THE ALL-NEW 2019 FORD RANGER

FREEDOM TO RECHARGE

This is about way more than a pickup truck. It’s about you. Exercising your freedom. Getting out there. Finding more places to breathe. Deeply. And recharging yourself. With the kinds of challenging – and rewarding – activities you call fun. You’ve got the spirit and determination. Now, it’s time to get the gear: the all-new 2019 Ranger.
TOUGH
It takes serious grit to live life on your terms. So we made sure Ranger has it. In spades. From the sturdy backbone established by its fully boxed high-strength-steel frame, to the durable steel front and rear bumpers mounted directly to that frame, and all the rugged parts in between, Ranger epitomizes the rigorous standards of Built Ford Tough.

ADVENTUOUS
Ranger has a best-in-class\(^1\) max. payload capacity of 1,860 lbs.\(^2\) It also has a best-in-class gas engine max. towing capability of 7,500 lbs.\(^3\) and 310 lb.-ft. of torque. Plus, you can add the FX4 Off-Road Package to increase its trail-worthiness with a 47.6:1 crawl ratio, Terrain Management System,\(^4\) Trail Control,\(^5\) an electronic-locking rear axle and more. It's time to grab your gear and leave the grid behind.

INNOVATIVE
FordPass Connect\(^6\) works with the FordPass\(^6\) smartphone app to let you control Ranger remotely. You also get Ford Co-Pilot360\(^6\) Technology features like Pre-Collision Assist with Automatic Emergency Braking and Pedestrian Detection standard on every Ranger. Plus, it’s the most fuel-efficient gas-powered midsize pickup in America.\(^7\)

\(^1\)Class is Midsize Pickups based on Ford segmentation.\(^2\)SuperCab 4x2, not shown.\(^3\)When properly equipped.\(^4\)Certain restrictions, 3rd-party terms, or message and data rates may apply. See footnotes 4 and 5 on the Standard Features page of Specifications, and your Ford Dealer for details.\(^5\)EPA-estimated ratings: 21 mpg city/26 mpg hwy/23 mpg combined, 2.3L engine, 4x2. 20 mpg city/24 mpg hwy/22 mpg combined, 2.3L engine, 4x4. Actual mileage will vary.
Backed by over 100 years of Ford Truck engineering expertise, there’s no doubt the all-new Ranger meets the legendary standards of Built Ford Tough®. We know you won’t settle for anything less.

To get there, we built Ranger with body-on-frame construction including a fully boxed, high-strength-steel frame. We mounted the steel front and rear bumpers to that frame for outstanding durability.

We also gave Ranger a double-wishbone front suspension with rugged coil springs, monotube shocks and forged-aluminum knuckles to help optimize ride and handling. Rear parabolic leaf springs were chosen for their ability to provide the right mix of ride quality, durability and capability.

The all-new 2019 Ranger was developed specifically for North American truck buyers. So you can rest assured, it’s got all the toughness it takes to get to your adventures.

**STEEL FRONT BUMPER**
The real deal. Not some flimsy fascia. Ranger starts with a steel front bumper, mounted to its fully boxed frame for strength and durability.

**FRONT TOW HOOKS**
Prominently placed. Easy to use. Because if you need them, you need them now. Ranger 4x4s and XL/LARIAT 4x2s all come with 2 big tow hooks. Right up front. Where they belong.

**STEEL SKID PLATES**
Mounted directly to the frame — so they can take the hit. Not your radiator, transfer case or steering gear. Get these skid plates, a steel bash plate and more in the FX4 Off-Road Package.

**FULLY BOXED FRAME**
The backbone of every Ranger is a fully boxed, high-strength-steel frame with 6 rugged crossmembers. It works together with the steel front bumper and a frame-mounted rear tow bar to provide a solid foundation for your on- and off-road exploits.
Ranger is the only truck in the Midsize Pickup class to offer an advanced turbocharged gas engine. As one of the most versatile, powerful and efficient gas powertrains in its class, the 2.3L EcoBoost® paired with its 10-speed partner is the only powertrain Ranger needs. The engine’s 16-valve design features chain-driven dual overhead cams, a twin-scroll turbocharger, a forged-steel crankshaft and connecting rods, cast-aluminum pistons, and an overboost function that lifts output on every gear change. It’s designed to play hard and smart. Because that’s a surefire path to a whole lotta fun.
RUGGED STEEL BASH PLATE

A 16-gauge high-strength-steel bash plate helps protect your radiator and other key vehicle components from damage caused by rock strikes, road debris and more.

