Are you raising a large family? Or running a small business? Maybe you’re tackling both. Either way, you know there’s power in numbers. Transit knows it, too. That’s why the 2019 Transit offers the most vehicle configurations in the class.¹

Passenger Vans offer 2 new seat configurations² this year: 5- and 14-passenger. Cargo Vans can seat 1² or 2 people and carry up to 487.2 cu. ft. of max. cargo, or haul up to 4,640 lbs. of max. payload.³ Your choice of 3 engines includes a twin-turbocharged 3.5L EcoBoost® V6² and a 3.2L Power Stroke® I-5 Turbo Diesel.² There are 3 roof heights: High Roof (HR), which features best-in-class interior heights, Medium Roof (MR) and Low Roof (LR). Plus, there are 3 lengths: Regular Wheelbase (RWB) and Long Wheelbase (LWB) options, and even an extended-length model (LWB-EL) to help meet your unique needs.

Inside, you’ll discover vinyl-, cloth-,² and leather-trimmed² seat offerings, plus SYNC®³ voice-activated technology² for your calls, music and more. Driver-assist technologies like Lane-Keeping Alert with Driver Alert,² and side-wind stabilization are designed to help you travel with confidence. And no matter which Transit you choose, you can rest assured it’s Built Ford Tough.²

---

¹ Class is Full-Size Vans based on Ford segmentation. Excluding other Ford vehicles. ² Available feature. ³ When properly configured. Passenger and cargo capacity limited by weight and weight distribution. Vehicles throughout this publication may be shown with optional and aftermarket upfit equipment and without standard antenna.
For plenty of low-speed torque and top-end power, the standard 3.7L engine features twin independent variable camshaft timing (Ti-VCT) technology to optimize combustion at all engine speeds. A CNG/Propane Gaseous Engine Prep Package readies it for an upfit to run on compressed natural gas (CNG), propane autogas, or as a bi-fuel vehicle that can switch between operating on gasoline and CNG or propane. A 6-speed SelectShift® automatic transmission and an auxiliary transmission oil cooler are standard on every Transit.

An excellent choice for those who need extra hauling capacity, the 3.5L EcoBoost® engine¹ boasts a best-in-class gas torque rating of 400 lb.-ft. It also features twin turbochargers that spool up more quickly than a conventional single turbo. The instantaneous low-end torque and 310 hp you get with this engine are the result of direct injection, which delivers a precise amount of fuel to optimize efficiency and power.

If your engine needs to run long hours under constant idling or stop-and-go conditions, the Turbo Diesel¹ delivers. For maximum flexibility, 90% of its peak torque is available from 1,500 to 2,500 rpm. Direct injection and a Variable Geometry Turbocharger combine to help optimize efficiency and deliver instantaneous power. And quick-start glow plugs offer fast startups at temperatures as low as -10°F.
WHERE COMFORT TAKES A FRONT SEAT.

Transit offers plenty of driver amenities engineered to ease your day.

A TILT AND TELESCOPING STEERING COLUMN is standard on every Transit to help drivers of varying statures feel confidently in command at the wheel.

10-WAY POWER, HEATED FRONT SEATS\(^1\) with lumbar support and inboard armrests are available in your choice of cloth or leather trim to help you ease into those early mornings.

RAINFALL-SENSING WINDSHIELD WIPERS\(^1,2\) can be set to automatically activate, helping keep your view ahead clear in wet or unpredictable weather conditions. Paired with the autolamp automatic on/off headlamps, this convenient feature is standard on XLT Passenger Vans.

POWER-FOLDING, HEATED SIDEVIEW MIRRORS\(^1\) help you keep track of what’s near either side of your Transit, even in inclement weather. You’ll really appreciate their short-arm design and power-folding capability in tight parking areas.

A REAR VIEW CAMERA is standard on every Transit to help make it easy for you to maneuver in Reverse. MR and HR models feature a high-mounted version that offers a broad, full-color view (below) from its high vantage point.

Passenger Van XLT. Charcoal cloth-trimmed interior. Available equipment. \(^1\)Available feature. \(^2\)System must be turned off before entering an automatic car wash.
STAY CONNECTED
ON THE MOVE

IT ALL STARTS HERE
This vibrant 6.5" touchscreen is the command center of SYNC® 3 voice-activated technology,1,2 which integrates your paired mobile phone with Ford Transit as soon as you start your van. Make calls. Send and receive text messages. And so much more. Just swipe left or right, or use simple voice commands, to help ensure that your life doesn’t miss a beat. SYNC 3 also features 2 smart-charging USB ports to help keep your devices powered up.

