Thank you for your interest in the **2010 Transit Connect**. Included in this brochure you’ll find information about:

**ENGINEERING:** Transit Connect offers car-like comfort and economy in rugged-built van and wagon models providing a 1,600-lb. payload and lots of cargo space.

**EXTERIOR:** Compact dimensions and maneuverability let you can move in and out of heavy traffic and parallel park your Transit Connect as easily as a small car.

**INTERIOR:** Enjoy comfortable bucket seats, floor shifter and sporty instrumentation in a van with over 135 cu. ft. of cargo space — or wagon with 2nd-row seating.

**TECHNOLOGY:** Transit Connect offers the suite of high-tech productivity tools included in the available Ford Work Solutions™. Don’t work hard. Work smart.

**Dealer Information**

Find up-to-date contact information for your local Ford dealer. To visit a local dealer Web site and view a map of their location, click on one of the links below.

We’re sorry. There are no Ford dealers in your immediate area. If you would like to enter a new zip code and re-create your PDF, please go to the Custom Brochure page at: www.fordvehicles.com/brochures

**EXPERIENCED MY FORD YET?** Get an inside look at the benefits of Ford ownership at the My Ford owner Web site. It’s a one-stop spot for managing important vehicle information — 24/7, whenever you need it. It’s free to register for personalized maintenance schedules, incentives and offers, and much more. You can even access your Ford Credit information and online bill payment services. Log on to www.myford.fordvehicles.com to get started.
If the wrong set of wheels is holding back your business, you’re ready for the one-of-a-kind Transit Connect. This all-new, right-sized business vehicle combines the room and versatility of a van with the efficiency of a large car. So it can swallow cargo, sip gas\(^1\) and park in a tight space, all while standing out in a crowd.

\(^1\)Class is Small Van. EPA-estimated.

Vehicles throughout this catalog may be shown with optional or aftermarket equipment.
**the right size the whole world 'round**

Bred for the city, Transit Connect gets you in and out of tight spaces with agile maneuverability. Its low vehicle height lets you slide into parking structures that keep taller trucks out on the street. Plus, its economical size means that Transit Connect Van's curb weight is just 3470 lbs. – almost 1500 lbs. less than a full-size van. That's one big reason why it gets **22 mpg city/25 hwy**. Something you'll appreciate when you pass up the pump.

*Class is Small Van. EPA-estimated.*

---

[fordvehicles.com](http://fordvehicles.com)
The 2-seat Transit Connect Cargo Van provides a huge cargo box with all-around access, and near-vertical sidewalls let you make the best use of all that space. Sliding doors on both sides of the van let you load and unload the front half of the cargo area, or help position long items being loaded from the rear. Out back, 50/50 split rear doors swing 180° in standard trim, or available doors on articulated hinges (shown above) swing a full 255°. Transit Connect Van offers you 3 options for side- and rear-door panels: all glass, no glass or rear glass only. Inside, a flat loadfloor plus low side and rear liftover heights help take the stress out of loading and unloading. Any way you look at it, Transit Connect is wide open for business.

1 Supplied by aftermarket vendor contracted by vehicle owner or lessee. 2 When properly equipped. Van GVWR is 5005 lbs. Load rating represents maximum allowable weight of people, cargo and body equipment combined, and is reduced by the weight of the optional equipment.
the right wagon fits you and a crew

Choose Transit Connect Wagon if your business requires all hands on board. With room for 4 in XL trim, or 5 in XLT, both models feature folding 2nd-row seats for ultimate versatility. Plus, seats are designed for supportive comfort, and covered in durable cloth to help stand up to years of hard use. AdvanceTrac® with RSC® (Roll Stability Control™) provides enhanced vehicle stability in a wide range of conditions. All of which makes Transit Connect Wagon one very attractive business proposition.

1Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. For more information on AdvanceTrac with RSC, visit fordvehicles.com.

• up to 5-passenger seating
• load up to 118 cu. ft. of cargo behind the stowed 2nd-row seats
• load up to 78 cu. ft. of cargo behind the 2nd-row seats
the right layout means work goes easily

High style, quality materials, and plenty of storage make a great impression. Multi-stop comfort and convenience keep you at the top of your game. Available Nokia® Bluetooth® connectivity helps keep you in touch with your customers.¹ And standard air conditioning lets you chill between appointments. Now, if only your office was so comfortable.

¹Nokia Bluetooth system not available with in-dash computer and Tool Link™

A. Power windows, locks and heated sideview mirrors are standard on XLT Van and Wagon.
B. When activated, the optional Reverse Sensing System works automatically when slowly backing up or parallel parking. It senses certain objects up to 6' behind your vehicle, beeping more rapidly as you get closer.
C. Air conditioning and automatic transmission are standard.
D. Door pockets provide ample storage.
E. Standard overhead shelf comes with a retaining net.
F. Dash-top compartment keeps frequently used items handy.
**the right fit** for everyone

"The perfect option between a small SUV and a large commercial van."

