Moves. In every way that matters.

Progressive design. Intelligent technologies. And spacious seating for up to 7. Ford Flex combines it all to empower every drive. New features for 2016 include a standard rear view camera, plus new SYNC® 3, our next generation of voice-activated technology.¹ Go further in the 2016 Ford Flex.

¹Available feature. Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply.
Excites. Any way you power it.

An unconventional blend of style, space and smarts, the 2016 Ford Flex is the modern way to move. A choice of 2 powerful engines can drive your adventures.

Get best-in-class V6 hp when equipped with the twin-turbocharged, direct-injection, 3.5L EcoBoost® engine. Paired with Intelligent all-wheel drive (AWD) and steering wheel-mounted paddle shifters, this 365-hp EcoBoost delivers a spirited performance.

With its 3.5L Ti-VCT V6 engine, Flex has an EPA-estimated rating of 23 mpg hwy. Twin independent variable camshaft timing helps the standard V6 produce 287 hp. And the standard 6-speed SelectShift® automatic transmission allows you to shift for yourself or leave it to Flex.

1 Class is Large Utilities based on Ford segmentation. 2 Available feature. 3 Tested with 93-octane fuel. 4 EPA-estimated rating: 16 city/23 hwy/19 combined mpg. 3.5L Ti-VCT V6, FWD. Actual mileage will vary.
Activates. Your connections.

Voice-activated SYNC technology helps you keep your eyes on the road and hands on the wheel. SYNC. Say the word.

• **Hands-free calling** lets you make a call with a simple push of a button along with the sound of your voice.

• **Automatic phone book download** transfers the names and numbers in your compatible phone automatically, once paired.

• **Voice-activated music commands** let you say what music you want to hear and listen to it easily with voice-activated search, or say “Bluetooth audio” to stream content from your phone.

• **SYNC AppLink™** lets you control some of your favorite compatible mobile apps with your voice.

• **911 Assist** is a convenient no-charge feature that allows you to connect your compatible cell phone to help call 911 in the event of an accident.

Upgrade to SYNC 3. Our next generation of voice-activated technology with an easy-to-use new design and new features.

• **New hardware meets new software** on the easy-to-read color touch screen that displays phone, audio and navigation functions on the home screen.

• **High-speed performance** means you’ll experience quick reactions to your commands. Plus, the capacitive touch screen includes a convenient swipe feature similar to your smartphone (as well as pinch-to-zoom capability within navigation).

• **Enhanced voice recognition** lets you talk with simple, real-world voice commands and the system responds naturally to your voice.

• **Easy destination entry** feature within navigation helps you locate your favorite restaurants, nearest ATM and more.

• **Siri seamless integration** brings the power of Siri Eyes Free and your iPhone into your vehicle.

• **Automatic updates over Wi-Fi®** let you keep SYNC 3 up-to-date with the latest software as new updates become available.

1Driving while distracted can result in loss of vehicle control. Only use SYNC/other devices, even with voice commands, when it is safe to do so. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. 2SYNC AppLink is compatible with select smartphone platforms. Commands may vary by phone and AppLink software. 3The vehicle’s electrical system (including the battery), the wireless service provider’s signal and a connected mobile phone must all be available and operating for 911 Assist to function properly. These systems may become damaged in a crash. The paired mobile phone must be connected to SYNC, and the 911 Assist feature enabled, in order for 911 to be dialed. When the feature is ON, 911 Assist uses your paired and connected mobile phone to assist occupants to contact emergency services by dialing 911 if your airbag deploys or, on certain vehicles, if the emergency fuel pump shut-off is activated. Aftermarket on-board diagnostic devices may interfere with various vehicle systems including Vehicle Health Report and 911 Assist. To avoid interference, remove the device or contact the device maker for more information on compatibility. 4Available feature. 5You must have a Bluetooth-enabled phone paired to your SYNC system. 6Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update.
Wherever you’re headed, there’s one spacious way to get there. All together – in Flex.

**Best-in-class 2nd- and 3rd-row leg room** helps make Flex a great fit for growing teens and tall passengers of any age.

**Environmentally friendly soy-based foam** used in the seat cushions and backs helps conserve limited resources and reduce CO₂ emissions.

**The 10-way power driver’s seat** and power-adjustable pedals can both include memory, so Flex can recall your settings in an instant.

