Thank you for your interest in the new 2012 F-150. Included in this brochure you’ll find information about:

CAPABILITY: Ford F-150 has enormous capability with best-in-class payload, towing and frame strength among full-size trucks under 8,500 lbs. GVWR. F-150 is Built Ford Tough to come through with the dependability you expect in this full-size pickup.

POWER: F-150 features a line of four engines, including the available EcoBoost™ with its outstanding performance and economy. F-150 has overall leadership in payload and towing, power and economy among full-size pickups under 8,500 lbs. GVWR.

INTERIOR: Inside an F-150, seating comfort and acoustical quality are outstanding and the ride very smooth. And there's the assurance that comes with being surrounded by a sturdy steel safety cage and protected by many standard safety features.

PRODUCTIVITY: Who says you have to work hard at being productive? Not someone who drives an F-150 with the driver-configurable LCD Productivity Screen. There's also the available Ford SYNC® and Navigation System helping keep you connected.

EXPERIENCED MY FORD YET? Get an inside look at the benefits of Ford ownership at the My Ford owner Web site. It’s a one-stop spot for managing important vehicle information – 24/7, whenever you need it. It’s free to register for personalized maintenance schedules, incentives and offers, and much more. You can even access your Ford Credit information and online bill payment services. Log on to www.myford.fordvehicles.com to get started.
With 4 high-tech engines, including our revolutionary EcoBoost, the toughest truck lineup in the class is also the most powerful and the most fuel efficient. It tows the most – up to 11,300 lbs. It hauls the most – up to 3,120 lbs. It generates the most available power – up to 411 hp. It gets you the most bang for your buck at the pump – up to 23 mpg hwy. 9 distinctive models. 3 cab configurations. 3 box lengths. Whatever you need a truck to do best, the F-150 lineup delivers. No wonder F-Series has been America’s best-selling truck for 34 years.

FX4 SuperCrew, Tuxedo Black. Available equipment.

1 Class is Full-Size Pickups under 8,500 lbs. GVWR non-hybrid. Best-in-class payload and towing when properly equipped.

2 EPA-estimated 17 city/23 hwy/19 combined mpg on 3.7L V6 4x2.
IT SETS THE BENCHMARK. AGAIN. AND AGAIN.

Best Performance
- Best-in-class horsepower: 411 with available 6.2L 2-valve V8
- Best-in-class torque: 420 lb.-ft. with available 3.5L EcoBoost® and 434 lb.-ft. with available 6.2L 2-valve V8

Best Fuel Economy
- Best-in-class mpg: 17 city/23 hwy/19 combined with 3.7L V6
- Best of any comparable V8: 21 mpg hwy with 5.0L V8

Best Towing
- Best-in-class max. towing capability: 11,300 lbs.
- Standard trailer sway control
- Available trailer brake controller, rear view camera and telescoping trailer tow mirrors

Best Payload
- Best-in-class max. payload capability: 3,120 lbs.
- Best-in-class cargo box volume: 81.3 cu. ft.
- Standard trailer sway control
- Class-exclusive available box side steps
- Class-exclusive available tailgate step

Best Overall – EcoBoost
- No competitor can beat 16 city/22 hwy/18 combined mpg
- 420 lb.-ft. of torque
- 11,300-lb. max. towing capability
- 3,100-lb. max. payload capability

1EPA-estimated non-hybrid engine 4x2 fuel economy. 2Small V8 engines of 5.0L or less displacement. 3Maximum capability when properly equipped. See your Ford Dealer for specific equipment and other limitations.

Vehicles shown on closed course with professional drivers. Obey all laws. Respect the environment. Know your vehicle, the course and required equipment before high-speed off-roading.
Counterclockwise from upper left: 3.5L EcoBoost, 3.7L V6, 5.0L V8 and 6.2L V8.

Horsepower. Torque. Or even mpg. The numbers speak for themselves. Get best-in-class 23 mpg hwy\(^1\) with the standard 3.7L V6, best-in-class 411 hp and 434 lb.-ft. of torque with the 6.2L V8\(^2\) or your pick of powerful combinations in between. With the only standard 6-speed automatic transmission in the class and available SelectShift Automatic\(^6\) you can't go wrong.

