A FIRST TO BE RECKONED WITH.

The 2016 Ford F-150. The first and only truck in its class¹ with body and bed made from high-strength, military-grade, aluminum alloys.² One awarded the government’s highest safety rating: a 5-Star Overall Vehicle Score.³ This year, with first-in-class Pro Trailer Backup Assist™⁴ and new SYNC³ ³⁵ we’ve engineered the Future of Tough to be more capable than ever.

¹Class is Full-Size Pickups under 8,500 lbs. GVWR based on Ford segmentation. ²6000-series aluminum alloy. ³Government’s 5-Star Safety Ratings are part of the U.S. Department of Transportation’s New Car Assessment Program (www.safercar.gov). ⁴Available feature. ⁵Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply.
LOADED WITH INNOVATION. TO CARRY THE MOST PUNISHING LOADS.

Our first-in-class breakthrough — a truck body and bed made from high-strength, military-grade, aluminum alloys — trims weight to help create a 2016 Ford F-150 that accelerates forcefully. Stops quickly. And leads its class in maximum towing and payload capacity, as well as gas EPA-estimated highway fuel economy.¹

We collaborated with experts to formulate this metal. Then we made it stronger. It doesn’t rust. It resists corrosion. It’s dent- and ding-resistant. In other words, it’s engineered to stand up to punishment.

To carry all this material innovation, we created the strongest frame ever in an F-150. High-strength steel now comprises up to 78% of its fully boxed, modular frame. This incredibly sturdy metal infuses the 8 rugged crossmembers (% are through-welded) and large cross-section frame rails. Enhancing stiffness. And durability.

Since the truck weighs less, you can haul more. Tow more. And do it all more efficiently. That’s just a smarter way to work. And play. The 2016 Ford F-150.

¹EPA-estimated gas rating: 19 city/26 hwy/22 combined mpg, 2.7L EcoBoost, 4x2. Actual mileage will vary.
FIRSTS. BESTS. EXCLUSIVES. NEW FOR 2016.

FIRST-IN-CLASS
- Use of high-strength, military-grade, aluminum alloys¹
- 360-degree camera with Split-view Display²
- Remote tailgate release²
- Inflatable rear-seat outboard safety belts²

BEST-IN-CLASS
- Gas EPA-estimated highway fuel economy rating of 26 mpg³
- Max. towing capacity of 12,200 lbs.⁴
- Max. payload capacity of 3,270 lbs.⁴
- F-Series has been America’s best-selling truck for 38 years

CLASS-EXCLUSIVE
- LED sideview mirror spotlights²
- Active park assist²
- Tailgate step²
- Smart Trailer Tow Connector²
- Twin-panel moonroof²
- BoxLink™ with premium locking cleats²
- Dynamic hitch assist²
- Stowable loading ramps²
- Adaptive cruise control and collision warning with brake support²

NEW FOR 2016
- Segment-first Pro Trailer Backup Assist™²
- SYNC® 3 voice-activated technology⁵
- F-150 LIMITED model
- XLT and LARIAT Special Edition Packages
- CNG/Propane Gaseous Engine Prep Package for 5.0L engine

ALWAYS
- Built Ford Tough®

¹6000-series aluminum alloy. ²Available feature. ³EPA-estimated gas rating: 19 city/26 hwy/22 combined mpg, 2.7L EcoBoost® 4x2. Actual mileage will vary. ⁴Maximum capacity when properly equipped. See your Ford Dealer for specific equipment and other limitations. ⁵Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply.
The 2016 Ford F-150 received the government’s highest safety rating for every cab configuration: a 5-Star Overall Vehicle Score.¹

To help reduce crush into the passenger compartment in certain front, side and rear impacts, a masterful mix of high-strength, military-grade, aluminum alloys works together with a unique frame structure. A patented 12-sided design in the high-strength-steel front-frame horn helps improve front-impact protection, helping dissipate crash energy. Additional through-welded crossmembers bolster side-impact protection. An extruded rocker reinforcement helps reduce cab intrusion in certain front- and side-impacts, while roof strength is reinforced by a hydroformed roof rail supported by an extruded closed-section roof bow.