LINK YOUR APPS
SYNC 3 AppLink®3 links your favorite compatible mobile apps with your voice, giving you convenient control. iPhone® users can view the Waze™ app’s community-based navigation and traffic features on the large SYNC 3 touchscreen. Amazon Alexa users can access thousands of skills and services they enjoy on their Amazon Echo with the Ford+Alexa® app.

CONNECT YOUR iPhone
Apple CarPlay™ compatibility2,3 displays the iPhone interface on your vehicle’s touchscreen. Send and receive text messages by voice. Get directions. Access playlists from Apple Music®. Just ask Siri® for help. She already knows your voice.

CONNECT YOUR ANDROID PHONE
Android Auto™ compatibility2,3 displays the Android™ interface on your vehicle’s touchscreen. Get voice-guided navigation from Google Maps™ and Waze. Access your favorite music from your apps. Make calls. Send and receive messages. Just talk to Google Assistant™ and go.

MAP YOUR ROUTE
Voice-activated navigation2 delivers turn-by-turn directions and vivid 3-D maps on the SYNC 3 touchscreen. Pinch-to-zoom capability allows for a closer look. SiriusXM® Traffic and Travel Link®2,6 helps you avoid traffic – before you’re in the middle of it. It also provides fuel prices and station locations. Current and forecasted weather. Movie locations and showtimes. Plus, the scores of your favorite sports teams, and more.

CONNECT TO FORDPASS CONVENIENCE
With the FordPass™ smartphone app,7 you can find fuel and compare prices. Find, reserve and pre-pay for parking in select locations. Plus, get help 24/7 from our trained team of Ford Guides.

2019 Transit | ford.com

1Don’t drive while distracted. Use voice-operated systems when possible; don’t use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. 2Available feature. 3Certain restrictions, 3rd-party terms and data rates may apply. See your Ford Dealer for details. Commands may vary by phone and AppLink software. 4Certain Alexa functionality is dependent on smart phone and home technology. 5Requires phone with active data service and compatible software. SYNC does not control 3rd-party products while in use. 3rd parties are solely responsible for their respective functionality. 6Certain restrictions, 3rd-party terms and data rates may apply. See footnote 2 on page 17 and your Ford Dealer for details. 7Available via download and compatible with select smartphone platforms. Learn more at fordpass.com. Message and data rates may apply.
Whether you plan to share your vehicle with a family member or employees, Transit offers technologies designed to help keep all drivers confident behind the wheel.

**MYKEY® TECHNOLOGY** allows you to program ignition keys with reminders that help encourage smart driving habits like traveling at appropriate speeds, keeping the audio volume low and much more.

**TIRE PRESSURE MONITORING SYSTEM** is designed to alert you with a low tire pressure warning if one or more of your tires is significantly underinflated, so that you can stop and address the situation as soon as possible.

**HILL START ASSIST** helps prevent the vehicle from rolling as you remove your foot from the brake pedal to accelerate from a stop on a grade. It’s designed to momentarily maintain brake pressure until the engine produces enough torque to move your Transit uphill.

**SIDE-WIND STABILIZATION** joins AdvanceTrac® with RSC® (Roll Stability Control®) to help you handle sudden, strong side-wind gusts. Standard on every Transit, this system can apply the brakes on one side of the vehicle if needed to help you stay on your intended path.

**LANE-KEEPING ALERT** can detect lane markings and send vibration pulses to the steering wheel if it senses Transit drifting unintentionally out of its lane. If it detects you’ve crossed the line repeatedly, the Driver Alert feature can chime and display a coffee cup icon to suggest you take a break from driving.

**REVERSE SENSING SYSTEM** uses ultrasonic sensors to detect objects near the rear of the vehicle when in Reverse. The system emits an audible warning, increasing the rate of the tone as you move closer to the detected object.

1 Available feature.
2 Remember that even advanced technology cannot overcome the laws of physics. It’s always possible to lose control of a vehicle due to inappropriate driver input for the conditions. 3 Driver-assist features are supplemental and do not replace the driver’s attention, judgment and need to control the vehicle. 4 Lane-Keeping Alert does not control steering.
Every Transit engine is paired with our 6-speed SelectShift® automatic transmission, which offers a selectable tow/haul mode\(^1\) to help make both towing and hauling easy. When you engage this mode, it compensates for grade and load, and reduces gear hunting. The transmission also offers manual upshift and downshift capability, as well as progressive range select, which lets you reduce the available gear range for better performance in difficult road and/or load conditions.

