENTERTAINED AND MORE with your hands on the wheel and your eyes on the road.

NEW 4.2-IN. LCD PRODUCTIVITY SCREEN
displays engaging, easy-to-use menus that can help you track fuel usage, explore unique truck applications and even properly connect your trailer. Steering wheel-mounted 5-way controls enable you to keep both hands on the wheel while utilizing this available technology.

NAVIGATION SYSTEM features a vibrant 8-in. LCD touch screen with colorful maps that you can zoom and scroll, paired with a premium AUDIO SYSTEM FROM SONY including in-dash single-CD player. New for 2011, HD RADIO™ technology helps it deliver your favorite AM and FM channels, plus new local FM channels, in crystal-clear digital sound. This available system plays DVDs when in Park and provides nearly 10 gigs of storage space for your music and photos. It also includes an introductory 6-month subscription to SIRIUS TRAFFIC and SIRIUS TRAVEL LINK© which provides continuously updated traffic information, plus fuel prices, weather reports, movie listings, sports scores and more.

VOICE-ACTIVATED FORD SYNC is an award-winning, available system that works with your paired Bluetooth®-enabled mobile phone and your digital media player. It provides hands-free calling, plays music, and delivers Vehicle Health Reports and 911 ASSIST.™ All with the touch of a button and voice commands. SYNC with TRAFFIC, DIRECTIONS AND INFORMATION services provides turn-by-turn directions, personalized traffic alerts and more© SYNCDMYRIDE.COM has the latest details. SYNC. Say the word.

SIRIUS® SATELLITE RADIO, available on many models, features an introductory 6-month subscription to over 130 channels including 100% commercial-free music, plus the best in sports, news, talk and entertainment, 24/7, coast-to-coast. New for 2011, you can add The Best of XM at no charge.©

©Service available in the 48 contiguous states and DC. Some Sirius Traffic and Sirius Travel Link features are unavailable while driving. Traffic updates available in select markets. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio, Inc. Subscriptions governed by Sirius Terms and Conditions available at sirius.com, and sold separately after complimentary trial period. ©Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Traffic alerts and turn-by-turn directions available in select markets. Standard text messaging and data rates apply.
It’s true. **F-150 SUPERCREW** delivers an interior experience like no other. We’re talking room to spare, lots of creature comforts, superb cargo space and utmost flexibility – this truck has it all. The **ACTIVE COMFORT** seat-contour design provides just the right amount of support in all the right places, while angled rear seat backs create a more relaxed, natural seating position. The ultra-convenient **ONE-TOUCH 60/40 SPLIT REAR SEAT** folds up to reveal a fully flat load floor. And **IT'S SO QUIET** in here you might forget you’re in a truck.

**MOST USABLE CAB SPACE IN THE CLASS.**

**COMPLETELY FLAT LOAD FLOOR** on SuperCrew models – the only one available in the class. With the rear seat folded up, you’ve got 59.9 cu. ft. of cargo space to fill.

**NEW POWER-TILT/TELESCOPING STEERING COLUMN** includes a memory feature that allows 2 different drivers to store their unique settings and recall them in an instant. Standard on KING RANCH®, PLATINUM, the new LARIAT LIMITED, and Ford Harley-Davidson™ F-150.

**NEW 110-VOLT POWER INVERTER** is conveniently located on the back of the available flow-through center console.

**DUAL-ZONE ELECTRONIC AUTOMATIC TEMPERATURE CONTROL**, standard on LARIAT, KING RANCH, PLATINUM, LARIAT LIMITED and Ford Harley-Davidson F-150, combines with the available **HEATED AND COOLED FRONT SEATS** to help increase your comfort in all climates.
OFF-ROAD WARRIOR, BUILT FOR ACTION.