First-in-class inflatable rear safety belts² for outboard occupants join 6 standard airbags to enhance driver and passenger protection. To reduce injury risk in certain collisions, the fully inflated rear safety belt distributes crash energy across 5 times more of an occupant’s body than a non-inflatable safety belt.

Add to your peace of mind with the knowledge that AdvanceTrac® with RSC® (Roll Stability Control™) is standard on every F-150. Providing enhanced vehicle stability in a wide range of conditions, the system selectively applies individual brakes and modifies engine power to help keep all 4 wheels firmly planted.³

¹Government 5-Star Safety Ratings are part of the U.S. Department of Transportation’s New Car Assessment Program (www.safercar.gov). ²Available feature. SuperCrew® only. ³Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
Built Ford Tough® to endure the most important tests of all.

Yours. We know what you do to your trucks. At work, you punish them. Loading. Hauling. At play, you push them. Mudding. Pulling the heaviest of loads. So it's good to know you're starting with a truck that has already passed our toughest tests.

Built Ford Tough® is our measure of long-lasting durability. And this is the most tested Ford F-150 ever. It's so tough, in fact, that we had to develop new ways to test it. From acidified spray to the unforgiving heat and abrasive sand of Baja, this truck's been to hell. And back.

Engineered for the long haul, F-150 endured over 10 million cumulative miles of testing before the first truck rolled off the line. We applied these same standards to the F-150 engine lineup, which has proven itself over millions of miles of harsh lab and real-world testing. The result?

Ford F-Series has more full-size pickups on the road with 250,000 or more miles than any other full-size truck.¹ So from sunrise to sunset, you can count on F-150 to tow, haul, work and play like no other. No wonder F-Series has been America's best-selling truck for 38 years.

Try to avoid water higher than the bottom of the hubs and proceed slowly. Refer to your Owner's Manual for detailed information regarding driving through water.

¹Based on vehicle registration data and latest odometer readings available to Polk for 1992 and newer model year full-size pickups still on the road in the U.S. as of 04/01/15.
HIGHLY EFFICIENT. HUGELY CAPABLE.

 Equip the 2016 Ford F-150 with our 2.7L EcoBoost® V6¹ and a class-best gas EPA-estimated highway fuel economy rating² of 26 mpg is yours. But there’s more to it than that.

 **This high-output, direct-injection twin-turbo** “Pocket Hercules” pumps out 325 hp and 375 lb.-ft. of torque, so you’ll have up to 8,500-lb. max. towing capacity.³ Plus, up to 2,210-lb. max. payload capacity.³ It’s fuel efficiency — that works.

 **Strength and durability** come from compacted graphite iron (CGI) that forms the upper engine block and cylinders. It’s the same material used in our rugged 6.7L Power Stroke® V8 Turbo Diesel engine, allowing the block to be smaller, lighter and stronger. The lower block and cylinder heads are made of aluminum to save weight.

 **To optimize fuel usage**, Auto Start-Stop is standard with the 2.7L and can shut off the engine when the truck comes to a complete stop. When the brake is released, the engine restarts immediately. Tuned specifically for rigorous truck applications, Auto Start-Stop will not intervene when F-150 is in tow/haul mode, 4-wheel drive (4WD) and other circumstances that require the engine to drive essential accessories.

¹Available feature. ²EPA-estimated gas rating: 19 city/26 hwy/22 combined mpg, 2.7L EcoBoost, 4x2. Actual mileage will vary. ³When properly equipped.
A WIDE RANGE OF POWERFUL CHOICES.

Finding smarter, more efficient ways to get the job done defines F-150. With 4 available engines, all deliver on exceptional efficiency. Without compromising capability.

2 EcoBoost® engines deliver remarkably balanced performance, blending potent low-end torque with impressive efficiency. The 3.5L direct-injection, twin-turbo can tow a class-leading 12,200 lbs. The 2.7L showed its mettle early by completing the Tecate SCORE Baja 1000 off-road racecourse. Both are ready to handle whatever you throw at them. After all, Ford EcoBoost engines now power over 800,000 F-150 trucks.