"The Transit Connect is an idea outside the box – with ample room inside the box."

"The compactness of the Transit Connect means we can easily handle deliveries in narrow alleys and in tight city parking."
If there’s one thing that sets Transit Connect apart, it’s versatility. That becomes even more apparent when it’s upfitted with durable bulkhead partitions and flexible interior storage systems. Contact your dealer for these aftermarket upfits and more to fulfill your needs. When your Transit Connect is tailored to you, you’re more productive, and that’s good business.

Ship-through upfits shown are installed by Dejana Equipment Company or Commercial Van Interiors.
the right tech enables your mobile office

Ford Work Solutions™ puts full-function computing, telephone, Internet and navigation capability right in your Transit Connect. The available Crew Chief™ service by Microlise™ and Tool Link™ system by DeWALT® can also help you run your business remotely, track your tools and vehicles, even combat downtime and monitor fleet performance for top efficiency. Ford Work Solutions components are optional. Visit fordworksolutions.com for an in-depth look.

A. The in-dash Windows® CE computer is engineered for rugged service. It’s your command center for Internet access, hands-free telephone and more.
B. Generate work orders and more with the available wireless printer.
C. Turn-by-turn Garmin® navigation is included with the in-dash computer.
D. Ford Work Solutions Tool Link system by DeWALT uses Radio Frequency Identification (RFID) technology to track your tools. Scan the truck before you leave for a job to make sure you have what you need, then scan again at the end of the workday to see that all your gear is on board.
E. The in-dash computing system also includes a wireless keyboard with integrated touch pad.

1 Ford Work Solutions include Ford Licensed Accessories. See dealer for limited warranty details. To avoid distractions, some functions are disabled while vehicle is in motion.
2 Sprint subscription and 1-year agreement required.
3 Service offered by Microlise. Fee required.
4 Tool Link system cannot read tagged items stored in metal tool boxes.

fordvehicles.com
AdvocateTrac® with RSC®
(Roll Stability Control™)
is standard equipment on Transit Connect Wagon; optional on Transit Connect Van. AdvocateTrac with RSC® is the only electronic stability control system with a vehicle-roll motion sensor that measures the roll rate 100 times a second. Working with the Anti-lock Brake System, traction control and yaw control, the system automatically determines how to apply individual brakes and modify engine power to help keep all 4 wheels firmly planted.²

²Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. For more information on AdvocateTrac with RSC®, visit fordvehicles.com.

Transit Connect is certified to Ford Light Commercial Vehicle Durability Standards – with testing to 150,000 customer-equivalent miles.

All doors and accompanying hardware are tested for functionality and durability over a cycle of door opening and slamming equal to 205 TIMES A DAY FOR 2 YEARS.

Parts vibration testing, simulating the worst roads, helps ensure solid, reliable performance and long parts life.

Prolonged exposure to extreme temperatures across 55 countries has proven Transit Connect’s reliability in varying climates.

Testing affirms Ford Light Commercial Vehicle Durability Standards for wheels, tires, suspension knuckles, springs, shock absorbers, and underbody structure when taking on potholes and curbs.

the right choice delivers protection and reliability

The all-new Transit Connect is engineered and tested to thrive in conditions that are harder, faster and tougher than most of its drivers will ever see. It’s Built Ford Tough® on a rugged, commercial vehicle platform, with over 600,000 sold worldwide since 2003. Regular maintenance is simple, and the first spark plug change isn’t due until 90,000 miles.¹ Commercial customers can take advantage of outstanding support from our Business Preferred Network – top Ford Dealers who offer special services designed for businesses like yours.

¹Under normal driving conditions with routine fluid and filter changes.

**New Vehicle Limited Warranty.** We want your Ford Transit Connect ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile Bumper-to-Bumper Coverage, 5-year/60,000-mile Powertrain Warranty Coverage, 5-year/50,000-mile Safety Restraint Coverage, and 5-year/unlimited-mile Corrosion (Perforation) Coverage — all with no deductible. Please ask your Ford Dealer for a copy of this limited warranty.

**Business Preferred Network.** Each of the select dealerships in our Business Preferred Network (BPN) is committed to providing quality commercial-oriented products, as well as special financing and billing arrangements, to businesses that rely on Ford products. As a BPN customer, your business vehicles receive priority service at your BPN dealership, to help get your vehicle back on the road quickly.

**Extended Service Plan.** For a purchase or lease, the Ford Extended Service Plan (ESP) offers “Peace-of-Mind” protection designed to cover key vehicle components and helps protect you from the cost of unexpected repairs. Ask your dealer for more information, please visit our website at fordvehicles.com.

**Commercial Lending Services.** Our commercial purchase plans and lines of credit offer attractive rates, negotiable terms and business-friendly options. If you prefer to lease, our CommercialLeaseSM programs offer a wide variety of package options to meet your needs. For additional information, please visit our website at fordcredit.com/commercial.