When it’s time to cut loose, you want the truck that’s built to take whatever you dish out: F-150. BUILT FORD TOUGH® with proven underpinnings. It sits on a double-wishbone, coil-over-shock, independent front suspension with gas shock absorbers and two-stage, variable rate rear leaf springs. FX4 is off-road ready with standard ELECTRONIC SHIFT-ON-THE-FLY 4x4, an electronic-locking rear differential, 3 underbody SKID PLATES and 2 front tow hooks. A new OFF-ROAD PACKAGE including many of these same features is optional on XLT, LARIAT and KING RANCH® 4x4s.

CLASS-EXCLUSIVE OFF-ROAD DISPLAY in the available new LCD Productivity Screen gives you instant feedback on pitch angle, wheel direction and bank angle for more precise maneuvering over treacherous terrain.

ELECTRONIC-LOCKING REAR DIFFERENTIAL uses a true mechanical dog-clutch mechanism to lock both rear axle shafts together so they turn at the same speed for maximum traction. Standard on FX4 and SVT RAPTOR; included in the available new Off-Road Package.
STRONGEST BACKBONE IN THE CLASS.

HYDROFORMED FRAME RAIL DESIGN allows extremely tight tolerances for manufacturing consistency and excellent structural performance.

TWIN-TUBE SHOCKS at all 4 corners help refine the ride and improve control in various road conditions. Rear shocks are mounted outside of the frame rails to reduce body lean and enhance rear axle control.

THROUGHWELDED, FULLY BOXED CROSSMEMBERS are optimized for strength and precisely positioned to create a flat load floor. Throughwelding helps create a highly rigid structure, which mitigates frame flex and contributes to stable towing.

TUNED SHEAR-STYLE BODY MOUNTS help keep road vibration away from the vehicle body so you can enjoy a quiet, comfortable ride.

4-WHEEL DISC BRAKES WITH ANTI-LOCK BRAKE SYSTEM provide the confidence of a firm pedal feel backed by substantial stopping power. Non-Asbestos Organic (NAO) type linings generate less dust for cleaner wheels.

COIL-OVER-SHOCK FRONT SUSPENSION includes control arm bushings for lateral stiffness, while the overall system delivers a smooth ride, crisp steering and excellent control.

WIDE REAR LEAF SPRINGS provide outstanding axle control, while balancing ride smoothness with best-in-class load capability.

Throughwelding helps create a highly rigid structure, which mitigates frame flex and contributes to stable towing.

WIDE REAR LEAF SPRINGS provide outstanding axle control, while balancing ride smoothness with best-in-class load capability.

Strategic use of HIGH-STRENGTH STEEL in key structural elements including the fully boxed, ladder-style frame (shown above) and ULTRA-HIGH-STRENGTH STEEL in the passenger safety cage (shown in red at right) helps F-150 deliver its CLASS-LEADING CAPABILITIES while maintaining a lighter weight than it could using plain steels. Every truck gets 6 standard airbags including front-seat side “K” bags and the side-curtain airbags in our Safety Canopy® System. The available MyKey® owner controls feature lets you program an ignition key with specific parameters to help ENCOURAGE SMART DRIVING HABITS. Perfect for work crews, it’s one more way F-150 offers you peace of mind.
STANDARD FEATURES

MECHANICAL
90,000-mile tune-up interval
Easy Fuel® capless fuel filler
Electronic brakeforce distribution (EBD)
Fail-Safe Engine Cooling System
Front stabilizer bar
Gas-pressurized twin-tube shock absorbers
Hood-open assist mechanisms
Jack (2-ton)
Lightweight aluminum hood
Maintenance-free 78-amp-hr, 750-CCA battery with battery saver
Parking brake, foot-operated with hand-release
Power 4-wheel vented-disc brakes with ABS
Power rack-and-pinion steering
Spare tire with underframe winch with safety catch
Stainless steel exhaust system (major components)
Suspension — Front: long-spindle, double-wishbone coil-over-shock; rear: leaf springs
Trailer tow with 4-pin connector