By improving power-to-weight ratios from the previous generation, each F-150 engine can devote more power to your job. But that’s not all. Light-weighting helps improve their fuel efficiency as well. As does twin independent variable camshaft timing (Ti-VCT). Plus Active Grille Shutters that can close at cruising speed to reduce drag. A new sport mode on the standard 6-speed automatic transmission, and available SelectShift® capability, make that power easy to engage.

A class-exclusive CNG/Propane Gaseous Engine Prep Package readies your V8-equipped F-150 to be upfit for compressed natural gas (CNG), propane autogas, or as a bi-fuel vehicle with the ability to seamlessly switch between CNG or propane and gasoline.

### 3.5L TI-VCT V6
- This highly capable standard engine is designed for impressive power and durability. Twin independent variable camshaft timing (Ti-VCT) provides torque across a wide rpm range, as well as exceptional efficiency.
  - 1,910 lbs. – Max. payload capacity
  - 7,600 lbs. – Max. towing capability
  - 282 @ 6,250 rpm – HP
  - 253 lb.-ft. @ 4,250 rpm – Torque
  - 18 city/25 hwy/20 combined mpg
  - EPA-estimated fuel economy rating

### 3.5L ECOBOOST
- For maximum capability, this direct-injection, twin-turbocharged V6 delivers 90% of its peak torque at 1,700 rpm – which holds on strong up to 5,000 rpm.
  - 3,240 lbs. – Max. payload capacity
  - 12,200 lbs. – Max. towing capability
  - 365 @ 5,000 rpm – HP
  - 420 lb.-ft. @ 2,500 rpm – Torque
  - 17 city/24 hwy/20 combined mpg
  - EPA-estimated fuel economy rating

### 2.7L ECOBOOST
- Our most advanced EcoBoost engine. this high-output V6 features a design that delivers power and performance in a strong, smart package.
  - 2,210 lbs. – Max. payload capacity
  - 8,500 lbs. – Max. towing capability
  - 325 @ 5,750 rpm – HP
  - 375 lb.-ft. @ 3,000 rpm – Torque
  - 19 city/26 hwy/22 combined mpg
  - EPA-estimated fuel economy rating

### 5.0L TI-VCT V8
- Mid-lock variable cam timing enhances fuel efficiency while maintaining this trusted V8’s power and hearty low-end torque. Cast exhaust manifolds and a unique engine oil cooler allow for heavy-duty use and durability.
  - 3,270 lbs. – Max. payload capacity
  - 11,100 lbs. – Max. towing capability
  - 385 @ 5,750 rpm – HP
  - 387 lb.-ft. @ 3,850 rpm – Torque
  - 15 city/22 hwy/18 combined mpg
  - EPA-estimated fuel economy rating

1Available feature. 2Based on comparison of 2014 vs. 2016 torque and curb weight. 3Purchasing an F-150 upfit this way may help you qualify for state incentives related to alternative fuel use, infrastructure or vehicles. Visit afdc.energy.gov/afdclaws for details. 4When properly equipped. 5EPA-estimated ratings for 4x2. Actual mileage will vary.
ROAD MANNERS. BY THE TRUCKLOAD.

F-150 delivers “on-road manners... far better than some cars we’ve driven,” says fourwheeler.com. Its high-strength-steel frame provides torsional rigidity. High-strength, military-grade, aluminum alloys reduce weight. And a double-wishbone, independent front suspension and optimized tuning help smooth out rough spots.

A refined brake system adds stopping confidence. Electric power-assisted steering (EPAS) supplies precise road feel. Staggered outboard rear shocks add stability. The result? A driving dynamic that inspires trust – whether the cargo bed is empty or when working.

For enhanced control going into turns, standard Curve Control\(^1\) can sense when you’re taking a turn too fast. When it does, the system can slow the truck’s speed by as much as 10 mph in about a second to help you maintain control.