Twin independent variable cam timing (Ti-VCT) enables precise control of the camshafts on 3 of these high-tech engines to help give you better fuel efficiency and more power than their predecessors. Engineered to meet the most stringent standards for long-lasting durability, every engine in this lineup is proven over millions of miles of harsh laboratory and real-world testing. They're all Built Ford Tough\(^8\).

### 4 Choices: Each One Beats Its Competition

#### 3.7L Ti-VCT 4-Valve V6 FFV
It's the most fuel-efficient engine in the class, and it delivers the most horsepower, along with torque no other standard V6 can beat. Piston-cooling jets inside this engine spray oil directly on the underside of the pistons to help keep them cool under extreme operating conditions. As a flex-fuel vehicle (FFV) engine, the 3.7L can run on E85, gasoline or any combination of the two.

*17 city/23 hwy/19 combined mpg*\(^4\)

#### 5.0L Ti-VCT 4-Valve V8 FFV
It's the most fuel-efficient of any comparable\(^5\) V8 engine\(^2\) and it delivers the most horsepower, torque, towing and payload capabilities. The intake camshaft on this engine is specifically designed to help achieve its low-end torque. It also features cast exhaust manifolds and a unique engine oil cooler for heavy-duty use and durability.

*15 city/21 hwy/17 combined mpg*\(^4\)

#### 3.5L EcoBoost Ti-VCT
This innovative engine delivers the highest max. towing and payload capabilities in the class along with fuel efficiency no competitor can beat. Twin turbochargers combine with high-pressure direct injection for remarkably balanced performance. Turn the page for more on the revolutionary EcoBoost\(^2\).

*16 city/22 hwy/18 combined mpg*\(^4\)

#### 6.2L 2-Valve V8
This free-breathing beast delivers the most horsepower and torque available on any engine in the class. Baja-tested by the Ford Special Vehicle Team (SVT) and shared with F-Series Super Duty\(^6\), the proven 6.2L boasts a cast-iron engine block with 4-bolt main bearing caps and 2 additional cross bolts for extreme durability. Utilizing 2 spark plugs per cylinder helps improve efficiency and increase engine torque.

*13 city/18 hwy/14 combined mpg*\(^4\)

\(^1\)EPA-estimated 17 city/23 hwy/19 combined mpg on 3.7L V6 4x2. \(^2\)Available feature. \(^3\)6.2L horsepower and torque achieved with premium fuel. \(^4\)EPA-estimated 4x2 fuel economy. \(^5\)Small V8 engines of 5.0L or less displacement.
F-150 equipped with our 3.5L EcoBoost® direct-injection twin-turbo engine delivers a best-in-class mix of torque, capability and fuel economy. It tows more than any competitor (up to 11,300 lbs.); hails more (up to 3,100 lbs.); gives you more torque (420 lb.-ft.) and delivers up to an unsurpassed 22 mpg hwy.\(^1\) New for this year, a 36-gallon fuel tank is standard on EcoBoost 4x4s, which means you could go over 750 hwy miles without a pit stop. The ideal choice for towing and hauling, this innovative engine combines advanced technology with proven engineering similar to that found in some of the best heavy-duty turbo-diesel truck engines. Extensive durability testing, equivalent to 1.6 million miles and 10 years of use in the harshest environments, pushed EcoBoost to extremes as it earned its place in the Built Ford Tough® lineup.

![Torque Graph](image)

**Torque that beats all competitors.** The 3.5L EcoBoost generates over 90% of its peak torque from way down at 1,700 rpm all the way up through 5,000 rpm.

---

LARIAT SuperCrew 4x2. LARIAT Chrome Package. Red Candy. Available equipment.

\(^1\)When properly equipped. \(^2\)EPA-estimated non-hybrid engine 4x2 fuel economy: 16 city/22 hwy/18 combined mpg.
TOW MORE. SWEAT LESS.

F-150 is the first and only truck to combine best-in-class max. towing capability of up to 11,300 lbs. in every cab type, the stabilization technology of standard trailer sway control, and an integrated trailer brake controller, offering you a level of towing confidence no other full-size pickup can touch.