INTERIOR
Assist/grab handle for right-front passenger
Assist/grab handles at rear outboard positions (SuperCrew)
Coat hooks (2)
Display center
Dual-note horn
Front cupholders (2 deployable under center seat or in floor console, and 1 in each front-door map pocket)
Front dome or map lights
Front-door map pockets
Gauges for fuel, oil pressure and engine coolant temperature; tachometer; voltmeter; speedometer; and odometer
Glove compartment
Powerpoints in front (all models) and rear (in SuperCab and SuperCrew models)
Tilt steering column

NEW F-150

Aerodynamic clear-lens dual-beam halogen headlamps
Cargo box lamp integrated into center high-mounted stop lamp
Cargo box tie-downs (4)
Outer door-sill scuff pads
Removable tailgate with key lock and tailgate assist
Stake-bed pockets
Stone guards, front and rear
Tow hooks (2 in front; 4x4 only)
Windshield wipers – Intermittent

SAFETY & SECURITY
3-point safety belts for all front and all rear seat positions
AdvanceTrac® with RSC® (Roll Stability Control™)
Alert chimes for headlamps-on, key-in-ignition and safety belt Belt-Minder™ front safety belt reminder
Brake/shift interlock
Front-seat side airbags
Fuel pump inertia shutoff switch
LATCH — Lower Anchors and Tether Anchors for Children
Personal Safety System™ for driver and right-front passenger includes dual-stage front airbags; safety belt pretensioners, safety belt energy-management restraints, safety belt usage sensors, driver’s seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System
Safety Canopy® System with side-curtain airbags for all rows and rollover sensor
SecuriLock® Passive Anti-Theft System
Side-intrusion door beams
SOS Post-Crash Alert System™
Spare tire/wheel lock
Tire Pressure Monitoring System (excludes spare)
Trailer sway control

New Vehicle Limited Warranty. We want your Ford F-150 ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/ unlimited-mile corrosion (perforation) coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford dealerships.

STX
Includes select XL features, plus:

**MECHANICAL**
- 3.7L Ti-VCT 4-valve V6 FFV engine
- 17-in. machined aluminum wheels
- P255/65R17 OWL all-season tires (4x2)
- P265/70R17 OWL all-terrain tires (4x4)

**SEATING**
- 40/20/40 split cloth front seat
- Manual driver lumbar

**INTERIOR**
- AM/FM stereo/single-CD player with clock
- Accessory delay for power features
- Auxiliary audio input jack
- Cruise control
- Customer information display with external temperature
- MyKey® owner controls feature
- Power door locks
- Power windows with front one-touch-up/-down feature

**EXTERIOR**
- Body-color front bumper with body-color upper fascia
- Body-color grille surround with black bar-style insert
- Body-color rear step bumper
- Power sideview mirrors
- Remote Keyless Entry System with 2 integrated keyhead transmitter remotes with panic button, and Illuminated Entry System

XLT
Includes select STX features, plus:

**MECHANICAL**
- 3.7L Ti-VCT 4-valve V6 FFV engine (Regular Cab, 4x2 SuperCab and 4x2 SuperCrew 145-in. WB)
- 5.0L Ti-VCT 4-valve V8 FFV engine (4x4 SuperCab, 4x4 SuperCrew and 4x2 SuperCrew 157-in. WB)
- 17-in. machined aluminum wheels with painted accents
- P235/75R17 BSW all-terrain tires (Regular Cab and SuperCab)
- P255/65R17 OWL all-season tires (SuperCrew 4x2)
- P265/70R17 OWL all-terrain tires (SuperCrew 4x4)

**INTERIOR**
- Autolamp
- Color-coordinated carpeted floor mats
- Color-coordinated carpeted flooring
- Color-coordinated urethane steering wheel
- Compass
- Driver and passenger-side visors with covered vanity mirrors
- Fade-to-off interior lighting
- Fixed rear window with privacy tint
- Overhead console with storage bins and map lights (SuperCab and SuperCrew)