Maintain your lane with help from our Lane-Keeping System.\(^2\) It can detect lane markings with a forward-facing camera, and can send vibration pulses to the steering wheel and apply steering torque, if needed, to prompt you to steer back toward center. There’s also a Driver Alert System that warns you in the message center if it detects you could use a break from driving.

\(^1\)Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions.

\(^2\)Available feature. Lane-Keeping System does not control steering. Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle.
WE MADE IT EASY TO TAKE YOUR TURN.

Pro Trailer Backup Assist™ for the 2016 Ford F-150 is segment-first technology that makes the challenge of backing up a trailer easier than ever. At a crowded job site, into a garage, or almost anywhere.

Leveraging advanced camera technology with electric power-assisted steering (EPAS), Ford engineers developed this trailer backing system and tested it for almost a decade. Along the way, 5 patents have been granted and another 10 patents are pending.

To operate the system once programmed, rotate the control knob to indicate how much the system should turn the trailer. Pro Trailer Backup Assist then automatically steers the truck to turn the trailer the desired amount. The system may limit vehicle speed to enhance the comfort and control over a variety of road surfaces.

The result: less time to back up a trailer with improved confidence. It even helps trailer-towing experts back up a trailer by reducing time lost to maneuvering mistakes.
**CLASS-BEST MAX. TOWING**

12,200 LBS.\(^1\)

---

**CONTROLS**

**SWAY**

**HILL START**

**ASSIST**

---

**KING RANCH® SuperCrew® 4x4, Blue Jeans/Caribou two-tone. Available equipment.**

\(^1\)Maximum capacity when properly equipped. See your Ford Dealer for specific equipment and other limitations. \(^2\)Available feature. \(^3\)Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. \(^4\)Not available with standard 3.5L Ti-VCT engine.

---

**TOW MORE THAN ANYONE ELSE.**

With its high-strength-steel frame, torque-heavy engines and advanced technologies, the 2016 Ford F-150 helps keep your trailer where it belongs. In line. Helping you tow more. And sweat less.

**Class-best max. towing capacity** of 12,200 lbs.\(^1\) is yours when you equip Ford F-150 with the 3.5L EcoBoost® engine\(^2\) and Max. Trailer Tow Package.

**Towing confidence in every cab type** is enhanced by the stabilization benefits of standard trailer sway control\(^3\) and an integrated trailer brake controller.\(^2\)

**To maintain a consistent speed on steep grades,** lock out upper gears with the progressive range select on our 6-speed SelectShift® automatic transmission\(^2,4\) with tow/haul mode. For use when the truck is heavily loaded or when towing, which should be often with the 2016 F-150.

**To prevent you from rolling back on a grade,** standard hill start assist momentarily maintains brake pressure until the engine delivers enough torque to move F-150 up the hill. Trucks equipped with the trailer brake controller can automatically apply the trailer brake too.
ENHANCE YOUR PRODUCTIVITY WITH SMART TECHNOLOGY.

Strategically placed cameras.¹ Ultrasonic sensors.¹ Sophisticated radar.¹ F-150 can employ them all to help you navigate a crowded job site, avoid collisions, monitor blind spots and much more.

Get a 360° view around F-150 with our class-exclusive 360-degree camera with Split-view Display.¹² It works at low speeds in Forward and Reverse.

4 cameras¹ let you see all sides on the 8” color screen¹ centering the instrument panel. A front or rear view fills the left side. The 360° view is on the right. Control what you see by pushing the “camera” button above the display. Visual guides help you see how close you are to objects so that you can avoid them.

Easily line up truck and trailer thanks to the black dashed line and curved white lines of dynamic hitch assist. A Smart Trailer Tow Connector¹ provides instrument cluster alerts about trailer connection status, along with lighting and trailer battery alerts and warnings. If something needs attention, you’ll know.

Monitor blind spots with BLIS® (Blind Spot Information System) with cross-traffic alert.¹² An amber light in the sideview mirrors³ helps warn you when a vehicle is there.