**TRAILER HITCH ASSIST**, which is included with the rear view camera,\(^2\) displays guidelines to help you connect with a trailer.

**HEAVY-DUTY TRAILER TOW PACKAGE** gives Transit a maximum towing capability of up to 7,500 lbs.\(^3\) The package features a frame-mounted hitch receiver, tow/haul mode, trailer sway control, a 4-pin/7-pin connector and more.

**TRAILER BRAKE CONTROLLER (TBC)**\(^4\) can be added to vehicles equipped with the Heavy-Duty Trailer Tow Package and cruise control with the message center. The integrated TBC is designed to provide smooth and effective trailer braking by powering a trailer’s electric or electric-over-hydraulic brakes with a proportional output based on the pressure the driver applies to the brake pedal.

**NEW REAR RECOVERY EYE**, standard on models without the Heavy-Duty Trailer Tow Package, provides a solid mounting point for you to attach a tow hook or strap should the need arise.
With 3-point safety belts for every seat,¹ and 6 standard airbags¹ in the front row, including Safety Canopy® side-curtain airbags that cover all rows of seating, Transit Passenger Vans are engineered to help you travel safely. You’ll also find plenty of comfort and convenience features designed to help keep everyone happy on the go.

**POWER FOR YOUR DEVICES** can come from a 110V/150W AC power outlet² between the front-row seats, up to 2 smart-charging USB ports,² and the 12V powerpoints located in the instrument panel, center console, and the rear of the vehicle.²

**STORAGE SOLUTIONS** include a standard lockable glove box, several open bins, and 2 cupholders built into the instrument panel, plus roomy front-door pockets with space to stow a 20-oz. bottle. You’ll also find a cupholder in the center console, and at least one more in each row. A front overhead console (middle right), standard on MR and HR models, offers additional space to keep small items close at hand.

**LEATHER-TRIMMED FRONT SEATS**² feature 10-way power adjustability, heat and inboard armrests for the driver and front passenger (bottom right). In other rows, manually reclining seat backs² can each be adjusted independently for personalized comfort, and inboard armrests² fold down for support or flip up for easy entry and exit.

**POWER RUNNING BOARD**² automatically deploys when the rear passenger-side door is opened to help ease entry and exit, then returns to its stowed position when the door is closed.
SEAT YOURSELF + PLENTY MORE.

When it comes to seating, Transit Passenger Vans offer you all sorts of options, including 2 configurations that are new this year. The 5-passenger seating\(^1\) features room for 3 people in the 2nd row and 197.9 cu. ft. of cargo space behind them. 14-passenger seating\(^1\) features an open aisleway that extends to the 5th row of seats.

NEW SEATING CONFIGURATIONS on passenger models provide extra flexibility when configuring your Passenger Van interior. Select rows of seating are deleted, while leaving the seat attachment points in the vehicle.

RUGGED VINYL FLOORING, standard on XL and optional on XLT, can be washed clean with a hose if needed.

EXTENDED-LENGTH RUNNING BOARDS\(^1\) beneath both passenger-side doors provide firm footing to help your passengers enter and exit. Includes fixed driver's side running board.

BEST-IN-CLASS FACTORY-BUILT CARGO CAPACITY behind the last row of seats in 15-passenger LWB-EL models leaves you 100.5 cu. ft. of space to fill.

ROOF HEIGHT ADVANTAGES.

LOW ROOF (LR) is designed to fit in most garages.

MEDIUM ROOF (MR) helps make loading and unloading easy.

HIGH ROOF (HR) features best-in-class interior height that allows people up to 6'4" tall to enjoy an easy walk to their seats.

---

\(^1\)Available feature.
STAND AND DELIVER WITH TRANSIT CARGO VANS.

Whatever your day demands, there’s a Transit Cargo Van sized just right for you. Available in 3 roof heights – Low (LR), Medium (MR) and High (HR) – it offers the flexibility to work the way you want.

81.5" MAX. INTERIOR HEIGHT IS BEST-IN-CLASS. It makes it easy to stand upright and to carry the tallest items in Transit HR models. The 253° swing-out rear cargo doors open extra-wide to provide even better access than last year.