New for 2012, standard hill start assist helps prevent you from rolling back on a grade by momentarily maintaining brake pressure until the engine delivers enough torque to move the truck up the hill. On trucks equipped with the trailer brake controller, it can automatically apply your trailer brake too. Included in every Trailer Tow Package, our 6-speed SelectShift Automatic transmission features a progressive range select mode you can use to lock-out upper gears for better performance when the truck is heavily loaded or when towing on grades. Rest assured, your trailer’s reign of terror is over.

Helps you keep it in line. Our standard trailer sway control uses a yaw motion sensor to monitor the motions of your truck and detect trailer sway. It can automatically react when sway is detected by selectively braking and reducing engine torque to help you maintain control of both the truck and the trailer.

Optimizes braking. The factory-integrated trailer brake controller uses braking input, vehicle speed and information from the vehicle’s Anti-Lock Brake System (ABS) to balance the performance of the truck brakes and electric trailer brakes.

Helps you line it up. The rear view camera displays a full-color image in your auto-dimming rearview mirror or on the Navigation System’s 8” screen (shown). Just shift into Reverse for a wide-angle view behind the truck, complete with a distance guide.

Best-in-Class Towing

11,300 LBS.

Across All 3 Cabs

Maximum capability when properly equipped. See your Ford Dealer for specific equipment and other limitations. Available feature. Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. Trailer brake controller verified to be compatible with electrically actuated drum brakes and certain electric-over-hydraulic brake systems. See your Ford Dealer for details.

2012 F-150 ford.com
Built on the strongest frame in the class, F-150 is specifically engineered to excel at cargo hauling. Each crossmember on its fully boxed frame is precisely positioned to create a flat load floor, then throughwelded to help create a highly rigid structure, which minimizes frame flex and contributes to stable hauling and towing. More ways you benefit from this rugged design: best-in-class 3,120-lb. max. payload\(^1\) capability and best-in-class cargo box volume of up to 81.3 cu. ft. Even managing your cargo is easier thanks to the best pickup box access\(^2\) in the class — steps on all 3 sides including our class-exclusive tailgate step\(^2\) and box side steps.\(^2\) Any way you stack it, F-150 is the hardest working, most productive truck out there.

**Backbreaking work? Not when you’ve got F-150.**

\(^1\)Maximum capability when properly equipped. See your Ford Dealer for specific equipment and other limitations.\(^2\)Available feature.
ROCK ROUGH TERRAIN LIKE NEVER BEFORE.

Our Baja-proven, high-speed, off-road performance truck, F-150 SVT RAPTOR, gets a new TORSEN® front differential with its 4.10:1 axle ratio this year, adding serious slow-speed rock-crawling prowess to its long list of outstanding off-road capabilities. Built Ford Tough® with rugged underpinnings, every F-150 starts with a double-wishbone, coil-over-shock, independent front suspension including gas shock absorbers and two-stage, variable-rate rear leaf springs. Equip yours with our electronic shift-on-the-fly 4x4, class-exclusive front view camera, electronic-locking rear differential, underbody skid plates and front tow hooks to make sure you’re off-road ready right from the start.

Enhances capability on 4x2s and 4x4s. The electronic-locking rear differential uses a true mechanical dog-clutch mechanism to lock both rear axle shafts together so they turn at the same speed for maximum traction. Now available on all models, it improves 4x2 traction when towing and when traveling on sand or other loose surfaces. Standard on FX4 and SVT RAPTOR.

Tracks the action. Monitor your pitch angle, bank angle and wheel direction with our class-exclusive off-road display in the LCD productivity screen! Class-exclusive front view camera. Available only on SVT RAPTOR, this new camera displays a wide-angle view from the front grille onto your Navigation System’s full-color 8” screen. Activated through the LCD productivity screen when you’re off-roading at low speeds, it even includes a built-in lens washer to help keep your view clear.

SVT RAPTOR SuperCrew, Ingot Silver. Available equipment.

1Available feature. 2Not available with 3.7L V6.
2011 "TOp SAFETY PICK."

Travel with confidence knowing F-150 SuperCrew has attained the highest possible rating1 from the Insurance Institute for Highway Safety (IIHS) for 2011. In fact, no other brand offers you more 2011 "Top Safety Pick" vehicles than Ford. Our engineers are constantly developing and advancing safety technologies to help give you peace of mind out there on the road.