Get a heads-up from class-exclusive adaptive cruise control and collision warning with brake support.¹² It helps maintain your choice of 4 preset gaps from the vehicle in front of you. It can alert you to a potential collision by flashing a warning on the windshield and sounding an alarm. It also pre-charges the brake system.

¹Available feature. ²Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ³BLIS replaces standard integrated blind spot mirrors.
HAUL MORE THAN ANYONE ELSE.

Ford F-150 carries the day. Every day. By taking weight out of the vehicle, we increased the amount you can put in it.

Best-in-class payload 2 times over. When equipped with the 5.0L V8 engine¹ and Heavy-Duty Payload Package, F-150 leads all competitors with 3,270-lb. max. payload.² A similarly equipped F-150 with the 3.5L EcoBoost® engine¹ is next highest with 3,240 lbs.² Carry up to 2,210 lbs.² with the 2.7L EcoBoost Payload Package.

The best pickup box access in the class makes managing that load easy. To access the 77.4 cu. ft. of cargo box volume¹ steps on all 3 sides¹ include deployable box side steps¹.

Our class-exclusive tailgate step¹ fully integrated inside the tailgate, is virtually invisible when not in use. The grab handle is also stored inside the tailgate, which creates a flat surface for easier loading and a convenient work surface. When needed, the step drops down in one easy motion.

---

¹Available feature. ²When properly equipped.

---

3,270 LBS.²

CLASS-BEST MAX. PAYLOAD

3 BOX SIZES

SIDE STEPS¹

---

WITH UNMATCHED BOX FUNCTIONALITY.

In addition to class-best max. payload, innovative features make accessing and managing your load incredibly convenient in a 2016 Ford F-150.

Our industry-first remote tailgate release with power remote locking opens the tailgate with your key fob. Lock, unlock and lower it, hands-free. When activated, the tailgate gradually lowers to a flat position.

LED cargo box lighting smartly illuminates the cargo box with forward-facing LEDs. Turn them on, along with additional cargo lamps centered above the rear window, with a switch in the bed or on the headlamp control in the cab. The additional illumination helps you quickly find tools or other items, so you’ll spend less time rummaging around and more time getting the job done. They’re particularly helpful with a tonneau cover.

Class-exclusive BoxLink™ with locking cleats brings smart functionality to your pickup box. First, box sides are fortified to allow you to tie down items to the walls. Interface plates inside the box allow you to attach S hooks, E-Track™ straps and so much more. 4 removable and lockable premium cleats provide additional tie-down points to securely and flexibly tie down your cargo. You choose what’s best for you.

Class-exclusive stowable loading ramps help you ramp up with ease. After attaching the ramps securely to the tailgate, you can load dirt bikes and ATVs simply and easily – without having to lift them into the bed. When done, stow the ramps with the BoxLink system. You can also utilize the BoxLink interface plates when using the bed divider.

1Available feature.
THE MOST LUXURIOUS F-150 EVER.

Raised lettering on the hood, and 22” aluminum wheels, announce its arrival. Power-deployable running boards extend to greet your feet. Door-sill scuff plates with backlit LIMITED lettering usher the way inside. Welcome to the new F-150 LIMITED, with more standard technology and driver convenience features than any other light-duty pickup.

Multicontour front seats with Active Motion® display LIMITED badging. A twin-panel moonroof covers the cab, while a VIN plate on the center console lid lets you know how unique your truck really is.

Luxurious leather trims the heated and cooled 10-way power front seats, the heated steering wheel, as well as the center console lid and shifter knob. Genuine fiddleback eucalyptus wood trim accents and aluminum appliqués complement the environment, as does Black carpet flooring with unique front and rear floor mats. From here, just sit back and enjoy the ultimate expression of power and prestige. The new 2016 F-150 LIMITED.
POWER UP YOUR CONNECTIONS.

