Thank you for your interest in the 2017 Mustang. This brochure will provide you with feature information, specifications and images of the Mustang.

**PERFORMANCE:** Mustang has a standard 3.7L V6. Available engines include a 2.3L EcoBoost,® 5.0L V8 and 5.2L V8. There are also a host of standard and available performance features.

**DESIGN:** Modeled after the classic Mustang fastback, the 2017 design possesses the same quintessential lines and timeless curves. Mustang ignites a sense of optimism and freedom at every turn.

**HANDLING:** The 2017 Mustang is amazingly agile, delivering a responsive driving experience. You'll get a rush putting Mustang through its paces on everything from straightaways to curvy roads.

**TECHNOLOGY:** Mustang has an impressive array of standard and available technology features to enhance and make your driving experience more convenient.

POWERFUL BY DESIGN.

Every Pony in the Mustang stable makes a powerful impression. Starting with the most potent of them all – the head-turning, heart-pounding, Shelby GT350. Car and Driver summed it up perfectly when they awarded the Shelby® GT350/GT350R a spot on their esteemed list of 2016 10Best Cars: “It’s not like any other car, period.”

This race-tuned monster is powered by a hand-assembled 5.2L Ti-VCT V8 with a Flat-Plane Crank (FPC), the type more often found in exotic sports cars and racers. It’s the most powerful naturally aspirated road-going engine in Ford history. With a redline of 8,250 rpm, it’s also our highest-revving production V8 yet. And the exhaust note is sublime.

To achieve its balance of downforce and drag, every aspect of the GT350 exterior was scrutinized. From its aggressive front splitter to its vented aluminum front fenders and hood, all the way back to its rear spoiler, fascia and integrated diffuser, every element is designed to work as part of a unified team – and help you stay glued to the road.
The most track-ready, street-legal Mustang ever produced – the Shelby® GT350R – features lightweight 19" carbon-fiber wheels wrapped in Michelin Pilot® Sport Cup 2 tires, a larger front splitter, unique chassis tuning, a carbon-fiber rear wing and red accents.

The MagneRide™ Damping System passes an electric current through iron-infused hydraulic fluid to adjust its continuously controlled dampers independently at each corner – 1,000x per second. MagneRide, an aluminum strut-tower brace, and coolers for the engine oil, transmission and differential are all standard on every GT350 for 2017.

The Shelby GT350 exclusive interior features aluminum trim and other unique touches like a flat-bottom steering wheel wrapped in Alcantara® and leather. RECARO® sport front seats trimmed in a mix of Carbon Weave cloth and Miko® sueded cloth help hold you firmly in place – turn after turn.
GT
5.0L Ti-VCT V8

Our fastest and best-handling GT yet – this generation speaks for itself. In a wickedly deep-throated 5.0L rumble. It also pulls 0.98 lateral g thanks in part to its fully independent suspension. The system has nearly 10x better anti-lift properties than the one it replaced, providing significantly better pitch control for aggressive starts and stops. As Motor Trend said, “… Mustang GT is the whole package, with an exhaust that’s muscular when exercised, a controlled ride, and an interior you don’t have to make excuses for.”
Designed by Ford Performance in cooperation with RECARO®,
the racing-inspired RECARO sport front seats¹ are trimmed in
cloth on GT (shown) or leather on GT Premium.

Long highway runs. High-speed passing. Advanced driver-
assist technologies like adaptive cruise control and forward
collision warning with brake support¹ and BLIS® (Blind Spot
Information System) with cross-traffic alert¹ can help you
excel during these and other real-world challenges.

Turn up the heat everywhere you go in a California Special¹
GT Premium. Outside, it gets a performance air splitter,
black grilles, the tri-bar Pony logo, a raised decklid spoiler,
unique striping and 19” wheels. Inside, red stitching
intensifies its Ebony leather and Miko® suede cloth trim.

The aviation-inspired cockpit design puts the
controls for features like the heated and cooled
front seats¹ and dual-zone electronic automatic
temperature control¹ easily within reach.
2.3L ECOBOOST

Turbocharged responsiveness. That's the essence of EcoBoost. With its twin-scroll single turbocharger and direct-injection technology, the 2.3L EcoBoost engine helps Mustang deliver best-in-class I-4 horsepower and torque.

Going way beyond good looks, those vertical slots at the outer edges of the front fascia are wheel aero curtains – specifically designed to create a high-pressure region that holds airflow closer to the body and minimizes drag. One of the many telltale signs that every Mustang is built for speed.
Whether your dream machine is an iconic fastback or an eye-catching droptop, you can look forward to the passionate performance of the 3.7L Ti-VCT V6 engine. Excellent road feel and precise handling are yours, courtesy of its fully independent suspension. With a double-ball-joint front configuration, and high-strength aluminum-alloy knuckles and H-arms in back, it employs advanced lightweight materials to help keep unsprung mass down while maximizing grip. So you'll have a blast putting your Mustang through its paces.
Go topless in seconds. You just release a latch and press a button. To perfect its look, Mustang convertible sports exclusive design cues that set it apart from the fastback. Note the higher, straighter muscle line across its rear haunches. And the distinctively contoured trunk lid. Tonneau caps slide neatly in place for a sleek top-down finish. It even has best-in-class trunk space. And since this vacation-on-wheels was engineered as a convertible from the start, it’s designed to deliver a smooth ride and excellent handling. This is open-air freedom at its best.
Nothing compares to this rush. It’s pure magic. The kind conjured only by Mustang. Its carefully crafted interior welcomes all drivers. With a steering column that tilts and telescopes. An accelerator and footrest at matching angles. A shifter placed right where it should be for open access to controls (and cupholders). And plenty of knee room. This is a love-at-first-sight, want-you-so-bad, feels-so-good kind of car. One drive. And you’re hooked.
With its enhanced next-level connectivity, SYNC® 3 helps keep you in touch. You’ll love its innovative features and easy-to-use interface. Give simple commands and the system responds to your voice. Swipe it like your smartphone, thanks to the capacitive touchscreen, and get high-speed performance in return.