Masters challenging moments.
Our standard AdvanceTrac® with RSC® (Roll Stability Control™) is the only electronic stability control system in the class that uses 2 gyroscopic sensors to help keep all 4 wheels firmly planted2. It automatically helps avoid skidding and fishtailing, and is particularly beneficial in inclement weather.

Personalizes your protection.
The advanced Personal Safety System™ uses sensors to control deployment of the dual-stage front airbags in certain frontal collisions. Front-seat side airbags deploy in certain side-impact collisions. And our Safety Canopy® System enhances protection with a rollover sensor and side-curtain airbags.

Promotes smart driving.
Our exclusive MyKey® allows you to program ignition keys with reminders to drive at appropriate speeds, keep the audio volume low and much more.

Sends an SOS for you.
The SOS Post-Crash Alert System™ can automatically flash the hazard lights and sound the horn after an airbag has deployed or a safety belt pretensioner has activated in certain collisions.4 No subscription required.

Directly contacts 911.
Ford SYNC3 with 911 Assist® uses your phone to call 911 in the event of airbag deployment or fuel pump shutoff. The system can even send the operator an urgent message and your vehicle’s location.5

---

1SuperCrew models built after Feb. 2011, 2012 model year not yet tested. 2Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. 3Available feature. 4SOS hardware may become damaged or the battery may lose power in a crash, which could prevent operation. Not all crashes will activate an airbag or safety belt pretensioner. 5The vehicle’s electrical system (including the battery), the wireless service provider’s signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed. Not all 911 systems are capable of receiving the vehicle location electronically. See your owner’s guide for details.
HANDS CONTROL THE WHEEL.
VOICE CONTROLS THE REST.

Stay connected to calls, music and more with SYNC.

No more searching for your phone. No device on your ear. Connect to your world with voice-activated Ford SYNC.1 Once paired, SYNC recognizes your phone and automatically transfers your contacts to support voice calling. It also plays music from your phone, MP3, USB or iPod.2 Just touch a button on the steering wheel and say things like “Call Kevin,” or “Play playlist: Country.” New AppLink1 lets smartphone users control Pandora3 internet radio (shown) and Stitcher SmartRadio™ by voice too. SYNC also offers 911 Assist® and with an activated SYNC Services account you get business searches,1 turn-by-turn driving directions,1 custom traffic alerts1 and more. Personalize your experience at SyncMyRide.com.

Full-color, voice-activated travel guide with SiriusXM.

The Navigation System2 includes a 6-month trial subscription to SiriusXM Satellite Radio, Traffic and Travel Link3 to bring you over 130 channels of unique content, plus live infotainment services. Get continuously updated traffic information, plus check local fuel prices, weather reports, movie listings, sports scores and more. Play DVDs while F-150 is in Park and store nearly 10 gigs of your digital music. The vibrant 8” LCD touch screen features interactive maps you can zoom and scroll. Of course, it also responds to voice commands for hands-free control.

1Available feature. Requires compatible mobile device. Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Traffic alerts and turn-by-turn directions available in select markets. Subscription may be required. Text message and data rates may apply. 2Available feature. 3SiriusXM Satellite Radio, Traffic and Travel Link subscriptions sold separately or as a package after trial expires. SiriusXM Traffic and Travel Link service available in select markets. Subscriptions are governed by SiriusXM Customer Agreement; see www.siriusxm.com.
F-150 SuperCrew impresses with an interior experience like no other. We're talking room to spare, lots of creature comforts, superb cargo space and utmost flexibility – this truck has it all. The seating is thoughtfully contoured to provide comfortable support in all the right places, including its angled rear seat backs, which create a relaxed, natural seating position. The ultra-convenient one-touch 60/40 split rear seat folds up to reveal a fully flat load floor. And it's so quiet in here you might forget you're in a truck.

Powers your electronics. On the back of the flow-through center console, you'll find both a 110-volt power outlet and a 12-volt powerpoint for recharging your portable devices.