28.7° APPROACH ANGLE

25.4° DEPARTURE ANGLE

21.5° BREAKOVER ANGLE

In low-traction situations, engaging the electronic-locking rear differential can send a 100% torque split to either rear wheel. It’s designed for use at speeds below 20 mph in most Terrain Management System modes. When in Sand mode, it can operate at speeds below 45 mph.

Head to where the rubber leaves the road. And keep on going. The FX4 Off-Road Package gives Ranger all the hardware and technology you need to get way out. Tough enough to tackle trails in all weather, Ranger FX4 makes its presence known with a prominent steel bash plate up front, and grip-enhancing all-terrain tires at all 4 corners. For even more bite, fit yours with the LT-rated tires. The Terrain Management System™ is combined with the Trail Control™ feature, an off-road tuned suspension, an electronic-locking rear differential, 3 skid plates, and an off-road display in the instrument cluster screen to help increase your off-road confidence.

The all-new Ranger FX4 is ready for all your adventures.

FX4 OFF-ROAD PACKAGE

Available feature.
TRAIL CONTROL

Designed for low-traction, off-road conditions, Trail Control™ acts as a low-speed cruise control, maintaining your selected speed from 1 to 20 mph. It manages acceleration and braking—sending power and braking to each individual wheel as needed—so you can keep your focus on steering while going uphill, downhill, or over rugged terrain. Trail Control can be engaged while Ranger is in 2H, 4H or 4L, and in combination with any of the 4 Terrain Management System™ modes, to help provide maximum traction when you venture beyond the pavement.

GO THERE

TERRAIN MANAGEMENT SYSTEM

Ranger features the only Terrain Management System™ in the class that works in both 4H and 4L, offering you seamless shift-on-the-fly confidence over all sorts of surfaces. Just tap the “TM” button to select any of the 4 modes. The system automatically calibrates engine responsiveness, transmission gearing, and vehicle control systems to provide the optimum traction, driveability and performance.

- **Normal** mode is ideal for everyday driving on wet or dry paved roads.
- **Grass/Gravel/Snow** mode lets the transmission deliver earlier upshifts and less aggressive engine torque distribution, limiting wheelslip to help improve traction on tricky terrain.
- **Mud/Ruts** mode allows powertrain torque to be a bit more aggressive, limiting transmission upshifts and letting the wheels spin to get you through the thick stuff.
- **Sand** mode uses more aggressive throttle progression and holds gears longer to help transfer optimized torque to the wheels. They can spin aggressively to maintain momentum and keep the fun going.

All-season, all-terrain adventure awaits.
GEARED TOWARD GETTING YOU TO THE FUN

Great memories are made in the great outdoors. We get it. That’s why you’ll find Ranger offers all the controls and comforts you need to arrive at your destination on schedule – and ready for action. Voice-activated Navigation\(^1\) features SiriusXM\(^1\) Traffic and Travel Link\(^1,2\) services to help you avoid traffic, find fuel and so much more. The innovative 10-speed automatic transmission is engineered to help ensure Ranger uses the right gear at the right time, including skip-shift and direct downshift capabilities. In Sport mode, SelectShift\(^\text{®}\) capability lets you toggle up or down on the side of the shifter to switch gears when you want. To get amped for the day’s adventures, dial up your go-to SiriusXM\(^1,2\) channel. The B&O Sound System by Bang & Olufsen\(^1\) pumps 675 watts of digitally processed sound through 10 high-performance speakers. Crank it up. And get gone.
YOUR KIND OF CABIN

Roomy. Comfortable. With just the right mix of amenities. Ranger SuperCrew® cabs seat up to 5, offering you a 3-passenger rear bench seat with a fold-down center armrest and 2 cupholders, plus under-seat storage. Able to carry up to 4 people, SuperCab features 2-passenger rear seating with covered under seat storage. For more cargo space, you can opt to delete the SuperCab rear seats, or remove them on your own as needed.

For easy startups in cold climates, there’s an engine block heater,\(^1\) a windshield wiper de-icer,\(^2\) and a rear-window defroster.\(^2\) Ranger is engineered to help you keep the adventure going – no matter the weather.