BEST-IN-CLASS GAS-POWERED MAX. CARGO CAPACITY of 487.2 cu. ft., and max. payload capacity of up to 4,640 lbs. on Transit HR LWB-EL Cargo Vans helps productivity by saving extra trips. This configuration also offers you a gross vehicle weight rating of up to 10,360 lbs.

D-PILLAR ASSIST HANDLES now optional with any roof height, help make getting in and out of the rear cargo area easy.

INTERIOR UPGRADE PACKAGE gives you durable Pewter cloth-trimmed front seats, plus the SYNC® Voice Recognition Communications and Entertainment System, a leather-wrapped steering wheel, cruise control, full-height polypropylene cargo area sidewall panels, rugged vinyl flooring, and more.

HEAVY-DUTY CARGO FLOORING replaces the rear vinyl flooring, when you order it with the Interior Upgrade Package, the Load Area Protection Package, or the Premium Package. It also includes a heavy-duty scuff plate kit installed by your dealership or upfitter.

2019 Transit | ford.com
PUT UPFITS TO WORK FOR YOU.

Your business is unique. Which is why we offer a full lineup of Built Ford Tough® Transit Cargo Vans with the modern practicality and exceptional versatility to suit your needs. Control up to 4 different aftermarket items such as auxiliary lighting, a compressor, and more with the upfitter switches conveniently located in the center of your instrument panel. You can also choose from 13 vocation-specific upfit ship-thrus – 12 of which are within 30 miles of the Kansas City Assembly Plant where Transit is built for prompt delivery. These smart solutions are from some of the best upfitters in the business, including:

- Adrian Steel®
- Masterack®
- Sortimo By Knapheide
- TransitWorks™

Explore all your options at transitupfits.com.
Colors are representative only. See your dealer for actual paint/trim options. ¹ Not available on XLT Passenger Van. ² Restrictions may apply. See your dealer for details. ³ Metallic. ⁴ Fleet only.

¹When properly configured. Passenger and cargo capacity limited by weight and weight distribution. ²Maximum towing ratings achieved with lowest roof height available. ³Not available on DRW. ⁴Not available on HR SRW. ⁵Not available on HR SRW, with the exception of the Ambulance Prep Package.
There's a standard of excellence at your local Ford Commercial Vehicle Center dealer, where our certified experts are ready to help you find the right Transit for your needs. The goal on every visit: to provide an industry-leading sales, service and finance experience. After helping you spec your vehicle, our knowledgeable staff will help ensure that every aspect of it is built to your precise requirements. We can also recommend the best way to finance your investment, as well as help maximize your “up-time” after the sale with prompt, specialized service. You’ll find extended hours and service discounts at our Service and Parts Department, along with a Parts Advantage program that helps us keep the fastest-moving fleet parts in your area in stock. To learn more and to locate your nearest Ford Commercial Vehicle Center dealer today, visit fordcommercialvehiclecenter.com.
New Vehicle Limited Warranty. We want your Ford Transit ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. The Ford 3.2L Power Stroke® I-5 Turbo Diesel engine gets 5-year/100,000-mile warranty coverage. Please ask your Ford Dealer for a copy of these limited warranties.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Commercial Vehicle Center. Each of the over 690 dealerships in our Commercial Vehicle Center (CVC) network is committed to providing quality commercial-oriented products and service, as well as special financing and billing arrangements, to businesses that rely on Ford products. As a CVC customer, your business vehicles receive priority service at your CVC dealership to help get your vehicle back on the road quickly.

Financial Services. Our commercial purchase plans and lines of credit offer attractive rates, negotiable terms and business-friendly options. If you prefer to lease, our CommerciaLease™ programs offer a wide variety of package options to meet your needs. For additional information, please visit our website at fordcredit.com/commercial.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you’ll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Protect™ Extended Service Plans. Whether you purchase or lease your Ford vehicle, insist on genuine Ford Protect extended service plans. Ford Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. Plus, they are fully backed by Ford and honored at all Ford dealerships in the U.S., Canada and Mexico. When you visit your dealer, insist on genuine Ford Protect extended service plans.

Insurance Services. Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvwip.com for a no-obligation quote. Insurance is offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

Ford Original Accessories. They’re warranted for whichever provides you the greatest benefit: 24 months/unlimited mileage, or the remainder of your Bumper-to-Bumper 3-year/36,000-mile New Vehicle Limited Warranty. Ford Licensed Accessories (FLA) are warranted by the accessory manufacturer’s warranty. FLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Ford Dealer for details and/or a copy of all limited warranties.