Keeps your cargo level. SuperCrew models feature the only completely flat load floor available in the class. With the one-touch 60/40 split rear seat folded up, they also give you 59.9 cu. ft. of cargo space to fill.
XLT HOLDS NOTHING BACK.

Regular Cab, SuperCab or SuperCrew. Any box size. Best-in-class maximum payload and towing capabilities. F-150 XLT offers you a wide range of configurations. Inside, premium cloth seats welcome you, along with a substantial list of power and convenience features. Step up the exterior by adding the XLT Chrome Package\(^1\) with its eye-catching chrome billet-style grille, 18” chrome-clad aluminum wheels and many other chrome accents. Ease your maneuvering with the Reverse Sensing System\(^1\). Run through a pre-towing checklist in the LCD productivity screen\(^1\) before hitting the road with your trailer. And rely on the SecuriCode™ keyless entry keypad\(^1\) to help you gain access to the truck even when you’re without your keys. Hardworking. Practical. Built Ford Tough.\(^6\) That’s F-150 XLT.

\(^1\)Available feature.
FX CRANKS UP THE INTENSITY.

Give your F-150 FX2 or FX4 a streetwise edge with the new FX Appearance Package! The sport leather-trimmed interior includes a unique finish on the flow-through console, instrument panel and other key touchpoints, plus bold red piping and perfs on the seating. Outside, the distinctive grille combines a body-color surround with a gloss black insert. Dramatic 20” 6-spoke flat-black painted aluminum wheels, a chrome exhaust tip, 4” black tubular step bars and exclusive bodyside graphics give this truck an unmistakable profile, while unique badging puts the finishing touch on both fenders and the tailgate. Get ready to stand out.
This F-150 really knows how to treat you right. Leather-trimmed seating with 10-way power adjustment for the driver and right-front passenger, dark woodgrain interior accents, voice-activated Ford SYNC® for your calls, music and more – the list of standards goes on and on. Brighten the exterior with the LARIAT Chrome Package feating a chrome mesh grille insert, 6” chrome angular cab steps, chrome skull caps on the sideview mirrors and more. For even more visual impact, you can add 20” chrome-clad aluminum wheels. Load up to 6 CDs in the 10-speaker, 700-watt Sony® Audio System. Use the convenient new 2-speed automatic 4x4 to tackle all sorts of terrain. And enjoy all kinds of weather with the heated and cooled front bucket seats. When you're ready to discover tough luxury, climb into F-150 LARIAT.
Dramatic new “snakeskin” detailing gives this F-150 a look like no other. Get yours in Tuxedo Black Metallic or White Platinum Metallic Tri-coat with the potent 411-hp 6.2L SOHC V8 packed behind a chrome billet-style grille. Snakeskin bodyside graphics, box side “Harley-Davidson” dimensional lettering, and massive 22” machined aluminum wheels with painted accents and the Harley-Davidson blank Bar & Shield logo set off the profile. Your truck’s limited-edition status is recognized with a cloisonné badge featuring the HARLEY-DAVIDSON Bar & Shield logo and its unique serial number displayed on the flow-through center console’s leather-trimmed lid. When you’re not on your bike, declare your independence in the 2012 Ford Harley-Davidson™ F-150.
F-150 can be equipped with everything from manually telescoping and folding sideview mirrors with a large viewing area and convex lens that are perfect for towing, to power-adjustable interior features that help customize your driving position. You can even expand your cargo capabilities with our rugged stowable bed extender. And you’ve got plenty of style options too. Build the F-150 you want, just the way you want it.

1Available feature. 2Shown with XLT Convenience Package.

1. 6.2L horsepower and torque achieved with premium fuel. 2. Heavy-Duty Payload Package only. 3. Max. Trailer Tow Package only. 4. Ford Harley-Davidson™ F-150 only. 5. SVT RAPTOR only.
New Vehicle Limited Warranty. We want your Ford F-150 ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage—all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty. **Roadside Assistance.** Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages. **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com. **Ford Extended Service Plan.** For a purchase or lease, the Ford Extended Service Plan (ESP) gives you “Peace-of-Mind” protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships. **Insurance Services.** Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company. **Genuine Ford Accessories** will be warranted for whichever provides you the greatest benefit: 12 months or 12,000 miles (whichever occurs first), or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are fully designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