Voice-activated SYNC® technology helps you keep your eyes on the road and hands on the wheel. SYNC. Say the word.®

• Hands-free calling lets you make a call with a simple push of a button along with the sound of your voice.
• Automatic phone book download transfers the names and numbers in your compatible phone automatically, once paired.
• Voice-activated music commands let you say what music you want to hear and listen to it easily with voice-activated search, or say “Bluetooth® audio” to stream content from your phone.
• SYNC AppLink™ lets you control some of your favorite compatible mobile apps with your voice.
• 911 Assist® is a convenient no-charge feature that allows you to connect your compatible cell phone to help call 911 in the event of an accident.

Upgrade to SYNC 3. Our next generation of voice-activated technology with an easy-to-use new design and new features.

• New hardware meets new software on the easy-to-read color touch screen that displays phone, audio and navigation® functions on the home screen.
• High-speed performance means you’ll experience quick reactions to your commands. Plus, the capacitive touch screen includes a convenient swipe feature similar to your smartphone (as well as pinch-to-zoom capability within navigation®).
• Enhanced voice recognition lets you talk with simple, real-world voice commands and the system responds naturally to your voice.
• Easy destination entry feature within navigation® helps you locate your favorite restaurants, nearest ATM and more.
• Siri® seamless integration brings the power of Siri® Eyes Free® and your iPhone® into your vehicle.
• Automatic updates over Wi-Fi® let you keep SYNC 3 up-to-date with the latest software as new updates become available.

1Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. ©Available feature. SYNC AppLink is available on select models and compatible with select smartphone platforms. Commands may vary by phone and AppLink software. *The vehicle’s electrical system (including the battery), the wireless service provider’s signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed. When the feature is ON, 911 Assist uses your paired and connected mobile phone to assist occupants to contact emergency services by dialing 911 if your airbag deploys or, on certain vehicles, if the emergency fuel pump shut-off is activated. Aftermarket on-board diagnostic devices may interfere with various vehicle systems including Vehicle Health Report and 911 Assist. To avoid interference, remove the device or contact the device maker for more information on compatibility. ©Available feature. ©You must have a Bluetooth-enabled phone paired to your SYNC system. ©Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update.
Day and night, the advanced features of the 2016 Ford F-150 help you get more done, more easily.

**Natural light from the twin-panel moonroof**
accents standard LED lighting inside F-150. Outside, class-exclusive LED sideview mirror spotlights light your work site into the night. Integrated in the mirrors, they provide needed light to set up camp or finish a job after sunset. They join quad-beam LED headlamps, and LED taillamps.

**Check individual pressure in each tire** with the standard individual Tire Pressure Monitoring System. Not only will you be notified through the productivity screen if any tire’s pressure is low, but the system will tell you how low.

**Enjoy easy access to it all** through SuperCab rear doors that swing open 170° — with no B-pillar to obstruct entry or loading. Utilize the only standard full-flat load floor in the class, or convenient rear underseat storage.

**SiriusXM® Satellite Radio** welcomes you to the World of SiriusXM. Enjoy more than 150 channels including commercial-free music, plus live sports, news and exclusive entertainment, with a 6-month trial subscription to the All Access package included with your new vehicle. You’ll hear every channel available, plus you can listen online and on the SiriusXM app.

**Navigation** with SiriusXM Traffic and Travel Link includes a 5-year complimentary SiriusXM Traffic and Travel Link trial subscription. Global Positioning System (GPS) technology is combined with 3-D mapping and provides voice-guided turn-by-turn directions. With SiriusXM Traffic and Travel Link, you’ll get detailed traffic information, plus current and forecasted weather, gas station locations and prices, sports scores and schedules, and movie theater locations with show listings and times.

---

1 Available feature. 2 Excludes spare. 3 On SuperCab and SuperCrew models. 4 SiriusXM Satellite Radio, SiriusXM Traffic and SiriusXM Travel Link subscriptions are sold separately or as a package by SiriusXM after your trial period, and are continuous until you call SiriusXM at 1-866-635-2349 to cancel. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. All fees and programming subject to change. See Customer Agreement for complete terms and more information at www.siriusxm.com.
GO THE DISTANCE. OFF-ROAD OR ON.

