YOUR WAY

Take your pick of 5 trim levels, starting with the well-equipped Fusion S featuring the new Ford Co-Pilot360™ suite of standard driver-assist technologies designed to help you navigate your world confidently. At the top end of the lineup, there's the luxurious Titanium and the 325-horsepower V6 Sport. You can also select from 3 powertrain styles — gasoline, hybrid and plug-in hybrid — each offering you impressive fuel efficiency. All of these qualities, plus a sleek new look, make the 2019 Fusion a smarter choice than ever.

Since it’s powered by a combination of gas and electricity, **Fusion Hybrid** will need to be refueled, just like a gas-engine model. The difference is, you may visit gas stations less frequently. That’s because, as you drive your Fusion Hybrid, the 2.0L Atkinson-cycle gas engine, electric motor and Regenerative Braking System are seamlessly interacting behind the scenes to help maximize fuel efficiency and recharge the battery. For instant feedback on how your driving style is affecting efficiency, just view the “Efficiency Leaves” screen on the SmartGauge® with EcoGuide instrument cluster. Drive more efficiently, and you’ll see more leaves grow.

A REFRESHINGLY SMOOTH TRANSITION TO MORE EFFICIENT DRIVING
Fusion Energi is a Plug-in Hybrid, which means you have the option to plug it in when you want to charge up the electric battery and help maximize the distance it can travel in electric-only mode. The 2019 Fusion Energi has an EPA-estimated all-electric driving range of 26 miles — that’s nearly 20 percent farther than last year’s model — and an EPA-estimated total driving range of 610 miles.

If you choose to plug in your Fusion Energi, you can do it at home, work, or even out shopping. It’s simple and convenient. At home, you can just insert the standard 120V convenience charge cord into an electrical outlet and into the vehicle’s charge port, which illuminates in sections as it charges. You can also use a Ford recommended AeroVironment™ 240V home charging station to recharge in about 2.5 hours.

The MyFord® Mobile app and website (myfordmobile.com) make it easy to monitor and schedule charging. They also offer a charging station locator powered by PlugShare®. As you drive, Fusion Energi functions very similarly to its Hybrid sibling. So even if you choose not to plug it in, you’ll still enjoy the benefits of Hybrid driving.

Fusion is designed to deliver a smooth and seamless driving experience — road after winding road. To get moving, just turn the rotary gear shift dial and go. EcoBoost® models feature an “S” button on top that you can tap to engage Sport mode. It sharpens throttle response, allows for a more dynamic engine note inside the cabin, more aggressively programs the transmission shift points, and more.

**For poise through the turns.** Torque Vectoring Control\(^1\) increases vehicle stability by applying slight braking force to the inside wheel as needed, delivering more torque to the outside wheel to help Fusion stay firmly planted.
Standard:  All models

**For smooth, responsive handling.** continuously controlled damping (CCD) adjusts — every 2 milliseconds — based on information provided by 12 different sensors that read the road and vehicle inputs. The system can even detect potholes, adjusting shock absorbers so impact severity is reduced.
Standard:  V6 Sport

**To help maximize traction at all times.** Fusion offers fully automatic all-wheel drive (AWD). The system constantly monitors traction, transferring power between the front and rear wheels as needed, typically before wheelslip can even occur, to effortlessly improve your handling experience.

**FORD CO-PILOT360**

Our world is increasingly distracted. A few seconds is all it takes... to lose focus. According to the National Highway Traffic Safety Administration (NHTSA), 94% of serious crashes are due to human error. To help you drive confidently so you can better enjoy your journey, the 2019 Fusion comes with Ford Co-Pilot360. This suite of 5 standard features can start helping the moment you begin backing out of your driveway.

**Standard:** SE, SEL, Titanium, V6 Sport

1. **Rear view camera** shows you what's behind Fusion as you slowly back up by displaying a full-color image on the LCD screen in the center of your instrument panel.

2. **BLIS** (Blind Spot Information System) with cross-traffic alert warns you if it detects a vehicle in either of your blind spots while attempting to change lanes, or approaching from either side while in Reverse.

3. **Lane-Keeping System** alerts you with steering wheel vibration if it detects you drifting out of your lane, and can even apply steering wheel torque to help direct you to return to your lane.

4. **Auto high-beam headlamps** can help detect vehicles and street lights ahead of you, automatically switching between low and high beams as a convenience to you, and a courtesy to other motorists.

5. **Pre-Collision Assist with Automatic Emergency Braking** can automatically apply the brakes to help reduce the severity of, and in some cases potentially eliminate, a frontal collision with a vehicle traveling in the same direction, or a pedestrian detected ahead.