THE RIGHT TRUCK

FOR ALL KINDS OF ADVENTURE

2019 Ranger | ford.com

Our world is increasingly distracted. A few seconds is all it takes ... to lose focus. According to the National Highway Traffic Safety Administration (NHTSA), 94% of serious crashes are due to human error. To help you drive confidently so you can better enjoy your adventures, the all-new Ranger offers Ford Co-Pilot360™ Technology – a suite of standard and available driver-assist features that can start helping the moment you head out on the road.

**Standard Pre-Collision Assist with Automatic Emergency Braking (AEB)** includes Pedestrian Detection and Forward Collision Warning with Brake Support. It can automatically apply the brakes to help reduce the severity of, and in some cases potentially eliminate, a frontal collision with a vehicle traveling in the same direction, or a pedestrian detected ahead.

**Standard Rear View Camera** displays a full-color image on the LCD screen in the center of your instrument panel to show you what’s behind Ranger as you slowly back up.

**Standard Trailer Sway Control** can monitor the motions of the truck to detect trailer sway and selectively apply the brakes as needed to help you maintain control.

**Rain-Sensing Windshield Wipers** can be set to automatically help keep the view out of your windshield clear.

**Adaptive Cruise Control** can help maintain your choice of speed and preset gaps from the vehicle in front of you.

**Forward and Reverse Sensing Systems** can audibly alert you to objects detected near the vehicle at low speeds.
Ford Co-Pilot360™
This advanced suite of driver-assist technologies is engineered to help keep your adventures on track.
Standard on XLT and LARIAT

Auto High-Beam Headlamps¹ can help detect vehicle and street lights ahead of you, automatically switching between low and high beams as a convenience to you, and a courtesy to other motorists.
- XL, XLT, LARIAT

Class-exclusive BLIS® (Blind Spot Information System) with Trailer Coverage¹ warns you if it detects a vehicle in either of your blind spots while driving forward. The range of BLIS can be programmed and extended to include a trailer. When not towing, Cross-Traffic Alert¹ can notify you of vehicles approaching from the sides while in Reverse.
- XL, XLT, LARIAT

Pre-Collision Assist with Automatic Emergency Braking (AEB) includes Pedestrian Detection and Forward Collision Warning with Brake Support.¹²
- XL, XLT, LARIAT

Lane-Keeping System¹³ can apply steering wheel torque if it detects you drifting out of your lane. It can also use steering wheel vibrations to help alert you to return to your lane.
- XL, XLT, LARIAT

Rear View Camera¹ includes Dynamic Hitch Assist that can help you align with your trailer.
- XL, XLT, LARIAT

Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. Pre-Collision Assist with AEB can detect pedestrians, but not in all conditions and does not replace safe driving. See owner’s manual for system limitations. Lane-Keeping System does not control steering.
YOUR TECH, YOUR WAY

COMMAND IT

With your voice and your choice of display, SYNC® 3 voice-activated technology connects your tech with your Ranger, and puts you smartly in control with simple voice commands, or a quick tap or swipe of its 8” touchscreen. SYNC 3 AppLink® (above) gives you voice control of compatible mobile apps, too. Rather see your phone’s familiar interface on the big screen? Take your pick.

CONTROL IT

From nearly anywhere you go. Home? Hiking? You can remotely lock, unlock and start your Ranger with the FordPass™ app on your smartphone. Forget where you parked? Use the app to find your truck and check its approximate fuel range. Need gas? Find stations and compare prices. You can even find, reserve and pre-pay for parking in select locations. Questions? Contact expert Ford Guides via phone or live chat on your FordPass app. Apple Watch® user? You can start, lock and unlock your Ranger right from your wrist.

CONNECT IT

With in-vehicle Wi-Fi and entertainment for all. Before the mud dries on your boots, you and your road-trip companions can be posting adventure videos with the standard 4G LTE Wi-Fi hotspot. Its powerful antenna provides a strong connection for up to 10 devices at once – tablets, laptops, gaming systems and more – inside the truck and up to 50 feet away.