**Your 2nd-row seating options** include a bench that seats 3 people, or buckets for 2 with a pass-through to the 3rd row. Add the 2nd-row console for more storage. Or the class-exclusive refrigerated console for that extra cool factor.

**SiriusXM® Satellite Radio** welcomes you to the World of SiriusXM. Enjoy more than 150 channels including commercial-free music, plus live sports, news and exclusive entertainment, with a 6-month trial subscription to the All Access package included with your new vehicle. You’ll hear every channel available, plus you can listen online and on the SiriusXM app.

**Navigation** with SiriusXM Traffic and Travel Link includes a 5-year complimentary SiriusXM Traffic and Travel Link trial subscription. Global Positioning System (GPS) technology is combined with 3-D mapping and provides voice-guided turn-by-turn directions. With SiriusXM Traffic and Travel Link, you’ll get detailed traffic information, plus current and forecasted weather, gas station locations and prices, sports scores and schedules, and movie theater locations with show listings and times.

1 Available feature. 2 SiriusXM Satellite Radio, SiriusXM Traffic and SiriusXM Travel Link subscriptions are sold separately or as a package by SiriusXM after your trial period, and are continuous until you call SiriusXM at 1-866-635-2349 to cancel. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. All fees and programming subject to change. See Customer Agreement for complete terms and more information at www.siriusxm.com.
Flex offers lots of versatility and powerful features that can help ease your cargo-carrying experiences.

Take advantage of over 83 cu. ft. of cargo space when the 2nd- and 3rd-row seats are folded flat.

The class-exclusive PowerFold\textsuperscript{TM} 3rd-row seat and either side of the 60/40 split 2nd-row bench seat can be folded to fit long cargo items and passengers.

Behind the 50/50 split 3rd-row seat, Flex offers up to 20 cu. ft.\textsuperscript{2} of cargo space thanks to the extra room provided by its deep storage well.

The power liftgate\textsuperscript{1} can be activated any of 4 ways. Just press a button on the liftgate handle, on the instrument panel, on the remote control, or inside the rear cargo area. Flex is all about giving you the form and function to help make your day easier.

\textsuperscript{1}Available feature. \textsuperscript{2}Includes 5.0-cu.-ft. rear cargo area storage well.
Impresses. All around.

A sky view in all 3 rows – courtesy of the multipanel Vista Roof®1 – and class-exclusive 2nd-row outboard inflatable safety belts1 are just a couple of ingenious ways that Flex takes care of its passengers.

A heated steering wheel1 treats the driver to comforting warmth – no need for bulky gloves when the outside temp drops.

Heated, reclining bucket seats1 allow 2nd-row passengers to get comfortable while charging their devices with the 110-volt, 150-watt power outlet1 conveniently located on the back side of the center console.

Chilled beverages or frozen treats can be stowed in the class-exclusive 2nd-row refrigerated console1 for easy access while you travel. Impressive? In many, many ways.

1Available feature.
Assists. With parking, changing lanes and more.

Flex driver-assist technologies use ultrasonic sensors and sophisticated radar to help you park, avoid collisions and more.

**Make parallel parking easier** with class-exclusive active park assist. It not only helps you find a spot, it can actually steer Flex into place as you control the gear shifter, and brake and accelerator pedals.

**Get a heads-up** from adaptive cruise control and collision warning with brake support. It helps maintain your choice of 4 preset gaps from the vehicle in front of you and can alert you to a potential collision. If one is detected, it flashes a warning on the windshield, sounds an alarm, and preps the braking system to help.

**Stay alert to traffic detected in blind spots** thanks to BLIS® (Blind Spot Information System) with cross-traffic alert. It helps warn you using lights embedded in the sideview mirrors.

---

1 Available feature. Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.

2 BLIS replaces standard integrated blind spot mirrors.
SEL. Too Good to Be Blue. Available equipment.

1Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. 2Available feature.
Flex Specifications

### Standard Features

**Mechanical**
- 3.5L Ti-VCT V6 with 6-speed SelectShift® automatic transmission with shifter button activation
- 4-wheel disc Anti-Lock Brake System (ABS)
- Battery Management System

¹Ford Licensed Accessory. ²Consult owner’s manual for details on roof rack load limits.
New Vehicle Limited Warranty. We want your Ford Flex ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage—all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at FordCredit.com. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you peace-of-mind protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships.

Ford Original Accessories will be warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

Comparisons based on competitive models (class is Large Utilities based on Ford segmentation), publicly available information and Ford certification data at time of release.