6. **Adaptive cruise control with stop-and-go** can bring your vehicle to a complete stop when traffic slows, and can accelerate back to its preset speed within 3 seconds of stopping.

7. **Voice-activated navigation with SiriusXM Traffic and Travel Link** can alert you to traffic backups along your intended route and offer alternatives to help you stay on schedule by avoiding them altogether.

8. **FORD CO-PILOT360 ASSIST™**

When your Fusion is equipped with Ford Co-Pilot360 Assist, you'll benefit from these additional technologies:

**Standard:** SE, SEL, Titanium, V6 Sport

Available: S, SE, SEL

**Additional Features:**

- **Adaptive cruise control with stop-and-go**
- **Voice-activated navigation with SiriusXM Traffic and Travel Link**

**94% of serious crashes are due to human error.** To help you drive confidently so you can better enjoy your journey, the 2019 Fusion comes with Ford Co-Pilot360. This suite of 5 standard features can start helping the moment you begin backing out of your driveway.
There’s much to be desired in the well-equipped Fusion S. Remote keyless entry gets you in, push-button start gets you ready, and the elegant rotary gear shift dial gets you moving. During your travels, voice-activated SYNC® helps you stay connected And the Ford Co-Pilot360™ suite of 5 driver-assist technologies comes standard. FordPass™ Connect with 4G LTE Wi-Fi hotspot, and the dual-zone electronic automatic temperature control enhance your experience inside Fusion SE. You’ll also enjoy a 10-way power driver’s seat and 6-way power front-passenger seat. Plus, you can explore over 150 channels of SiriusXM® using the vibrant 8” LCD touchscreen that’s included with SYNC 3 voice-activated technology.

The uniqueness of Fusion SEL is revealed upon approach. Bright door and window trim moldings, chrome inserts on the body-color door handles, and lower-grille chrome accents combine to help set it apart. With your Intelligent Access key fob near, just grab a door handle and you’re in. Sit down in heated front seats trimmed with new ActiveX™ material. Save the positions of the driver’s seat and heated sideview mirrors to either of 2 memory settings. Set the 11-speaker Premium Audio System to your liking, then take hold of your leather-wrapped steering wheel, and take off.
If you're seeking the ultimate in Fusion refinement, this is it. Outside, you'll notice the distinctive new chrome mesh grille, crisp LED fog lamps and taillamps, a rear spoiler, dual bright exhaust tips, and unique aluminum wheels. Inside, you'll enjoy the comfort of a heated steering wheel, and leather-trimmed seating with perforated inserts, in addition to ambient lighting, a power moonroof, a 12-speaker Audio System from Sony® and more. Both front seats feature 10-way power adjustability, plus heated and cooled settings. Inflatable rear outboard safety belts, and the Ford Co-Pilot360™ and Ford Co-Pilot360 Assist™ technologies are also standard on Fusion Titanium.

A 120V convenience charge cord is included with Fusion Energi Titanium. If you want to help maximize your electric-mode driving range and efficiency, you can charge up your battery overnight by using this cord to plug into a home electrical outlet.
In every family, there’s one who goes all out. Never takes it easy. That’s Fusion V6 Sport.

Greeting the street with 325 horsepower\(^1\) and 380 lb.-ft. of torque\(^1\) this Fusion is powered by a 2.7L EcoBoost® V6 engine mated to a 6-speed automatic transmission with SelectShift® capability and steering wheel-mounted paddle shifters. All-wheel drive (AWD) and continuously controlled damping (CCD) with pothole detection help it deliver a taut ride, precise cornering and remarkable road-holding finesse. In other words, pure exhilaration. V6 Sport also features the new Ford Co-Pilot360™ and Ford Co-Pilot360 Assist™ technologies, plus enhanced active park assist.

Ebony Black leather-trimmed seats with Miko® inserts, featuring heated and cooled settings up front, are joined by a power moonroof, aluminum sport pedal covers, and Sport logo floor mats inside Fusion V6 Sport. A high-gloss black mesh grille, deep air intakes, 19” premium Dark Tarnish-painted aluminum wheels, a rear spoiler, and a quad-tip dual exhaust give it aggressive good looks outside, too.

New Vehicle Limited Warranty. We want your Ford Fusion ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage — all with no deductible. Fusion unique electric components are covered during the Hybrid/Electric Unique Component Coverage, which lasts for 8 years or 100,000 miles, whichever occurs first. Please ask your Ford Dealer for a copy of these limited warranties.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordinet.com.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