Navigation¹ with SiriusXM® Traffic and Travel Link® includes a 5-year complimentary trial subscription to these services. Global Positioning System (GPS) technology is combined with 3-D mapping and provides voice-guided turn-by-turn directions. You’ll get detailed traffic information, plus current and forecasted weather, fuel station locations and prices, sports scores and schedules, and movie theater locations with show listings and times.

SYNC AppLink

Use your voice to control some of your favorite compatible mobile apps (like Pandora® and iHeartAuto), thanks to standard SYNC AppLink.³

Siri Seamless Integration

Bring the power of Siri® into Mustang with Siri Eyes Free,⁴ your paired iPhone® and a long press of the voice-recognition button on the steering wheel.

Automatic Updates Over Wi-Fi

Keep SYNC 3 current with the latest software as new updates become available.⁵ All you need is a Wi-Fi® connection.

¹Available feature. ²Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. Message and data rates may apply. ³SYNC AppLink is compatible with select smartphone platforms and requires any compatible apps to be installed and running on a capable smartphone while connected to Ford SYNC. Commands may vary by phone and AppLink software. Message and data rates may apply. ⁴Requires SYNC 3. ⁵Optional Navigation System map updates cannot be received via Wi-Fi and require a separate update.
When conditions change, just tap a toggle switch on the dash to adjust Selectable Drive Modes. And keep going. Each mode activates predefined powertrain and chassis calibrations suited to that particular driving situation.

**Normal** mode delivers a balanced combination of comfortable, controlled ride and confident handling for an engaging driving experience.

**Sport+** mode provides more responsive steering and throttle performance, plus different shift points if your Mustang is equipped with the SelectShift® automatic transmission.

**Track** mode allows you to push closer to the vehicle’s limits on the track before AdvanceTrac® electronic stability control intervenes. So you can extract the max from your Mustang.

**Snow/Wet** mode helps provide confident handling in poor weather conditions without sacrificing any of the composure you demand from your vehicle.
OUTRUN THE BOSS.
While developing the GT Performance Package\(^1\) for Mustang GT, engineers used the previous generation’s Boss\(^2\) 302 model as their performance benchmark – this race-ready machine is even faster around the track.

### Performance Packages\(^1\)
- Unique 19” wheels and summer-only tires; larger brake rotors and radiator; upgraded front springs, rear axle and rear sway bar; unique chassis, EPAS, ABS and stability control tuning; spoiler delete; gauge pack; and engine-turn aluminum instrument panel trim (GT and EcoBoost\(^3\))
- K-brace and strut-tower brace (GT)
- Brembo\(^4\) 6-piston front brake calipers (GT)
- 4-piston brake calipers (EcoBoost)

### Mustang TrackApps\(^2\)
- Countdown starts with iconic “Christmas tree”
- Monitors g-forces, braking times and acceleration times in quarter-mile, 0–60 and more

### Electronic Line-Lock\(^1,2\)
- Preps your tires for the big win
- Activated using Mustang TrackApps\(^2\)

### Selectable-Effort Electric Power-Assisted Steering
- Customizes steering feedback
- Lets you choose Standard, Sport or Comfort mode

---

GT Premium fastback in Race Red with GT Performance Package and available equipment. \(^1\)Manual transmission only. \(^1\)Track use only. \(^3\)Available feature.
When you’re ready to take your Mustang to the next level, look no further than Ford Performance Parts. Using a convenient Mustang search tool on the site, you can select your model year to view the full list of currently available equipment.

You’ll find everything from brakes to a supercharger, suspension, wheels and more. All expertly engineered to set your Mustang apart.

1 Restrictions may apply. See your dealer for details. 2 Ford does not recommend using summer tires when temperatures drop to approximately 45°F or below (depending on tire wear and environmental conditions) or in snow/ice conditions. If the vehicle must be driven in these conditions, Ford recommends using all-season or snow tires.

---

**Note:** The above table provides a summary of build options for the Mustang, including various trim levels and packages available. Each option includes details on features and configurations, with some requiring specific packages to be installed. The table also highlights specific upgrades for the V6 ECOBOOST® PREMIUM GT SHELBY GT350® models, including unique exterior and interior features. Additionally, it includes information on convenience, electronics, and enhanced security packages, along with the necessary equipment groups and packages required for each feature.

New Vehicle Limited Warranty. We want your Ford Mustang ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Protect Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.

ROCK THE COCKPIT.

Listen to everything you love with SiriusXM® Satellite Radio! Get over 150 channels including all kinds of commercial-free music, plus every major sport and the best talk, news, comedy and entertainment. And you’ll hear it all with a 6-month trial subscription to the All Access package, included with your new Mustang. So you can rock your ride, plus listen anywhere online and on the SiriusXM app.

Amazing sound is yours with the 12-speaker Shaker™ Pro Audio System featuring HD Radio™ Technology: Broadcasting a digital signal over traditional radio frequencies enables HD Radio Technology to offer up to 3 additional channels of new, local content per FM station. It can also display the artist, song title and more. All without any need for a subscription.

GO BEYOND STOCK.

When you’re ready to take your Mustang to the next level, look no further than Ford Performance Parts. Using a convenient Mustang search tool on the site, you can select your model year to view the full list of currently available equipment. You’ll find everything from brakes to a supercharger, suspension, wheels and more. All expertly engineered to set your Mustang apart.