Apple CarPlay™ compatibility for your iPhone®

Android Auto™ compatibility

2019 Ranger | ford.com

1Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. 2Available feature. 3Certain restrictions, 3rd-party terms and data rates may apply. See your Ford Dealer for details. Commands may vary by phone and AppLink software. 4Requires phone with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. 5Certain restrictions, 3rd-party terms, or message and data rates may apply. See footnotes 4 and 5 on Standard Features page of Specifications, and your Ford Dealer for details. 6Requires active data service and compatible software.
GEAR UP FOR ADVENTURE

2019 Ranger XLT SuperCab 4x4. Saber. FX4 Off-Road and Sport Packages. Personalized with side window deflectors, 18" black machined-face aluminum wheels, wheel lock kit, black step bars, molded splash guards, adjustable bed rack and kayak carriers, and chrome exhaust tip by Ford Accessories. Ford Licensed Accessory. Available feature. Late availability.

RANGER IS ALL ABOUT FREEDOM

It’s purpose-built to help you go where you want, when you want, and take all the right gear with you. Whether you pick the SuperCab with a 6’ bed or the SuperCrew® with a 5’ bed, you’ll get plenty of cargo space and 6 in-bed tie-downs. Add a durable spray-in bedliner, or the Bed Utility Package with a rugged drop-in bedliner and a 12V in-bed powerpoint, as a solid base for other genuine Ford Accessories. You can also select from 3 different styles of pickup box tonneau covers.

Your choice of 3 truck racks by Yakima® provides the foundation for accessories designed to help you securely transport bikes, kayaks, SUPs and the like above the cargo bed, while stowing smaller gear such as helmets, paddles, backpacks and bivy sacks inside the bed. Choose from the Low-Profile Bed Rack or the Adjustable Bed Rack. Then, add a 2- or 3-person tent and other accessories by Yakima to turn your Ranger into a fully equipped launch pad for adventure.

More gear by Yakima: Awning • Small Basket, Medium Basket with Net, and Large Basket with Net • Hitch-Mounted Rack Extension • Cargo Box with Lock • Bike Carriers • Ski Carriers • Kayak, Paddleboard and Canoe Carriers • Tailgate Pads • Bed-Mounted Cleats

2 FordPass Connect includes complimentary 1-year subscription for remote features, excluding Wi-Fi hotspot, and starts with vehicle sale date (after which fees apply). Subscription is subject to compatible 4G LTE network availability. Certain restrictions, 3rd-party terms, or message and data rates may apply. Evolving technology/cellular networks may affect future functionality. Wi-Fi hotspot includes complimentary wireless data trial that begins upon AT&T activation and expires at the end of 3 months or when 3GB of data is used, whichever comes first, but cannot extend beyond the complimentary subscription period for remote features. To activate, go to www.att.com/ford.

3 FordPass smartphone app, for use with FordPass Connect, is available via download and compatible with select smartphone platforms. FordPass is on the App Store® and Google Play™. Learn more at fordpass.com. Message and data rates may apply.

4 Always wear your safety belt and follow airbag warning label instructions. *Weights shown are for properly equipped vehicle with required equipment and a 150-lb. driver. Weight of additional options, equipment, passengers and cargo must be deducted from this weight. For additional information, see your Ford Dealer.

With Pickup Box Delete option, payload rating is 2,080 lbs. and GCWR is 12,500 lbs.
AVAILABLE FEATURES AND PACKAGES:

SuperCrew® 4x4 shown.
Colors are representative only. See your dealer for actual paint/trim options. ¹Metallic. ²Requires Sport Package on XLT and LARIAT. ³Additional charge.
In the lab, a 4-post shaker table abuses Ranger to help identify any squeaks and rattles, so that they can be minimized.

**TORTURED. TESTED. TOUGH.**

Based on the same proven standards upheld by the legendary Ford F-150, Ranger testing extends from the lab to the proving grounds to intense real-world locations near and far.

**On the brutal Silver Creek track** at our Michigan Proving Grounds, robotic drivers punish Ranger with severe impacts on a relentless, round-the-clock schedule.

“We torture every component—from its high-strength-steel frame to its EcoBoost® engine to its cloth- and leather-trimmed seats—to ensure Ranger is ready for any season and nearly any terrain.”

— Rick Bolt, Ford Ranger Chief Engineer

Based on the same proven standards upheld by the legendary Ford F-150, Ranger testing extends from the lab to the proving grounds to intense real-world locations near and far.
New Vehicle Limited Warranty. We want your Ford Ranger ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordinet.com.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