**EXTERIOR**
- Chrome front bumper with body-color upper fascia
- Chrome grille surround with chrome bar-style insert
- Chrome rear step bumper
- Fog lamps

FX2/FX4
Includes select XL features, plus:

**MECHANICAL**
- 5.0L Ti-VCT 4-valve V8 FFV engine
- SelectShift Automatic™ transmission
- 4x2 (FX2)
- 4x4 (FX4)

- Electronic-locking differential rear axle (FX4)
- Skid plates (FX4; front differential, transfer case and fuel tank)
- Trailer Tow Package
- 18-in. machined aluminum wheels
- P265/60R18 OWL all-season tires (FX2)
- P275/65R18 OWL all-terrain tires (FX4)

**SEATING**
- 6-way power driver’s seat
- Manual driver and passenger lumbar
- Sport cloth front bucket seats with flow-through console and floor shifter

**INTERIOR**
- 110-volt power inverter
- Auto-dimming rearview mirror
- Black leather-wrapped steering wheel
- Black rubber off-road floor mats (FX4)
- Color-coordinated carpeted floor mats (FX2)
- Ford SYNC® voice-activated, in-vehicle connectivity system
- Manually telescoping steering column
- Message center with 4.2-in. LCD screen and trip computer
- Rear-window defroster
- Sirius Satellite Radio with introductory 6-month subscription
- Steering wheel-mounted SYNC and audio controls

**EXTERIOR**
- 6-in. gray angular running boards (FX2)
- Black headlamp and taillamp surrounds
- Body-color door and tailgate handles
- Body-color front bumper with body-color upper fascia
- Body-color grille surround with gray billet-style insert
- Body-color rear step bumper
- Body-color sideview mirror caps
- Body-color wheel-lip moldings (FX2)
- SecuriCode™ keyless entry keypad
- Sterling Gray wheel-lip moldings (FX4)
LARIAT
Includes select XLT features, plus:

NEW F-150
2011
FORD WORK SOLUTIONS™ help increase your productivity with smart options like CABLE LOCK (A) by Master Lock®. This 10-ft, vinyl-coated, retractable, braided-steel cable spools out of a rugged case mounted right in your cargo box, making it easy to secure your gear. An available INTERNET-CAPABLE IN-DASH COMPUTER (B) features Garmin® navigation, hands-free calling, and a convenient touch screen with wireless keyboard! The available Tool Link™ system uses RFID (radio frequency ID) technology from DeWALT® to help track your tools before and after each job. The available Crew Chief™ fleet management system from Microlise® helps track your vehicles and keep them in shape with maintenance reports.

STOWABLE BED EXTENDER (C) folds out, clamps together and secures with a bolt-action latch. Made of rugged fiberglass-reinforced polypropylene, this optional 21-in.-tall barrier lets you haul with the tailgate down or secure smaller loads with the tailgate up.

REMOTE START SYSTEM (D) is new for 2011. In addition to starting your truck, this factory-installed feature can automatically adjust the cabin temperature based on the temperature outside. It will even activate the heated and cooled front seats (if equipped). You’ll find it standard on KING RANCH®, PLATINUM, LARIAT LIMITED and Ford Harley-Davidson™ F-150.

POWER-ADJUSTABLE PEDALS (E) enable drivers to customize the placement of their brake and accelerator pedals for optimal comfort and precise control. Available on XLT, FX2 and FX4; standard and includes memory feature on LARIAT, KING RANCH®, PLATINUM, LARIAT LIMITED and Ford Harley-Davidson F-150.

TRAILER TOW MIRRORS (F) manually telescope and fold forward or backward so you can get through tight spaces. Whether you’re towing or not, the large viewing area and convex lens on these available mirrors help improve visibility and reduce blind spots.

---

*Some features are unavailable while driving. Not available with SYNC or Sirius Satellite Radio. See your dealer for details. *Tool Link system cannot read tagged items stored in metal tool boxes. *Service fee required. *Shown with aftermarket bedliner.