Reducing weight in a truck results in many major benefits, including improved off-road capability. A substantially lighter vehicle gets over tough terrain with less effort.

Equip your F-150 to get out there with the FX4 Off-Road Package. An electronic-locking rear differential, underbody skid plates, Hill Descent Control, and off-road-tuned shock absorbers get you ready for some serious, low-speed rock crawling.

Monitor all the action on the class-exclusive off-road display in the 8" productivity screen! Check your truck’s pitch, roll, steering angle and driveline status.

To better navigate tight spots on the trail, just utilize the 360-degree camera with Split-view Display. 4 cameras give you a 360° bird’s-eye view around F-150, helping you maneuver down narrow off-road trails. To keep your view clear of dust and mud, the forward-facing camera includes a lens washer that’s activated when the windshield washers are used.

XLT SuperCrew 4x4, Ingot Silver. FX4 Off-Road Package. Available equipment.

1Available feature. 2Can only be used at speeds up to 6 mph.
THE MANY FACES OF TOUGH.

From the XL Sport with newly available 20" aluminum wheels¹ to the prestigious new LIMITED, there’s an F-150 model that satisfies both your wants and needs. Plus, for 2016, we’ve added some Special Edition models to the mix.

New Special Edition Packages on XLT and LARIAT merge black and red in dramatic ways – inside and out. Black cab steps, 20" premium Tarnished Dark-painted aluminum wheels, Tarnished Dark headlamp housings and a Tarnished Dark grille cast a menacing look from the street. Inside, unique accents and finishes complement the exclusive Special Edition Black seats with Red accents.

Chrome Appearance Packages from XL to KING RANCH® bring the bling to wheels, grille, door and tailgate handles, sideview mirror caps, tow hooks and more.

STANDARD FEATURES

Mechanical

- 100,000-mile tune-up interval (under normal driving conditions with routine fluid and filter changes)
- Active Grille Shutter System (upper shutters with the 3.5L Ti-VCT V6 and 5.0L Ti-VCT V8 engines, upper and lower shutters with the 2.7L EcoBoost and 3.5L EcoBoost engines)
- Axle – Rear, non-limited slip
- Brakes – Power 4-wheel vented-disc with ABS and electronic brakeforce distribution (EBD)
- Easy Fuel® capless fuel filler
- Exhaust – Stainless steel exhaust system (major components)
- Fail-Safe Engine Cooling System
- Fuel tank – 23-gallon capacity
- Fully boxed steel frame
- Hill start assist
- Horn – Dual-note
- Jack – 2-ton mechanical
- Spare tire with underframe winch
- Safety belts – 3-point in front (all models)

Exterior

- Headlamps – Autolamp automatic on/off with rainlamp feature
- Headlights – Configurable daytime running lamps
- Pickup box – Black box top and tailgate moldings

*Towing Notes:* Maximum loaded trailer weights shown. Do not exceed trailer weight of 5,000 lbs. when towing with bumper only. The combined weight of the towing vehicle (including options, hitch, passengers and cargo) and the loaded trailer must not exceed the GCRW (Gross Combination Weight Rating). Trailer tongue load weight should be 10-15% of total loaded trailer weight. Make sure that the vehicle payload (reduced by option weight) will accommodate trailer tongue load weight and the weight of passengers and cargo added to the towing vehicle. The addition of trailer tongue load weight, and the weight of passengers and cargo, cannot cause vehicle weights to exceed the rear GAWR (Gross Axle Weight Rating) or GVWR (Gross Vehicle Weight Rating). These ratings can be found on the vehicle’s Safety Compliance Certification Label. See the RV & Trailer Towing Guide for requirements, restrictions and 5th-wheel towing.

1Factory option. See dealer for details. 2Ford Licensed Accessory.
New Vehicle Limited Warranty. We want your Ford F-150 ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion coverage on aluminum body panels—all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you peace-of-mind protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford dealerships.

Ford Original Accessories will be warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
